REPORT.

To the Honorable the Board of Supervisors:

The Special Committee on Volunteering would respectfully present their

REPORT

of operations in filling the quota under the last call of the President for three hundred thousand (300,000) men, embracing a statement of their operations in raising the quota under that call; which, with reports heretofore submitted, forms a complete resumé of the business of this committee from the commencement of their operations in August, 1863, to the date of this report.

On the 28th of September, 1864, as stated in the report of your committee, of date October 1, all quotas demanded of the County of New York up to that time had been filled. This was verified by the official certificate of Brigadier-General William Hays, A. A. Provost-Marshal General for the Southern District of New York, who subsequently furnished your committee with a complete statement of the quotas under the calls of February, March, and July, 1864, with credits allowed, showing a surplus over all demands on the 30th of September of ninety-eight (98) men. The following is the statement:

(*Signed*) WILLIAM HAYS.

Brigadier-General Volunteers.

In their summary report of September 28, 1864, announcing that the quota under call of July 18, 1864, was filled, your committee stated, that unless otherwise directed by your honorable body, it was their intention to continue the work of recruiting, in anticipation of a further call.

In accordance with this announcement, the work of raising recruits was continued on the basis of the bounties which were being paid when the quota of July 18 was filled, viz.: One hundred and seventy dollars ($170) for one (1) year, two hundred dollars ($200) for two (2) years, and three hundred dollars ($300) for three (3) year men, with premiums or hand-money of one hundred dollars ($100) for one (1) year, and twenty dollars ($20) for two (2) and three (3) year men.

The number of men induced to enlist by these bounties was very small, averaging only about two (2) men per day. This paucity of numbers, it was believed, was greatly contributed to by the enlisting of men in this County for other localities, which was permitted by your committee at the solicitation of General Hays, and of the Governor (through Adjutant-General J. B. Stonehouse), when our own quota, under the call of July 18, was filled. The purpose of this permission, when first granted, was to facilitate adjoining townships in this State in filling their quotas under that call by enlistments, this County having filled its quota mainly by credits. But it was

understood that this permission was now being very much abused, and used for the purpose of enlisting men here for other States; therefore, on the fifteenth of October, your committee revoked their permission for recruiting in this County for other localities, in the following letter to General Hays:

COUNTY COMMITTEE ON VOLUNTEERING,
New York, October 15, 1864.

Brig.-Gen. WM. HAYS,
Acting Assistant Provost-Marshal General

SIR—

Understanding that the quotas of townships surrounding this County are about filled, and thus the object for which they were permitted to recruit and muster in this County being accomplished, I would respectfully recommend, on behalf of the Committe on Volunteering, that you now issue an order to the various Provost-Marshals in the County requiring them to muster in recruits for their serveral districts only. We have been and are now paying the County bounty for men raised in anticipation of any future call, and recruiting for this County is again likely to become brisk. For this reason, it is important that we should have at our own office the services of an experienced mustering officer, and we would be greatly obliged, and believe the public interests will be best subserved, if Lieut. Parker could be continued with us in that capacity, with a surgeon and the necessary clerical force.

We also propose to reopen the volunteer rooms on the Battery, and would be pleased if you would designate a mustering officer for duty there, with a Surgeon and the necessary clerical force.

Very respectfully, your obedient servant,

(Signed) O. BLUNT,
Chairman Co. Com. on Vol.

In accordance with the suggestions contained in this letter, General Hays issued an order confining the Provost-Marshals to mustering in men for their own districts. He also continued Lieutenant (now Captain) R. C. Parker, Twelfth United States Infantry, on duty at our office in the Park, and detailed Lieutenant Pyne for duty at the Battery office.

The number of recruits offering still continued small. Although the bounty of one hundred and seventy dollars ($170) for one (1) year was nearly double, in proportion to the bounty offered for two (2) and three (3) years men, it was found that of what men did offer a large proportion preferred the longer term of enlistment. In view of this fact, and as it was also understood that credits would be allowed on any future call for extra years of service, your committee concluded that it would be to the best interests of the County to discontinue the payment of one hundred and seventy dollars ($170) for one (1) year men, and to resume the old bounty of one hundred dollars

($100), thus placing the two (2) and three (3) years men on an equal footing with the one (1) year men. It was also thought proper to change the amount of premium paid from one hundred dollars ($100) for one (1) year, and twenty dollars ($20) for two (2) and three (3) years men, to twenty dollars ($20) for one (1) year, thirty dollars ($30) for two (2) years, and fifty dollars ($50) for three (3) years recruits. This change in the bounty was made on the 24th of October.

No further change was made in the bounties paid prior to the issuing of the call of the President, dated December 19, 1864, for three hundred thousand (300,000) men. That call was officially communicated to your honorable body in report of this committee, dated December 31, 1864, in which report your committee stated the number of men demanded of the County of New York (in addition to men previously furnished) to fill the quota under that call. The additional number demanded, it appeared by the circular of the Provost-Marshal General (embraced in said report), was four thousand four hundred and thirty-three (4,433) men.

It was also stated in that report that the fund previously created for raising volunteers was then almost exhausted. A further appropriation of two million dollars ($2,000,000) was recommended, and an ordinance therefor submitted, which was adopted. This ordinance, in consequence of technical errors, was repealed by your

honorable body, January 10, 1865, and a new ordinance adopted appropriating the same amount. (See Appendix "A," annexed hereto.)

This ordinance was without legislative sanction, and in consequence, it was found very difficult to obtain subscriptions to the loan authorized by it. Although a determined effort was at once made to raise the four thousand four hundred and thirty-three (4,433) men demanded of us, the meagre subscriptions to the loan greatly retarded operations. Because of want of funds to pay bounties, more than because of the lack of men willing to take it, the enlistments at this time were fewer than ever. But it was confidently believed that, as soon as the Legislature should legalize this loan, money would at once be obtained thereon, and we should speedily be enabled to raise the four thousand four hundred and thirty-three (4,433) men demanded. While laboring to achieve this end, and on the 24th of January, your committee were advised that the Provost-Marshal General had revised the quota of the County of New York, and that, instead of the four thousand four hundred and thirty-three (4,433) men heretofore called for to fill our quota, we were now to be compelled to raise twenty thousand (20,000) men. This startling fact was at once communicated to your honorable body in a brief report, dated January 24, 1865.

At the meeting of your honorable body at which that

report was presented, your committee was directed by resolution (see Appendix "A") to proceed to Washington, to endeavor to obtain some explanation in regard to the change in the quota.

This duty your committee at once proceeded to discharge, and on the 28th of January they laid before your honorable body (see report of this committee of that date) the new order of the Provost-Marshal General, demanding of New York twenty-one thousand and nineteen (21,019) men, instead of four thousand four hundred and thirty-three (4,433). Accompanying this was an explanation of the causes of this change in the quota, as near as could then be ascertained, and it was also stated that any abatement in the claim for twenty-one thousand and nineteen (21,019) men was likely to be refused.

This increase in the demand of the Government upon this County of course created great consternation among the people of this County. Its injustice was demonstrated by your committee, in report made to your honorable body at that time, and your committee's views were fully sustained, alike by the press and the public. But as there seemed to be no appeal from the demand, however unfair, there remained but the alternative for your honorable body and this committee to devise ways and means to raise the men. It was apparent that the two million dollars ($2,000,000) appropriated by the ordinance of January 10, to raise four thousand four hundred and

thirty-three (4,433) men, would fall far short of the sum which would be required now to raise twenty-one thousand and nineteen (21,019) men; and, as whatever sum might be appropriated would require legislative sanction, it was important that the necessary further appropriation should be made at once. Therefore, on the 1st of February, your honorable body adopted an ordinance appropriating the further sum of three million dollars ($3,000,000) for the payment of bounties. (See Appendix "A.") This made a total of five million dollars ($5,000,000) now appropriated to raise the quota of twenty-one thousand and nineteen (21,019) men demanded under the President's call dated December 19, 1864, for three hundred thousand (300,000) men.

The next step was to secure legislative sanction for the two ordinances of January 10 and February 1.

Efforts were at once made to obtain such legalization, and on the 10th of February the Legislature passed an act (being chapter 29 of the Laws of 1865), which legalized the loans authorized by the ordinances of the Supervisors of January 10 and February 1, and in all the subsequent acts passed by the Legislature of 1865 this legislation was confirmed. (See Appendix "B" for all acts of the Legislature of 1865 relating to bounties, &c.)

The number of recruits offering up to this time, at the bounties of one hundred dollars ($100), two hundred dol-

lars ($200), and three hundred dollars ($300), for one (1), two (2), and three (3) years men, respectively, had been so small as to be absolutely discouraging. Other localities, whose agents swarmed around our doors, were then offering as high as one thousand dollars ($1,000) for one (1) year men, being ten times the amount offered and paid by the County of New York. Public opinion now seemed to be unanimously in favor of an increase of bounty in New York. Chapter 29 of the Laws of 1865, already referred to, provided for a State bounty in place of local bounties, the amount fixed being three hundred dollars ($300), four hundred dollars ($400), and six hundred dollars ($600), for one (1), two (2) and three (3) years men, respectively. On the same day this law passed, your committee resolved to increase the bounty paid by them to correspond with the amounts fixed by the State law. The new bounties for two (2) and three (3) years men were just double what had hitherto been paid, while for one (1) year men the amount was trebled. The increase was from one hundred dollars ($100), two hundred dollars ($200), and three hundred dollars ($300), for one (1), two (2), and three (3) years men, respectively, to three hundred dollars ($300), four hundred dollars ($400), and six hundred dollars ($600), for the corresponding terms of service. The hand-money was also increased from twenty dollars ($20), thirty dollars ($30), and fifty dollars ($50), for one (1), two (2), and three (3) years men, respectively, to fifty dollars ($50), seventy-five dollars ($75), and one

hundred dollars ($100). The following was the resolution adopted by your Committee:

"*Resolved*, That the County of New York pay for a one (1) year recruit three hundred dollars ($300) bounty, and fifty dollars ($50) hand-money;

"For a two (2) years recruit, four hundred dollars ($400) bounty, and seventy-five dollars ($75) hand-money;

"For a three (3) years recruit, six hundred dollars ($600) bounty, and one hundred dollars ($100) hand-money.

"The bounty to be paid to the recruit, in his own hand, as provided in the State law relating to bounties (viz.: Assembly bill No. 115 of 1865), and the hand-money to the person who may present the recruit."

The increase in bounty and hand-money immediately gave a great impetus to recruiting. The number of men obtained at once rose from one (1) and two (2) per day to fifty (50) and seventy-five (75), and steadily increased. So great was the increase that additional mustering officers, &c., became absolutely necessary. They were at once requested in the following letter:

County Committee on Volunteering,
New York, February 15, 1865.

Brig.-Gen. E. W. Hinks,

Acting Assistant Provost-Marshal General,
Southern Division of New York:

Sir—

The Committee on Volunteering of New York County has increased its bounty to recruits to three hundred dollars ($300) for one year, with fifty dollars ($50) premium; four hundred ($400) dollars for two years, with seventy-five dollars ($75) premium, and six hundred dollars ($600) for three years, and one hundred dollars ($100) premium.

The increased bounty has greatly stimulated recruiting in this County. On Monday, we enlisted about fifty (50) men at the volunteer rooms, and yesterday nearly one hundred (100), besides almost seventy-five (75) men rejected each day, and we bid fair in the future to exceed these numbers. I am instructed by the County Committee on Volunteering to request that, in order to facilitate the work of recruiting at the volunteer rooms, you will detail another mustering officer to do duty there, with the necessary clerks, &c.

If you should not be authorized to employ the clerical aid, the County will provide for that at its own expense. If possible, it would be well also to detail at our office an

additional Surgeon, as we are unable to examine all who apply, with the force at our command.

Trusting that it may seem judicious to you to promptly comply with these suggestions,

I am, sir, very respectfully,
Your obedient servant,

(Signed) O. BLUNT,
Chairman New York Co. Com. on Vol.

This request of your committee was promptly complied with, and thus every facility given for mustering in the large number of men offering.

Of the men enlisting at this time, a majority still preferred the longer terms of service, and as each three (3) years man enlisted required an expenditure of seven hundred dollars ($700), it will be perceived what a heavy drain an average enlistment of one hundred (100) men per day made upon the volunteer fund.

The increased number raised gave hopes that, notwithstanding the large quota demanded of us, we might yet be enabled to fill it without resort to a draft. But in the meantime, while every effort was put forth to raise men, no means were left untried to secure that all due representations of the injustice believed to have been done this County by the change in the quota should be laid before the authorities at Washington. On the 31st of

January, your honorable body had fully considered the subject of the increased demand upon us, and had adopted sundry resolutions in regard thereto (see Appendix "A"), among others, one appointing a special committee to visit the national capitol, to urge our grievance in the matter of the revised quota, and to make a last appeal there for redress. How well that committee discharged the duty assigned them, and how utterly futile their efforts were, is fully detailed in the elaborate report submitted to your honorable body by them on the 28th of February. The result of that committee's labors was only to give assurance that the increased demand upon us would be insisted on to the last man. In proof that the premises taken by that committee and the conclusions arrived at were entirely correct, reference is made to the papers hereto annexed (Appendix "C") relating to the matters treated of in their report, and not embraced therein.

Now came the greatest trouble with which your committee had to contend. Men were still offering at the rate of one hundred (100) per day, when the funds entirely gave out. Although the appropriation was far from being exhausted, and the ordinances of your honorable body had the fullest legislative sanction, yet it was found utterly impossible to raise the necessary means. Comptroller Brennan, with the energy which has ever distinguished that officer, made urgent and repeated ap-

peals to capitalists and moneyed institutions to aid us, and your committee individually and collectively gave their assistance, a few public spirited citizens aiding the work, yet the amounts obtained were so inconsiderable as constantly to leave your committee in great embarrassment. The lack of funds now frequently compelled a discontinuance of the payment of bounties, and consequently there was a decrease in the number of men obtained. Of course it was impossible to hide the fact that we were greatly embarrassed for the want of funds. It became known to the government officials; and to add to our discomfort at this crisis, we were warned that, unless there was an increase in the number of enlistments, the draft would be enforced. On the 2d of March, the chairman of your committee laid before it the following letter, which had been received by him:

OFFICE A. A. PROVOST-MARSHAL GENERAL, AND
SUPERINTENDENT VOLUNTEER RECRUITING SERVICE,
SOUTHERN DIVISION OF NEW YORK,
New York, March 1, 1864.

ORISON BLUNT,

Chairman County Committee on Volunteering:

SIR—

It appears by the records of this office, that but nine hundred and thirty-seven (937) men were enlisted in the City and County of New York for the army and navy during the eight (8) days ending February 8, 1865.

In order to prevent any misapprehension, I deem it

proper to state that the present rate of enlistment will not fill the quota of the City districts within the time required; and unless recruiting increases, and the men are put in the service more rapidly, the draft will be commenced.

I am, sir,

Your obedient servant,

(Signed) H. F. BROWNSON,

Asst. Adjt.-Gen. & Asst. to A. A. P. M. Gen.

The chairman proposed to send the following reply thereto, to which the committee agreed:

COMMITTEE ON VOLUNTEERING,
New York, March 2, 1865.

H. F. BROWNSON,

Asst. Adjt. Gen. and Asst. to A. A. P. M. Gen.:

SIR—

Your note of yesterday's date, in relation to the progress of recruiting in this County, was received last evening. In reply, I have the honor to state, that I very much regret that, in your judgment, "the present rate of enlistments will not fill the quota of the City districts within the time required; and unless recruiting increases, and men are put in the service more rapidly, the draft will be commenced."

We commenced paying the increased bounty of six hundred dollars ($600) for three (3) years men, four hun-

dred dollars ($400) for two (2) years men, and three hundred dollars ($300) for one year men, on the 13th day of February, immediately upon being authorized by the Legislature to raise the means necessary to pay large numbers of men. From that date up to and including the 28th, being fourteen (14) days (exclusive of Sunday), we have paid bounties to the very large number of one thousand four hundred and fifty-nine (1,459) men, or an average of over one hundred and four (104) men per day, as follows:

	ARMY RECRUITS.	NAVAL RECRUITS.	SUBSTITUTES IN ANTICIPAT'N OF DRAFT.	TOTAL.
February 13.....	48	1	1	50
" 14.....	80	1	2	83
" 15.....	76	7	.....	83
" 16.....	96	19	7	122
" 17.....	71	17	6	94
" 18.....	79	12	3	94
" 20.....	122	18	8	148
" 21.....	93	27	10	130
" 22.....	94	7	7	108
" 23.....	82	8	10	100
" 24.....	110	21	6	137
" 25.....	59	10	6	75
" 27.....	97	17	11	125
" 28.....	90	10	10	110
Total, 14 days	1,197	175	87	1,459

The number raised the first seven (7) days was six hundred and seventy-four (674), being an average of about ninety-six (96) per day. The number raised the second seven days was seven hundred and eighty-five (785), being an average of about one hundred and twelve (112) per day—an increase in the average of the last seven days of sixteen (16) per day. This statement does not include substitutes in anticipation of the draft enlisted elsewhere than at our office in the Park, in regard to whom we are not advised, but of which there must have been quite a number.

This average is the largest we have ever reached since we commenced the business of raising volunteers in November, 1863.

From the 20th of November, 1863, to the 17th of March, 1864, inclusive, under the call for five hundred thousand (500,000) men, the whole number of newly enlisted men paid bounty was seven thousand nine hundred and ninety-five (7,995), being an average of a little over eighty-one (81) men per day. From the 18th of March to the 31st of May, 1864, under the call for two hundred thousand (200,000) men, the whole number of newly enlisted men paid bounty was five thousand four hundred and twenty-six (5,426) in sixty-four (64) days, being an average of a little less than eighty-five (85) men per day. Of these enlistments nearly one-half were for the navy, in which enlistments are now very much re-

stricted. The number for the army was an average of less than fifty (50) men per day.

From the 7th of July to the 30th of September, 1864, under the call for five hundred thousand (500,000) men, the whole number of newly enlisted men paid bounty was seven hundred and fifty-nine (759) in sixty-eight (68) days, being an average of a little over eleven (11) per day. From the 20th of November, 1863, to the 30th of September, 1864, we paid bounty on two hundred and thirty (230) days; and during that whole period there were only twenty-seven (27) days on which the gross number of newly enlisted men paid bounty reached one hundred (100), while the average for the whole two hundred and thirty (230) days was but a little over sixty-one (61) men per day.

It will be found, on investigation, that the average enlistments for the army under the existing call has been nearly double that of the most favorable period of enlistments during the past two (2) years; and considering the adverse circumstances under which we have labored up to this time, we are certain you must credit us with having used all due diligence in the matter.

We would also beg to call your attention to the fact that nearly all the men enlisted by us now are for three (3) years service, that the whole number of fourteen hundred and fifty-nine (1,459) men enlisted from the 13th to

the 28th of February represent about three thousand six hundred and forty-seven (3,647) years of service. The increase in the number of men raised during the last seven of the fourteen days preceding the 28th of February, as compared with the seven days preceding those, leads us to believe that there will be a corresponding increase in the future, more especially as we understood yesterday that the United States authorities have directed that all the recruits for the regular army enlisted here should be credited to this County.

In conclusion, permit me to suggest that if there is any means not adopted by us, by which in your judgment the number of men raised can be increased, we will gladly adopt it, upon its being made known to us.

Respectfully asking your consideration of these facts,

I have the honor to be, sir,

Your obedient servant,

(Signed) O. BLUNT,
Chairman N. Y. Co. Com. on Vol.

To this communication the following reply was received:

Office A. A. Provost-Marshal General and
Superintendent Volunteer Recruiting Service,
Southern Division of New York,
New York, March 3, 1865.

Orison Blunt, Esq.,

Chairman Committee on Volunteering:

Dear Sir—

I have the honor to acknowledge the receipt of your communication of the 2d instant, in reply to a note of Captain Brownson, A. A. G., written by my direction, in relation to the progress of recruiting in this County, and have perused with interest the elaborate array of statistics which it contains, exhibiting the comparative progress of recruiting in the City and County of New York, under the present and previous calls for troops; but its examination has not changed or modified my convictions that "the present rate of recruiting will not fill the quotas of the City districts within the time required."

It will be borne in mind that very great deficiencies, as compared with other districts in this division, exist in all the City districts, and that these deficiencies exist entirely for the reason that New York has been less actively or less successfully engaged in actual recruiting than the suburban districts. The draft has already commenced in all districts surrounding the City, and to further postpone its operations here, unless there is a prospect of the quotas being immediately filled by voluntary enlistments, would be an obvious injustice to those

districts in which the application of the provisions of the law is now being made.

Furthermore, it will be remembered that the previous quotas of the City districts have been filled to a very great extent with credits resulting from enlistments in the navy not made since the assignment of quotas under the enrolment law, and not contained in your exhibit of the progress of recruiting under those calls. Hence, the comparison made in your communication has no application to the results in filling the quotas, which now must be done by actual enlistment.

It was hoped that the postponement of the draft in this City would produce, on the part of the citizens, some effort commensurate with the amount of labor to be done to secure the filling of the quotas by volunteer enlistments, thereby speedily reinforcing our active victorious armies with some sixteen thousand volunteers, and thus removing the necessity for a recourse to the operations of a draft on the part of the Government.

To secure this result, every means of co-operation and assistance consistent with the interests of the service has, whenever suggested, been willingly adopted by the Provost-Marshal General, and by this office; but after trial, it seems that these hopes are not well grounded, for while yourself and a few persons have labored faithfully and efficiently to produce the desired result, the expectation

of a general interest being aroused, and an active effort being made on the part of the whole community, has not been realized; and instead of any indication being apparent that the quotas will be speedily filled, there is presented the conclusive evidence of your own figures that, at the present rate of recruiting, the quota will not be filled until the 1st of August next.

I know of no means by which the number of men raised can be increased, except the people, who have the greatest interest at issue, shall, by their efforts, give recruiting such an impetus as they only can create. Every consideration of patriotism and interest appeals to them to put their hands to the work. The beneficient and liberal provisions of the State law, by which every person who secures a substitute before the draft will receive six hundred ($600), four hundred ($400), or three hundred ($300) dollars bounty, for three (3), two (2) or one (1) years service of such substitute, respectively, while a drafted man can receive but two hundred and fifty ($250) dollars either for himself or his substitute, ought of itself make every able-bodied person, who is liable to draft, an active recruiting agent, while the large bounty paid by the State, in addition to the Government bounty, ought to induce all those who are not liable to the draft to enter or re-enter the service, and assist in the grand concluding campaigns of the war.

In reply, however, to your concluding remarks, I would

suggest that means be adopted to give the greatest possible publicity to the necessity of immediately raising men more rapidly, and to the liberal provisions of the State Government made for volunteers and substitutes; and that the people of the City be appealed to through the public press, and, if practicable, through public meetings, to devote one week to their country and their own personal interests, in labor to secure the filling the quotas of their own districts, and thereby relieve themselves from the evils of a draft. To this end, every facility will be extended from this department. Mustering officers and surgeons shall be provided in abundance, and that a fair test may be made, I think I may promise that no draft shall take place during the next ten days.

I am, sir,

Very respectfully,

Your obedient servant,

(Signed) EDW. W. HINKS,

Brigadier-General, A. A. Provost-Marshal General,

Superintendent Volunteer Recruiting Service.

On the 6th of March, at the meeting of your honorable body, the position of the County in regard to its quota, the financial difficulties your committee labored under, and the near prospect of the draft was fully explained. Resolutions were adopted (see Appendix "A") urging the people to aid in avoiding the conscription,

and directing your committee to issue an appeal to the people on this subject. In accordance with the instructions of your honorable body, your committee at once prepared and prominently advertised in all the public prints the following:

A DRAFT THREATENED!

Will the Citizens of New York aid in Arresting such a Calamity?

THE ASSISTANT PROVOST-MARSHAL GENERAL CALLS UPON THEM.

THE COUNTY COMMITTEE ON VOLUNTEERING APPEALS TO THEM.

TEN DAYS ALLOWED TO INCREASE RECRUITING.

Over Thirteen Thousand Men yet to be Raised.

The County Committee on Volunteering call the attention of every citizen to the letter appended hereto, from Brigadier-General Hinks, A. A. P. M. General and Superintendent of Recruiting Service, relative to the number of recruits now being raised in this County, and the prospect of a draft.

The committee have exhausted all means at their command for raising men. They have paid the largest bounty permitted by the laws of the State, or paid in any portion of the State. They have succeeded in re-

cruiting over one hundred (100) men per day; within the last seven (7) days they have averaged about one hundred and thirty (130) men per day, and within seventeen (17) days they have reduced the number of men to be raised nearly two thousand (2,000).

But there are yet more than thirteen thousand (13,000) men to be raised to fill the quota of this County, and to raise this number within a reasonable time requires not one hundred (100) men, but two hundred (200) men per day, at least.

While the committee and the Board of Supervisors, from which they derive their power, have individually and collectively given their whole time and attention to this work, it is to be regretted that the people of the County, who will suffer by the draft, have been lukewarm, and have rendered the committee no considerable assistance.

Even capitalists, who have most to fear from a draft, have been unwilling to aid to the extent of furnishing the necessary means to pay the men raised. The fund for paying volunteers is now nearly exhausted, and even one hundred (100) men per day can no longer be paid unless moneyed men and institutions subscribe the necessary funds.

The committee, in justice to themselves and the public, now make this statement, and appeal to the people to

so increase the number of recruits during the ten days grace allowed us that it will be reduced to a certainty that the quota can be filled within a reasonable time.

To avoid a draft two things are necessary:

First—That the bonds of the County for the purpose of paying volunteers be taken immediately; and,

Second—That the people at once lend their aid to the work of raising volunteers.

Especially, let every citizen, who has the means, provide himself with a substitute. He will thus exempt himself from draft, and help to fill the quota of the County. Substitutes can now be obtained at comparatively small cost, the State undertaking to reimburse all those who pay money for this purpose, to the extent of six hundred dollars ($600) for a three years substitute; four hundred dollars ($400) for a two years substitute, and three hundred dollars ($300) for a one year substitute.

Those who subscribe to the volunteer loan fund have not only the pledge of the faith and property of the County, but the additional security that the State will reimburse to the County the money thus expended.

It now remains with the people to avert the threatened calamity of a draft. Let them take the matter in hand. Let them assemble together in public council, and, after determining the best means to be pursued, put

those means into immediate execution. With the co-operation of the press and the active aid of the people, the committee hope, within the prescribed ten days, to give satisfactory evidence that more men will be procured by volunteering than can possibly be obtained by draft.

Following was the letter of General Hinks, referred to in the foregoing.

But all the efforts put forth by the County authorities did not keep your committee in funds, and it was found impossible even to raise money sufficient to pay the number of men who offered, and, of course, any increased number could not have been paid. In view of this fact, and of General Hink's letter of the 3d, your committee were not surprised to receive the following on the 8th:

OFFICE A. A. P. M. GENERAL AND
SUPERINTENDENT VOLUNTEER RECRUITING SERVICE,
SOUTHERN DIVISION OF NEW YORK,
New York, March 8, 1865.

ORISON BLUNT, Esq.,
Chairman County Com. on Volunteering,
New York:

SIR—

I have the honor to inform you that instructions have been received from the Provost-Marshal General to commence the draft in all the City districts on the 15th inst.

Very respectfully,
Your obedient servant,

(Signed) H. F. BROWNSON,
Assist. Adjt.-Gen., A. A. P. M. Gen.

This was made public, and seemed to somewhat awaken the people to the true condition of affairs. Public meetings were at once called in most of the wards, with the view of facilitating the work in hand, by the formation of ward associations; and ward subscription

lists were opened for the purpose of inducing enlistments, by the payment of extra hand-money, on account of the ward. But the subscription to the public funds, where the money was most needed,was not largely increased by this means.

This awakening of public feeling, however, helped to temporarily delay any positive proceedings in the actual enforcement of the draft, although it was well understood that the various Provost-Marshals had everything in readiness to begin the turning of the wheel at a moment's notice.

We had thus far exhausted every means which had been devised, both to secure the number of men demanded and to raise the means to pay them. In vain we appealed to the Government to take the corrected enrolment and revise the lists of men held to be liable to conscription in the hands of the Provost-Marshals, giving us credit for the large decrease in number which the new enrolment had positively determined to be due on the old enrolment, and thus secure us a corresponding reduction of the quota.

When the correction of the Fourth District enrolment was entirely completed, we had offered to turn it over, provided the Goverment officials, in accordance with previous understanding and agreement, would make the correction which it was clear should be made, and allow us

a corresponding reduction in the quota. But they would give us no such guarantee. As it was thus certainly determined that nothing would be allowed to intervene to prevent the Government obtaining the full number of men demanded of us in January, and therefore it was evident that just at this juncture further effort in this direction would be but an expenditure of money which could be better applied in paying volunteers, it was deemed expedient to discontinue that work.

On the 23d of March, at a meeting of the Common Council, his honor the Mayor sent in the following communication, covering a letter of Major Dodge (who had relieved General Hinks as A. A. P. M. General of this District), urging more active co-operation on the part of citizens in the work of filling the quota:

MAYOR'S OFFICE,
New York, March 23, 1865.

To the Honorable the Common Council:

GENTLEMEN—

I herewith transmit a copy of a letter addressed to me by Major R. I. Dodge, Acting Assistant Provost-Marshal General, wherein the belief is expressed that by the prompt action of our citizens, holding meetings in each ward, appointing recruiting committees, raising funds, &c., "the quota of the whole City can be filled without further draft, and without calling upon those already

drafted." I feel that it is unnecessary for me to attempt the portrayal of the distress which would pervade many a happy home-circle in our City if the severe requirements of the draft should be rigorously enforced. Major Dodge proposes measures which he believes will avert the necessity of such action. It is certainly to be hoped that his suggestions may realize the fact to our citizens; and to this end, as I am of opinion any such action should receive the co-operation and assistance of the municipal authorities, I have deemed it advisable to transmit to your honorable body a copy of his communication, and would recommend, in order to perfect an efficient organization, that meetings be called in the several wards for the purpose indicated, under the sanction of the members of both Boards of the Common Council, in their respective wards, and that the Common Council shall adopt such other measures as they may deem best calculated to advance the object sought—the relief of our citizens from the hardships of the draft.

(Signed) C. GODFREY GUNTHER,
Mayor.

[Copy.]

OFFICE A. A. PROVOST-MARSHAL GENERAL AND
SUPERINTENDENT VOLUNTEER RECRUITING SERVICE,
SOUTHERN DIVISION OF NEW YORK,
New York, March 17, 1865.

Hon. C. G. GUNTHER,

Mayor of New York City :

SIR—

I most urgently solicit the co-operation of the citizens of New York in the effort I am now making to fill the quotas.

No postponement or suspension of the draft will be made by the Provost-Marshal General, but he has placed it in the power of the citizens themselves to do this, by simply complying with his one condition: Keep the Board of Enrolment fully occupied in enlisting men, and they cannot, under their orders, make the draft. The neglect of this condition has resulted in a draft in a considerable portion of the City.

I believe the quota of the whole City can be filled without further draft, and without calling upon those already drafted; but the citizens must act promptly and vigorously. There has heretofore been but little interest manifested by the citizens at large in recruiting. They must now take hold.

I respectfully request that the citizens of each ward hold immediate meetings, appoint recruiting committees, raise funds, and take such other steps as shall seem to them most conducive to the great end of filling the ward quotas.

Recruits brought to the mustering officer by a ward committee shall be credited directly to that ward, whenever it can be done under section thirteen of the act approved March 3, 1865.

Ward committees will take their recruits for muster to the Provost-Marshals of the districts to which they belong. This, by keeping the Provost-Marshals fully employed, will have the effect of stopping the draft—by deferring it from day to day.

If the wards already drafted will keep the District Provost-Marshals occupied in enlisting recruits to go towards their quotas, the drafted men need have no fears of being called upon.

The Provost-Marshal General has placed the question of draft in the hands of the people themselves.

If they will give the six District Provost-Marshals full employment in recruiting, no draft will ensue, nor will the men already drafted be called upon to report; but whenever it shall appear that a Provost-Marshal is not fully

occupied in this way, the draft, under the orders, must inevitably take place. The ward quotas can be obtained by applying to District Provost-Marshals.

I am, Sir,
Very respectfully,
Your obedient servant,

(Signed) RICHARD I. DODGE,
Major Twelfth U. S. Infantry, A. A. P. M. Gen.

As stated by Major Dodge, the wheel had already revolved in some of the wards, and the conscripted stood in fear of being carried off. Of course, the poorer class only would suffer, the well-to-do being able to release themselves by furnishing substitutes. For those who could not pay for substitutes themselves there seemed no relief. As it was found impossible to raise money sufficient to pay volunteers, of course it was not to be expected that money could be raised to pay for substitutes from the public funds.

On the 25th of March, the following letter was received by your committee from Major Dodge:

Office A. A. Provost-Marshal General,
Superintendent Volunteer Recruiting Service,
Southern District of New York,
New York, March 25, 1865.

Mr. O. Blunt,

Chairman Supervisor's Committee,

New York:

Sir—

I have the honor to request that you will inform me, positively and immediately, what prospect there is of your obtaining and keeping on hand sufficient funds to pay bounty to two hundred volunteers daily. The arrangements for recruiting in the several wards had just been completed, and recruits were beginning to come in, when the whole thing is brought to a dead stop by the failure in the supply of funds.

However perfect the other arrangements for recruiting, men will not volunteer unless they receive the bounties. If, therefore, you cannot obtain the money to pay these bounties, it is useless to defer the draft longer. The Government does not desire to enforce the draft anywhere. It prefers that recruits come in voluntarily. But the men must be had immediately.

For myself, I have been exceedingly anxious to see this war ended without the necessity of another resort to the wheel in New York City. I have done all in my power.

The alternative is before the people of the City—the quotas must be filled immediately; if not with volunteers, then with drafted men. I must and will have the men.

I am, Sir, very respectfully,
Your obedient servant,

(Signed) RICHARD I. DODGE,
Major Twelfth U. S. Infantry,
A. A. Provost-Marshal General, &c.

We were now entirely at fault, out of funds, and threatened with an immediate enforcement of the conscription. Finding it useless to apply to capitalists, who, having already mostly supplied themselves with substitutes, had nothing personally to fear, and seemed to care but little for the poor man, who would be compelled to go if drafted, there seemed now to be but one way to obtain relief. That way was to obtain aid from the State. The law passed February 10 provided for the reimbursement of Counties by the State for its expenditures in raising men under this call. New York County was entitled, under that law, to be reimbursed to the extent of over two million dollars ($2,000,000), which had already been expended in bounties.

An appeal was at once made to the State Paymaster-General for even a small portion of the amount due us under this law from the State. But it appeared that the State was little better off than we were; for, although the

State law passed February 10, it was not until the 28th of March that we received any encouragement from the State authorities. On that date we received a dispatch from the State Paymaster-General, stating that further bounty laws had been passed by the Legislature—chapter 41 and 56, Laws of 1865 (see Appendix "B")—and that he hoped to be enabled to aid us soon. It afterward appeared that the law of February 10 was not deemed sufficient by capitalists to warrant any loan to the State, and hence the additional laws referred to had to be enacted, before any money could be raised on State bonds.

This was but a crumb of comfort, but such as it was, it was all the reply we could give Major Dodge to his letter of the 25th of March, which we had delayed answering, hoping to be able to assure him that we should at once receive money from the State. The following was sent to Major Dodge:

County Volunteer Committee, }
New York, March 29, 1865. }

Major Richard I. Dodge,

A. A Provost-Marshal General:

Sir—

I have delayed answering yours of the 25th until I should be able to give you a definite reply. I have the honor to state that, although the County is not now in funds to pay bounties, we hourly expect to be able to resume payment.

The following dispatch from the State Paymaster, in reference to the bounty fund due the County, was received yesterday, and is appended for your information:

"ALBANY, March 28.

"Hon. O. BLUNT,

"*Bounty Committee:*

"Bounty bill has passed. Hope to be able to aid you soon. "S. E. MARVIN,

"*P. M. Gen.*"

I am, Sir,

Very respectfully,

Your obedient servant,

(Signed) O. BLUNT,

Chairman.

This did not appear to be sufficiently assuring to Major Dodge, as orders for the completion of the draft, of which the following is a specimen, were at once issued:

OFFICE OF THE A. A. PROVOST-MARSHAL GENERAL, }
New York, March 30, 1865. }

Captain F. C. WAGNER,

Provost-Marshal,

Seventh District, New York:

CAPTAIN—

On Saturday, April 1, you will proceed to complete the draft in the Eleventh Ward. Drafted men will be noti-

fied as follows: The one hundred and twenty-five first on the list will report on Thursday, the 6th day of April; the one hundred and twenty-five next on the list on Friday, the 7th, and so on—one hundred and twenty-five each day, until the whole ward is completed.

Drafted men accepted into service by the Board will be held, and no further extension of time will be allowed. Substitutes for men so held can be obtained up to the time of their leaving the draft rendezvous at Hart's Island for the front.

The examination and acceptance of volunteers and substitutes will be always the first duty of the Board of Enrolment.

The drafting and acceptance of men ordered to report will be second in importance to the acceptance of recruits (volunteers and substitutes); but the moment the latter business slackens, the former will be continued as ordered.

The order of the Provost-Marshal General to be kept fully occupied, will be strictly and literally enforced.

In your daily reports you will give the details of your work.

I am, Captain,
Very respectfully,
Your obedient servant,

(Signed) R. I. DODGE,
Major Twelfth Infantry, A. A. P. M. Gen.

On the orders, of which the foregoing is a specimen, the draft was actually commenced.

The effect produced on the public mind, in view of the prospective immediate enforcement of the conscription, can be best judged of by the following communication, which, on the publication of the above orders, was at once sent to the Common Council by his Honor the Mayor:

MAYOR'S OFFICE,
New York, March 31, 1865.

To the Honorable the Common Council:

GENTLEMEN—

In view of the rigorous conscription now in process of enforcement, and the evils which may ensue therefrom, I consider it my duty to recommend your honorable body to apply to the Legislature for authority to issue bonds, based on the credit of the corporation, to the amount of twenty millions of dollars, for the purpose of raising means to secure volunteers, and thus alleviate the burden of military service now so unequally imposed, and prevent the distress and horror that must follow the execution of a measure that seems otherwise inevitable. I am in the hourly receipt of communications from poor mechanics and laboring men, who have been drafted, lamenting the fate which will compel them to leave behind destitute and suffering families.

(Signed) C. GODFREY GUNTHER,
Mayor.

This communication was presented to the Board of Councilmen on the day of its date, and was by them referred to a special committee, who, on the 3d of April, made the following report, which was adopted by the Board:

"The undersigned, a special committee of the Board of Councilmen, to whom was referred the annexed message from his Honor the Mayor, recommending the Common Council 'to apply to the Legislature for authority to issue bonds based on the credit of the corporation, to the amount of twenty million dollars ($20,000,000), for the purpose of raising means to secure volunteers, and thus alleviate the burden of military service now so unequally imposed, and prevent the distress and horrors that must follow the execution of a measure that seems inevitable,' would respectfully report—

"That they have carefully considered the proposition contained in this message, and are pleased to find the chief magistrate so solicitous upon a subject which at this time demands the attention of every official and every citizen. Conscious of the suffering which must be entailed upon the poorer classes of the community by the full execution of the conscription now in progress, your committee would willingly approve this or any other measure which could be devised reasonably calculated to avert the threatened calamity.

"But to this proposition of his Honor the Mayor there

are several objections, which seem to your committee insurmountable.

"*First*—There remain but a few days of the present legislative session, as the hundred days will expire on the 11th instant, and to introduce any new bill at this late day would require unanimous consent.

"*Second*—Such unanimous consent cannot be expected, inasmuch as the Legislature has spent much of the present session in perfecting a law covering the whole subject of bounties to volunteers and relief to drafted men in this State, and the proposition of his honor the Mayor would be in apparent conflict with that law.

"*Third*—The County has authority and has adopted the usual measures to raise the necessary means to relieve this City from the draft; but although the Board of Supervisors, the County Committee on Volunteering, the Comptroller, and the Common Council itself, have urgently appealed to capitalists to take the loan for this purpose, the amount subscribed has been entirely inadequate to accomplish the object in view. While there is believed to be a sufficiency of men ready to volunteer to supply the requirements of the Government, the execution of the draft can only be ascribed to the lukewarmness of capitalists in furnishing means for this patriotic purpose. If the State, as is understood, cannot raise the thirty millions of dollars ($30,000,000) bounty fund au-

thorized by the new law, nor the County the comparatively insignificant amount of two millions of dollars ($2,000,000), it is not probable that the City could raise the twenty millions of dollars ($20,000,000) proposed, even if they were to receive the necessary legislative authority.

"*Fourth*—For two years the County authorities have had in charge the business of raising the quotas of this County, and are now at work endeavoring to avert the draft. It is doubtful whether at this time the action proposed by his Honor the Mayor could be productive of substantial good.

"If the Common Council were at this late day to take the matter in hand, it might have a tendency to complicate the business, and rather impede than assist the accomplishment of the desired end.

"In view of these facts, your committee offer for adoption the following resolution:

"*Resolved*, That the special committee be discharged from the further consideration of the communication of his Honor the Mayor, and that the same be ordered on file.

"All of which is respectfully submitted.

"ABRAHAM LENT,
"JOHN HEALY,
"JAMES G. BRINKMAN, } *Special Committee.*"

There was as yet no prospect of funds from the State. It was now generally understood that the State authorities found it quite as difficult to realize money on the bonds of the State as it had been found by the County authorities to realize on the bonds of the County. It was thought, however, that if the County could obtain some of the State bonds, we might be able to sell them, and thus replenish our exhausted funds.

On the 1st of April, your honorable body adopted a resolution (see Appendix "A"), calling on the Governor to transfer to the credit of this County two million dollars ($2,000,000) of the State bonds authorized to be issued under the State bounty laws of 1865, and the following dispatch was sent to his Excellency:

HEADQUARTERS CO. COM. ON VOLUNTEERING,
New York, April 1, 1865.

His Excellency, REUBEN E. FENTON,
Governor State of New York,
Albany, New York:

The draft in this County is in progress, and it is threatened to carry the men away. We think we could readily raise all the men required if we had the money. We are entirely without means.

There is due this County now about three million dollars ($3,000,000) under the State bounty law. You informed me yesterday that you had not money sufficient

to reimburse this County the amount due in cash. Will you reimburse the County for the moneys thus far expended in State bonds? If so, under instructions of the Board of Supervisors, I would respectfully request that you will at once cause to be issued to the credit of this County the sum of two million dollars ($2,000,000) on account of the amount due us, or so much thereof as you may deem consistent, and the Comptroller will give his receipt for the same. Please answer immediately.

Very respectfully,
Your obedient servant,

(Signed) ORISON BLUNT,
Chairman New York Co. Com. on Vol.

The following dispatch was received in reply:

ALBANY, April 1, 1865.

ORISON BLUNT,
Chairman N. Y. Volunteer Committee:

Answer to your despatch of this date, I understand from Comptroller that bonds are ready. My Paymaster-General will pay bonds to City and County of New York, upon proof being furnished, as required in his circular of March 30.

(Signed) R. E. FENTON.

Shortly after, we received instructions as to the proofs required to obtain reimbursement for our claim against

the State. (These instructions will be found appended, marked "D.") Within twenty-four hours from the time the blanks were received, we had prepared and presented our first claim for reimbursement. This was at once honored, but instead of receiving all money, as we had hoped, we obtained but fifty thousand dollars ($50,000) in cash, the balance being in bonds. This fifty thousand dollars ($50,000) was all the money which we obtained from the State by way of reimbursement, from first to last; it did not last one day, and, as the State bonds at that time were found to be no more saleable than County securities, our last resource failed us.

Previous to this time, a large proportion of the recruits enlisted in this County had been mustered in at the rooms of your committee, mainly because they refused to go elsewhere; and of one hundred (100) men a day enlisted, at least eighty (80) were mustered at our office, while but about twenty (20) would be enlisted at the offices of the six Provost-Marshals. Of course this left the Provost-Marshals with little or nothing to do. On the seventh of April, your committee received the following communication on this subject:

New York, April 6, 1865

To Hon. Wm. M. Tweed,

President of the Board of Supervisors:

Dear Sir—

The undersigned, representing the drafted men and citizens of their several districts, desire in the most re-

spectful manner, to urge upon you, and through you the members of your honorable body, the necessity of taking *some action* to assist in relieving them from the clutches of the Provost-Marshals. We have been authoritatively informed that Major Dodge, the Provost-Marshal General of this district, has positively stated, that if his assistants are kept "reasonably busy" mustering recruits, the draft will not be enforced; that that is the *important and only one condition* upon which a practical postponement of the draft can be effected. To reach this result, it is very generally believed, if the efforts to obtain recruits that are now being made through the County Volunteering Committee in the Park, at the Battery, and other places, were discontinued, or even *modified*, in such a way as to enable such recruits received at those places to be examined, mustered in, and paid at the District Provost-Marshals' offices, that the result so earnestly desired would be most certainly accomplished.

We are also authoritatively informed that the capacities of the several Provost-Marshal's offices in this City, for mustering men, are twenty-five (25) per day.

We are further informed that twenty (20) men furnished per day at each of the district offices will certainly keep the Marshals reasonably employed. There being six (6) of such offices, it will be seen at once that the average recruits, substitutes, and volunteers have heretofore exceeded the aggregate required, viz.: one

hundred and twenty men per day. In calling your attention thus earnestly to the subject, we desire to disclaim all intentions of questioning the purity of purpose and integrity of action that have marked the efforts of your honorable body, thus far, in providing for the emergencies of the draft; but we would be false to our convictions of duty, to our families, and those dependent upon us, if we did not firmly present our claims to your attention, and request an earnest consideration of the subject at the very earliest practicable moment.

Anxious to avert the calamity threatening under the progressing draft, of the taking of unwilling men from their homes for the army, and determined to try any experiment likely to aid in the end to be achieved, your committee at once adopted the following preamble and resolutions:

"*Whereas*, It is stated that the Government authorities express a willingness to forego the enforcement of the draft in this County, so long as the various Provost-Marshals shall be kept "reasonably busy" mustering in recruits; and

"*Whereas*, Urgent appeals have been made to this committee, to the end that all the labor of examining and mustering recruits shall be thrown upon the various Provost-Marshals, with the view of keeping them "reasonably busy," and thus leaving them no time to proceed with the draft; and

"*Whereas*, This committee is now, as it always has been, ready to adopt any measure which may be deemed judicious and calculated to achieve the end in view, of preventing our citizens from being conscripted; and

"*Whereas*, This committee has always kept the Provost-Marshals supplied with the necessary means to pay all the men offering at their several offices, when there were funds sufficient for that purpose, and the present proposition but requires an extension of that system, and that

the Provost-Marshals shall be required to examine and muster in all the volunteers offering for their respective districts; therefore, be it

"*Resolved*, That all recruits hereafter applying at the offices of this committee, in the Park and at the Battery, for enlistment, shall be examined and mustered at the offices of the various Provost-Marshals of the districts to which such recruits are entitled to be credited, the same as substitutes now applying at these offices are examined and mustered; this arrangement to take effect on and after Monday next, and to continue as long as it shall appear that it tends to keep the Provost-Marshals "reasonably employed," and that the whole number of recruits is not diminished thereby.

"*Resolved*, That the Provost-Marshals of the various districts be requested to muster all recruits for the regular army and navy, as well as volunteers, and in case they have not the power to so muster, this committee will, as heretofore, provide that they be mustered in by the proper officer."

But this expedient was of little avail. The Provost-Marshals could not be supplied with funds sufficient to pay all the men offering. But even of the number to pay whom funds could be raised, it was with difficulty they could be induced to enlist anywhere but at the committee's rooms, so great was the confidence of those enlisting that with us they were sure to be justly dealt by.

The draft was now in progress all over the City, the wheel had turned in nearly all the sub-districts, and the conscripted were in constant fear that they might be called on and taken away.

A cloud seemed to rest upon our threatened people. There was just one gleam of light in the continued success of the Union armies, and hope was entertained that our triumph would speedily become so thorough, that instead of the demand for men being enforced it would be found that no more men would be needed.

This hope was universal. It was seized upon by the local associations as a cause which should operate to relieve us from the draft, and the Chief of the Advisory Board of the Twenty-second Ward Association applied to Major Dodge to know whether our own recent victories might not relieve us from the conscription. But, although that impression was not confirmed by the reply of Major Dodge, the hope of relief from this cause did not die out. The following was Major Dodge's reply:

OFFICE OF A. A. PROVOST-MARSHAL GENERAL,
SUPERINTENDENT VOLUNTEER RECRUITING SERVICE,
SOUTHERN DIVISION OF NEW YORK,
New York, April 8.

Col. R. D. GOODWIN,

Chief of the Advisory Board, &c.:

SIR—

Yours of the 6th instant is received. I regret that the people of the Twenty-second Ward have formed so erro-

neous an impression of the results (to them, as connected with the draft) of our recent victories.

I have no reason to think that New York City will not be required to fill her quota under the last call. On the contrary, I believe the men to be necessary, and that the Government will exact them.

Orders have been given, and arrangements made in every district, that the moment the Provost-Marshal finds himself not fully occupied enlisting volunteers and substitutes, he proceed with the duties connected with the draft.

Unless ordered to the contrary by the War Department, I shall exact of New York City every man of her quota, and the sooner the people make up their minds that the men must be furnished, the better it will be for all concerned.

I am, Sir, very respectfully,

Your obedient servant,

(Signed) RICHARD I. DODGE,

Bt. Lt.-Col. U. S. A., A. A. P. M. G.

Truly, this was the darkest hour just before the dawn. Even the last hope that the success of the Union arms might save us was dying out, when suddenly the great weight of anxiety, which had fallen like a pall upon

the people in view of the draft, was removed. An order was issued to discontinue all recruiting for the army and navy. This was the brief announcement:

[Circular No. 47.]

NEW YORK, April 14, 1865.

In compliance with instructions received from the bureau of the Provost-Marshal General of the United States, the business of recruiting and drafting will be discontinued in this district until further orders.

By order of

(Signed) RICHARD I. DODGE,
Brevet Lieutenant-Colonel.

Probably nothing could have added to the intense satisfaction of our people, in view of the acknowledged virtual suppression of the rebellion, as did this order, which relieved them from all fear of the conscription. It was indeed an occasion of universal joy to the citizens of the County of New York.

In view of this order, your committee at once held a meeting, and adopted the following resolution:

Resolved, That all business in the way of recruiting be suspended from and after this date.

This resolution was adopted on the 14th of April, and on that day the last volunteer for the County of New

York was paid his bounty, and the account with the Government, under the President's call of December 19, 1864, for three hundred thousand (300,000) men, closed.

Your committee, in this as in former reports, have endeavored to confine themselves to simple facts, desiring to make only a complete record of the business intrusted to their care.

Following, under proper headings, will be found such statements in relation to the raising of the quota under the call of December 19, 1864, as were inappropriate for the brief historical sketch preceding this. The subjects treated of are as follows:

I. The Army Enlistments.

II. The Naval Enlistments.

IV. The Veteran Reserve Corps.

V. Substitutes in anticipation of the Draft.

VI. Recruiting for other localities.

I. The Army Enlistments.

The enlistment of recruits for the army at the rooms of your committee, under the last call, was in charge of Captain Richard C. Parker, 12th U. S. Infantry, who had been in service at the committee's headquarters since January, 1864. Towards the close of recruiting, when the number of men offering became largely increased, Captain Parker was assisted by Lieutenant G. Van Schaick Aiken, 8th U. S. Infantry, Major August Thieman, 12th U. S. Infantry, Lieutenant Robert J. Ward, 1st U. S. Cavalry, Lieutenant C. M. Pyne, 6th U. S. Infantry, and Lieutenant Hanson E. Weaver, 8th U. S. Infantry; Lieutenant Pyne being principally employed at the branch office at the Battery.

All these mustering officers very faithfully discharged their duties, but especially is the County indebted to Captain Parker for his long and valuable services. Though an anxious applicant for more active duty, your committee found his assistance so indispensable that they prevailed on the Government authorities to continue him with us.

The medical examinations for the army were in charge of Dr. William F. Browne, who was in service at the committee's rooms from May, 1864. He was assisted dur-

ing the time when the largest number was enlisting, by Dr. James McNulty; Dr. Moses was in attendance at the Battery. Something of the magnitude of the labor devolving upon these gentlemen may be imagined from the fact that the number enlisted represented only about one-third of the number rejected. To demonstrate how well these gentlemen discharged their duty needs only the statement that, of the many thousand men enlisted by your committee, not over half a dozen of the whole number were discharged for disability at the time of their passing medical examination, and of these few, nearly all were for causes which might easily escape the most careful examination.

The number of volunteers enlisted for the army under the last call was five thousand four hundred and twenty-four (5,424); of re-enlisted men, one hundred and thirty (130), making a total of five thousand five hundred and fifty-four (5,554). There was paid in bounties and hand-money to volunteers two million six hundred and one thousand one hundred and fifty-five dollars ($2,601,155); to re-enlisted men thirty-nine thousand two hundred and forty dollars ($39,240), making a total of two million six hundred and forty thousand three hundred and ninety-five dollars ($2,640,395). There were also enlisted through our office for the army five hundred and fifty-four (554) substitutes, making the total enlistments for the army six thousand one hundred and eight (6,108) men.

II. The Naval Enlistments.

Up to the middle of October, the regulations in regard to enlistments in the navy had been such that your committee had been unable to devise any means by which the bounty could be paid with facility to men enlisting in this branch of the service. The regulations which required that men should undergo their final examination on board the receiving ship, of course necessitated the withholding of the bounty until they had actually passed their examination on board of the vessel. This system had given so much trouble and dissatisfaction in raising recruits under the preceding call, that your committee were loth to again commence paying bounties to naval men under such disadvantageous circumstances. But as many men were offering for the navy, it was endeavored to procure the re-establishment of the rendezvous for final examination at our own office, instead of on board ship. A telegram was first addressed to the Navy Department, with a view to ascertaining whether men were needed for that branch of the service, as follows:

COUNTY COMMITTEE ON VOLUNTEERING,
New York, November 22, 1864.

Mr. Fox,

Assistant Secretary of Navy:

SIR—

Does the Navy Department require men for the service? We are having a great many applications to ship sea-

men, ordinary seamen, and first and second class firemen. This County is now the only one paying bounties; and hence all who desire to enlist are applying to us. The bounties paid by the County are liberal, viz.: Three hundred dollars ($300) for three (3) years; two hundred dollars ($200) for two (2) years, and one hundred dollars ($100) for one (1) year.

We have no doubt that we could make such arrangements for these shipments as would prove entirely satisfactory both to the department and to the County. Please answer immediately.

(Signed) O. BLUNT,
Chairman N. Y. County Com. on Vol.

The following reply was received:

NAVY DEPARTMENT,
BUREAU OF EQUIPMENT AND RECRUITING,
Washington, Nov. 22, 1864.

SIR—

Your telegram of this date, to the Secretary of the Navy, has been referred to this Bureau.

The department will co-operate with you in any arrangement by which seamen, ordinary seamen, and firemen may be enlisted in the navy.

As many of the above rates as offer will be accepted. Government bounty is still paid to naval recruits.

Respectfully,
Your obedient servant,

(Signed) A. N. SMITH,
Chief of Bureau.

Hon. Orison Blunt,
Chairman Com. on Vol., N. Y.

A proposition was then made to Mr. Smith to re-establish the rendezvous for final examination at our office, as follows:

County Committee on Volunteering,
New York, Nov. 23, 1864.

A. N. Smith,
Chief of Bureau of Equipment and Recruiting:

Sir—

Yours of the 22d, in reply to my telegram, is received. We propose to enlist seamen, ordinary seamen and firemen, for one (1), two (2) and three (3) years service, in the same manner they were formerly enlisted by us, viz.:

Men will be shipped at the various naval rendezvous, and undergo their first examination there; the final examination to be undergone at this office, where all necessary accommodations will be afforded.

That the final examination shall be at this office, and not aboard ship, is absolutely necessary, to secure justice alike to the men, the County and the Government, in the payment of bounties.

It was the plan proceeded upon originally, when we enlisted so many men, from whom there was never any dissatisfaction or complaint of fraud. Of course, we can pay bounty to no man until finally passed and accepted, but to do this aboard ship we have found utterly impossible. We will, therefore, immediately recommence shipping men for the navy, if you will issue an order creating this office a rendezvous for final examination, and detailing an officer to take charge of the same, with surgeons, &c.

Yours, very respectfully,

(Signed) O. BLUNT,
Chairman County Committee on Volunteering.

The following reply was received:

NAVY DEPARTMENT,
BUREAU OF EQUIPMENT AND RECRUITING,
Washington, November 25, 1864.

SIR—

The Bureau has directed the rendezvous at Jersey City to be closed, and removed to the City Hall Park.

Will you be good enough to confer with Admiral Paulding, who will be requested by the Bureau to afford

you every facility possible? There is a great scarcity of seamen, &c., in our squadrons, and I hope the result will equal your anticipation concerning enlistments.

Respectfully,

Your obedient servant,

(Signed) A. N. SMITH,
Chief of Bureau.

Hon. O. BLUNT,
New York.

Subsequently, it appeared that Admiral Paulding, in charge of the Brooklyn Navy-yard, had also applied to the Navy Department, to have our office made the rendezvous for final examinations, and had received the following letter from A. N. Smith, Chief of the Bureau of Equipments, &c.:

NAVY DEPARTMENT,
BUREAU OF EQUIPMENT AND RECRUITING,
Washington, December 4, 1864.

SIR—

Your letter of the second instant is received. Your suggestion relative to enlisting seamen, ordinary seamen, and firemen, for the station under your command, through the Park Barracks, making it the final place of examination, is approved.

It is presumed that a guard will be detailed to escort the recruits to the receiving-ship, as was formerly done.

Very respectfully,
Your obedient servant,

(Signed) A. N. SMITH,
Chief of Bureau.

Rear Admiral HIRAM PAULDING,
Commandant Navy-yard, Brooklyn.

It was not, however, until the 12th of December that an officer was detailed to open the naval rendezvous at our office. The committee then addressed the following letter to each of the officers in charge of the naval rendezvous in this City:

HEADQUARTERS COUNTY COMMITTEE ON VOL.,
New York, December 12, 1864.

SIR—

The County of New York is now paying bounty to men shipped in the navy and credited to the County.

The Department has made this office the final examining office, the same as it was in April. The bounty now paid to volunteers is as follows:

For a recruit for three years, three hundred dollars	$300
Hand-money paid to person bringing him, fifty dollars	50
For a recruit for two years, two hundred dollars	200

Hand-money paid to person bringing him, thirty dollars	$30
For a recruit for one year, one hundred dollars	100
Hand-money paid to person bringing him, twenty dollars	20

The bounty paid to substitutes is as follows:

For a recruit for three years, six hundred dollars	600
Hand-money paid to person bringing him, fifty dollars	50
For a recruit for two years, four hundred dollars	400
Hand-money paid to person bringing him, thirty dollars	30
For a recruit for one year, two hundred dollars	200
Hand-money paid to person bringing him, twenty dollars	20

We will send you all the necessary blanks we require. The rolls will have to be returned, as before, in order that the proper credits may be made.

A guard will be detailed from the Navy-yard to take the men from this place to the receiving-ship.

I remain

Yours, respectfully,

(Signed) O. BLUNT,

Chairman.

On the 15th of December, the enlistment of naval recruits commenced again at our office; and from that time until the close of recruiting, in April, 1865, there were enlisted in all four hundred and thirty-four (434) naval volunteers; the total expenditure under this head for bounties and premiums summing up three hundred and eight thousand eight hundred and thirty dollars ($308,830). There were also enlisted at our office for the navy seventy-three (73) substitutes, at an expense of sixty-two thousand six hundred dollars ($62,600), making the total enlistments for the navy five hundred and seven (507) men.

The naval rendezvous was in charge of Acting-Master John Baker, who, from the commencement of our operations in enlisting men for the navy, had been in charge of that business at our office. Dr. Richard C. Dean was the medical officer of the rendezvous. Both of these gentlemen were of very great service in their positions, and discharged their duties faithfully and efficiently.

III. The First Corps (Maj.-General Hancock.)

Early in December, your committee were advised that Major-General Hancock had been authorized to raise a corps of veterans for special service; that extra inducements were to be held out by the Government for such enlistments, and the County bounty was claimed for such men as should enlist from the County of New York.

On the 10th of December, documents were received, detailing the plans for organizing this corps (see Appendix "E").

From these papers it seemed impossible to pay these bounties, because there appeared to be no guarantee that credits might not be changed. Besides, all enlistments were to be consummated in Washington, which would render it necessary to send a paymaster to Washington to pay these bounties, or to pay here through a power of attorney. Neither of these plans had ever been pursued by your committee, and either was so very objectionable that it appeared to estop any attempt to pay the local bounty of the County of New York to the First Army Corps.

On the 12th of December, the following letter, relative to bounty to these men, was received:

HEADQUARTERS FIRST CORPS,
Washington, D. C., December 10, 1864.

SIR—

Veteran soldiers from New York City, calling at the rendezvous in Washington to enlist in the First Corps, state that the authorities of New York City offer one hundred dollars ($100) local bounty to recruits, and the veterans wish to receive it.

The Major-General commanding desires me to inquire if one hundred dollars ($100) bounty is offered by the corporate authorities of your City, and if so, in what manner soldiers who come here to enlist may be enabled to receive such local bounty if credited to New York.

I have the honor to remain,

Respectfully, your obedient servant,

(Signed) FINLEY ANDERSON,
Assistant Adjutant-General.

TO ORISON BLUNT,
New York City.

Your committee replied, detailing the difficulties in the way of paying the local bounty to the First Corps, and suggesting a remedy, as follows:

COUNTY COMMITTEE ON VOLUNTEERING,
New York, December 14, 1864.

FINLEY ANDERSON,

Assistant-Adjutant General, First Corps,
Washington, D. C.:

SIR—

In reply to your favor of 10th instant, I have the honor to state: The County of New York is now paying bounties of one hundred dollars ($100), two hundred dollars ($200), and three hundred dollars ($300), respectively, for one (1), two (2), and three (3) years men. These bounties are paid into the hands of recruits on the spot, and at the time of enlistment, and are never paid by us in any other way. In reply, therefore, to your inquiry as to "how soldiers who come here to enlist may be enabled to receive such local bounties if credited to New York," I have to say that they can only be paid in the manner above indicated, viz., at the time of enlistment, and in the recruit's own hand.

Taking much interest in the project of raising a corps for General Hancock, I have read circular No. 2, transmitted to me, with care. You will allow me, in view of my long experience in raising and paying volunteers, to suggest that I think if the regulations detailed in that circular could be slightly amended, the result achieved would be more satisfactory, the corps would be filled up more rapidly, and the men enlisted be much better satisfied with the manner of the payment of the money. The following are the amendments I would suggest:

Amend the first paragraph, as to enlisted men, by striking out the words "in the City," and adding after the word "made the words "by the Provost-Marshal of the district in which the enlisted man may reside."

Amend the third paragraph by inserting after the words "mustered in" the words following, viz., "through the hands of a paymaster detailed for that purpose at the office of the A. A. P. M. General of the district."

Amend the fourth paragraph by adding after the word "bounties" the words following, viz., "and after the payment of the local bounty no change of credit shall be allowed."

The effect of these amendments, you will perceive, would be to allow the recruit to be mustered in by the Provost-Marshal of the district where he is to be credited, and there receive his bounty, &c., which would enable him to dispose of it on the spot for the benefit of his family, if he has any.

I should be pleased to receive from you any suggestions as to the payment of the local bounty.

I am, Sir,

Very respectfully,

Your obedient servant,

(Signed) O. BLUNT,

Chairman Co. Com. on Vol.

In reply to this, a letter was received from General Hancock, which seemed to render it impossible to pay the local bounty to the men enlisting in his corps, inasmuch as, if there were no other difficulty, the right was still claimed to change the credits, under certain circumstances, after the bounty was paid. In such cases, your committee were told, the men whose credits were changed would be proceeded against to recover the bounty. It was not deemed judicious to take that risk. The following was General Hancock's letter:

HEADQUARTERS FIRST CORPS,
Washington, D. C., December 17, 1864.

SIR—

I have the honor to acknowledge the receipt of your communication of the 14th inst., stating the bounties paid recruits by the County of New York, and the mode of paying them, and suggesting amendments to circular No. 2, December 3, from these Headquarters.

I have the honor to say that that circular was based upon a similar circular (No. 86) from the War Department, and the original order (No. 287) providing for the raising and organizing of this new army corps, both of which were transmitted to you.

In reply to your proposed amendments I would say that the first amendment could not be entertained by me, because, to say that all enlistments and musters-in

should be made by the Provost-Marshal of the district in which the enlisted man may reside, would be a direct disobedience of instructions from the War Department, which distinctly states that they will be made at the rendezvous near Washington; and that was the reason I asked you if arrangements could not be made whereby the bounty given recruits by the County of New York could be paid into the hands of veterans enlisting here.

The second amendment, providing that the special bounty of three hundred dollars ($300) should be paid through the hands of a paymaster detailed for that purpose, at the office of the A. A. P. M. General of the district, could not be made for the same reason, namely: That according to the instructions from the War Department, all enlistments and musters-in must be made in this City. With reference to the third amendment, that after the payment of the local bounty no change of credit shall be made, I would respectfully call your attention to the section of the circular from the War Department on the subject. The intention is to give the credit to the locality which is legally entitled to it, and in order to render justice in cases where wrong might be committed, the circular provides that, if after a recruit has sworn to his place of residence, it should subsequently be ascertained that it was not correctly given, the credit will be taken from the place to which it was erroneously assigned and transferred to the proper place of domicil of the recruit.

When recruits are being mustered in here, every precaution is taken in order that there shall be no injustice done in giving credit to localities. If desired, any local agents paying bounties here will be furnished certificates showing that veterans have been duly credited to such localities; and if any case should occur wherein credit shall be incorrectly given, the recruit will be proceeded against, with a view of making him refund any money which he may have fraudulently obtained.

The advantage to the veterans of having the local bounty paid at home is counterbalanced here by the fact that an agent of Adams' Express Company is sent to the rendezvous twice a week, or oftener, to receive and forward any money which veterans may wish to send their families or friends. One of the principal features of this corps is the fact that it is to be a purely federal force; the appointments to be made and the commissions to be given by the President of the United States, and consequently the provision that all enlistments and musters-in shall be made in this City is designed to prevent any interference with Governors of States in reference to the appointment of officers.

By paragraph five, circular 86, from the War Department, it is supposed that if the Governors of States apply to have the officers of this organization sent into their States to recruit, the Secretary of War will accede to such

an arrangement in the States, and in that case your views will be practically met, as far as that subject is concerned.

I have the honor to remain,

Respectfully, your obedient servant,

(Signed) WINFIELD S. HANCOCK.

To Orison Blunt,

Chairman N. Y. Co. Com. on Volunteering.

These difficulties in the payment of the local bounty were not overcome until some time after this. In the meantime there were many men enlisted in New York for the Second Hancock Corps, but they were all paid bounty by private enterprise, nearly all as substitutes for men in anticipation of draft.

Finding that the objections urged by the committee to the payment of the local bounty materially interfered with enlistments for the First Corps, General Hancock subsequently gave the matter his personal attention, and made such regulations as enabled your committee to pay the local bounty to the men here. Under these circumstances, there was a considerable number of men enlisted for the First Corps.

IV. The Veteran Reserve Corps.

After the establishment of the Veteran Reserve Corps, and prior to October, 1864, many men were enlisted for that corps, and credited. Of course their credit secured them the County bounty. Your committee, from the first, entertained doubts as to the propriety of crediting these men, inasmuch as they were mostly disabled for active service. Payment in some instances was refused, when your committee were shown orders of credit on the quota which secured the pay. On the 13th of September, a telegram from the War Department announced that such credits would no longer be allowed. Subsequently, however, this was countermanded by the following order; but, notwithstanding, your committee determined not to pay any further bounty to this class of men:

WAR DEPARTMENT,
PROVOST-MARSHAL GENERAL'S OFFICE,
Washington, D. C., September 15, 1864.

Brig.-Gen. WILLIAM HAYS,
A. A. P. M. General,
New York City:

GENERAL—

A telegram was sent to you from this office, on the 13th inst., directing that hereafter men of the Veteran Reserve Corps who re-enlist will not be credited on any quota.

In order that there may be no misunderstanding in regard to the above, the Provost-Marshal directs me to say that men in the corps, if they are able to do duty in the First Battalion, may still re-enlist under the provisions of General Order No. 235, A. O. G., current series, if they come within its provisions, and desire to do so; but they will not be entitled to bounty, nor to be credited to the quota of any district

Men who enlist in the Veteran Reserve Corps, First Battalion, under existing orders, will still be credited to the quota the same as other troops.

I am, General,

Very respectfully,

Your obedient servant,

(Signed) M. N. WISEWAL,

Col. and Ass't to Provost-Marshal General.

Official copy respectfully furnished for the information of Orison Blunt, Esq., Chairman County Committee on Volunteering.

(Signed) H. F. BROWNSON,

Assistant Adjutant-General.

V. Substitutes in Anticipation of the Draft.

In raising the quota under the call of the President dated July 18, 1864, for five hundred thousand (500,000) men, your committee saved to the County seventy-three thousand eight hundred and five dollars ($73,805) in amounts paid by individuals for substitutes in anticipation of the draft, each of whom counted on the quota of the County without cost to the public funds.

It occurred to your committee that a much larger saving might be made to the County, under the call of December 19, 1864, by continuing the business of furnishing substitutes for private citizens at their own expense. For the purpose of starting fairly in this matter, the following letter was addressed to General Hays:

COUNTY COMMITTEE ON VOLUNTEERING,
New York, October 29, 1864.

Brig.-General WM. HAYS,
A. A. P. M. General:

SIR—

With a view to affording facilities to those who desire to have enlisted for them substitutes in anticipation of the draft, or representative recruits, the Committee on

Volunteering propose, in addition to its volunteering business, to re-open books for deposit for that purpose, and to enlist men for such as deposit with them. That we may proceed understandingly, will you please answer the following queries:

First—Are we correct in supposing the distinction between a "representative recruit" and a "substitute in anticipation of the draft" to be that a "representative recruit" is one who represents some person who is not and under existing laws cannot be held liable to draft, and that a "substitute in anticipation of the draft" is one who represents some person who is, under existing laws, liable to draft?

Second—All quotas being filled, and there being no call pending, cannot persons liable to draft, as well as those not liable, have a representative recruit enlisted for them, or must it be a substitute where a person is liable to be drafted in the event of a further call?

Third—All quotas demanded of this County being filled, and there being no immediate prospect of any further call, cannot any person eligible as a volunteer be enlisted as a representative recruit, or as a substitute in anticipation of the draft?

Fourth—If any person eligible as a volunteer cannot be enlisted as a representative recruit, or as a substitute

in anticipation of the draft, what particular class of persons can be enlisted as representative recruits, and what class as substitutes in anticipation of the draft?

Fifth—Are the representative recruits and substitutes in anticipation of the draft, or either of them, entitled to any Government bounty; and, if they are, what amount, and how paid?

Sixth—Will all representative recruits and substitutes in anticipation of the draft be counted upon the quota in anticipation of any future call for men?

I am, Sir,

Very respectfully,

Your obedient servant,

(Signed) O. BLUNT,

Chairman Co. Com. on Vol.

To which the following reply was received:

OFFICE A. A. P. M. GENERAL,
SOUTHERN DIVISION,
New York, November 3, 1864.

Respectfully returned to Orison Blunt, Esq., Chairman County Committee on Volunteering, with the following reply to his questions:

First—Yes.

Second—Persons liable to draft cannot have representative recruits, but may have substitutes.

Third—Any person eligible as a volunteer can be enlisted as a representative recruit; but if taken as a substitute in anticipation of the draft, the principal is only exempted until substitute is liable. (See section 4, act of July 4, 1864.)

Fourth—Any person who passes the surgeon and mustering officer, is eligible as a representative recruit, but substitutes in anticipation of the draft only exempt principals until the substitutes themselves are liable.

Fifth—Representative recruits get bounties as follows: one hundred dollars ($100) for one year, two hundred dollars ($200) for two years, three hundred dollars ($300) for three years; payable one-third on enlistment, one-third at the expiration of one-half the period of service, and one-third at the expiration of term of service. Substitutes are not entitled to any United States bounty in any case.

Sixth—Yes.

By command of Brig.-Gen. Hays.

(Signed) H. F. BROWNSON,
Assistant Adjutant-General.

Understanding from this that all "representative recruits" and "substitutes in anticipation of the draft" would count on the quota as if they were volunteers, and thus every dollar paid by individuals for substitutes would be so much saved to the County, your committee at once opened books of deposit for this purpose, and on the 31st of October the first subscription was received.

On opening the books of subscription for deposits for substitutes, the following amounts were required, being sufficient to cover the Government and the County bounties then paid:

	BOUNTY.	PREMIUM.	TOTAL.
For one-year substitutes....	$200	$20	$220
For two-years substitutes...	400	30	430
For three-years substitutes.	600	50	650

These amounts were unchanged until the increase in the County bounty rendered it necessary to require an increase in the amount deposited, in order to equal the Government and the County bounties then paid. Therefore, on the 14th of February, your committee adopted the following resolution:

"*Resolved*, That the amount to be deposited for substi-

tutes be increased, to conform to the new bounties, and to cover the amount of the United States bounty, as follows:

	BOUNTY.	PREMIUM	TOTAL.
Deposit for one-year substitutes...	$400	$50	$450
Deposit for two-years substitutes..	600	75	675
Deposit for three-years substitutes.	900	100	1,000

—and that all persons who have deposited an amount less than the above, be notified that the additional amount will be needed to obtain a substitute."

The business of enlisting substitutes was rendered much more difficult under the call of December than under the call of July, by reason of regulations established by the Government officials.

These regulations were rendered necessary because of frauds which had been perpetrated by bounty brokers in the sale of blank credits for alleged substitutes enlisted.

Formerly, substitutes were enlisted at the rooms of your committee for credit to any district in the County, the same as volunteers were enlisted, but now every substitute was required to be enlisted by the Provost-Marshal of the district where the principal claimed his residence.

Especially was this system disadvantageous as regards the enlistment of substitutes for the navy. The following will show the circumlocutory process through which naval substitutes were compelled to pass:

OFFICE OF THE A. A. PROVOST-MARSHAL GENERAL,
AND SUPERINTENDENT VOL. RECRUITING SERVICE,
SOUTHERN DIVISION OF NEW YORK.

(Circular No. 106.)

The A. A. Provost-Marshal General calls the attention of Provost-Marshals to the following communication from the Bureau of Equipment, Navy Department:

"NAVY DEPARTMENT,
"BUREAU OF EQUIPMENT, &c.,
"*Washington*, December 13.

"To Captain GAMBLE,

"*Naval Recruiting Officer*,

"189 *York st.*, *Brooklyn*, *N. Y.*:

"SIR—

"Hereafter you will not enlist any person as a substitute for a drafted man, or one liable to be drafted, except there shall be presented or received a certificate from a Provost-Marshal, stating that such substitute is entitled to be enlisted in the navy, and is to be credited to the district named in the certificate.

"The names of substitute and principal are always to be noted in the Provost-Marshal's certificate, and when either of these are wanted, the man is not to be shipped.

Every Saturday you will send the certificate of enlistment to the Provost-Marshal, and copies of the same to this Bureau.

"Respectfully,

"A. N. Smith,

"*Chief of Bureau.*"

Provost-Marshals, in compliance with this order, will examine men desirous of enlisting in the navy as substitutes, and having first ascertained that the principal, by his written request, desires a substitute, will issue the necessary certificate.

The same affidavit as to non-liability to draft will be required as in the case of an enlistment for the army.

Volunteers in the navy need not necessarily be enrolled and liable to draft in order to be credited to the place where they enlist, section 9 of the act to amend an act entitled "An act for enrolling and calling out the national forces, and for other purposes," approved March 3, 1863, having been suspended by section three of the act entitled "An act to provide for the efficiency of the navy," approved July 4, 1864.

(Signed) H. F. BROWNSON.

Asst. Adjutant-General.

To Orison Blunt, Esq.

The result of this system was that very many men became tired of the process before they were finally passed,

and after going partly through, eventually refused to be enlisted. At least one-third of those offering to enlist as substitutes in the navy were thus lost.

There was deposited in the substitute fund, in all, by seven hundred and eighty three (783) persons, six hundred and four thousand nine hundred and ten dollars ($604,910). Your committee furnished in all six hundred and twenty-seven (627) substitutes, to whom was paid, in bounties and premiums, the sum of four hundred and ninety thousand six hundred and five dollars ($490,605).

There was withdrawn, by one hundred and fifty-six (156) depositors, the sum of one hundred and fourteen thousand three hundred and five dollars ($114,305), which, added to the four hundred and ninety thousand six hundred and five dollars ($490,605) paid for bounties and premiums, equals the amount deposited, viz., six hundred and four thousand nine hundred and ten dollars ($604,910). Thus, a fraction less than five hundred thousand dollars ($500,000) was saved to the County by this means.

In the receipt and disbursement of this fund, it may be proper to state, there was no loss whatever, either to depositors or to the County.

In regard to the substitutes furnished, the only case in which any question was raised was that which led to the

following correspondence. The substitute in this case was passed by the examining surgeon and by the mustering officer without suspicion as to his age, and, of course, your committee had no other guide, and could not be held responsible for the action of these officers, who were undoubtedly actuated by the best of motives:

50 West Thirty-sixth Street,
New York, November 9, 1864.

Sir—

Last summer, Westbrook L. Osborn, acting by my direction and in my behalf, brought to your headquarters a man, John Prendeville, to serve as my substitute in the navy of the United States. He was examined, approved, and accepted.

While Mr. Osborn went out to draw the money pledged to him ($335), the man was assigned to another person. On Mr. Osborn's return he had gone. You said it was of no consequence; that men were coming every day, and that the next good man that came should be assigned to me. You took the money from Mr. Osborn, for the purpose of procuring such a man as my substitute. Did you keep your word? No. You procured a boy, a minor, not liable to service, swore him in, got him accepted, and sent on board a vessel. Of course application was made for him, and he was discharged, on condition of refunding the money he had received. This was done by your own confession, in a note to me.

You have the money in your hands—money which belongs to me—which was put into your hands by my lawyer, for a definite purpose; money for which I have no equivalent, for a paper exempting me from the draft is not an equivalent. I wanted a man; I paid for a man; and it was your duty to supply men for the service, not to supply gentlemen with exemption papers at the expense of the service. I now demand one of two things: either a return of the three hundred and thirty-five dollars ($335), which is mine, not yours, or the furnishing of an able-bodied man for the army or navy. If one or the other of these two things is not done immediately, I shall make an affidavit of the facts in the case, and send it to my friend, Mr. Charles A. Dana, Assistant Secretary of War, for his action.

The exemption paper I consider to be fairly mine; at any rate, that is half of my purchase, and I paid handsomely for it. The other half, namely, the man, I also paid for, and have not received. The paper tells a falsehood, and it is such a paper that you, an agent of the Government, advised me to be satisfied with. I cannot in honor use it, but I am not bound to give it up.

Please tell me what I am to expect soon, for I am impatient of longer delay.

Yours truly,

(Signed) O. B. FROTHINGHAM.

To Orison Blunt, Esq.

[Reply.]

COUNTY COMMITTEE ON VOLUNTEERING,
New York, November 11, 1864.

O. B. FROTHINGHAM:

SIR—

Yours of the 9th is received. In reply, I have to say that you deposited three hundred and thirty-five dollars with this committee, to procure you a substitute, of which an exemption paper was to be the evidence.

This Committee furnished you a substitute in good faith, and the exemption was issued to you by the Provost-Marshal in good faith.

Since the issuing of that paper, the substitute enlisted for you has been discharged, and the bounty paid been returned to me, and we are advised also that your exemption paper is of no value because of such discharge. As you deposited three hundred and thirty-five dollars with this committee to obtain a substitute, and through no fault of ours you are without such substitute, and as the exemption paper is valueless, and can be of no good service in your hands, therefore in accordance with the rule of the committee, I will refund you your deposit on your returning to me all evidence of your deposit, which in this case is the exemption paper.

In no other way can the money be obtained by you. It is proper to say that the exemption paper is desired only as a voucher for the return of the money.

Very respectfully,

Your obedient servant,

(Signed) O. BLUNT,
Chairman.

Among other efforts to secure men and to obtain exemption, a proposition was started, when the draft was threatened, to form draft associations. Inquiry as to the particulars of such scheme was made at the Provost-Marshal General's office, and led to the following circular:

WAR DEPARTMENT,
PROVOST-MARSHAL GENERAL'S OFFICE,
Washington, D. C., March 27, 1865.

The twenty-third section of the act approved March 3, 1865, provides as follows:

"SECTION 23. And be it further enacted, that any person or persons enrolled in any sub-district may, after notice of a draft, and before the same shall have taken place, cause to be mustered into the service of the United States such number of recruits, not subject to draft, as they may deem expedient, which recruits shall stand to the credit of the persons thus causing them to be mustered in, and shall be taken as substitutes for such persons or so many of them as may be drafted, to the extent of the number of such

recruits, and in the order designated by the principals, at the time such recruits are thus as aforesaid mustered in."

I. In order to avail themselves of the provisions of this law, the attention of all persons desiring to form associations for recruiting, with a view to exemption from draft, is invited to the following suggestions, to wit:

First—In order that credit may be given to the sub-district for the recruits furnished, at the time they are mustered in, and the draft made only for the deficiency remaining after crediting these and other recruits, it is necessary that all the members of the association shall belong to the same sub-district.

Second—Previous to the commencement of the draft, the association will furnish the Provost-Marshal of the district a list of the names of its members, designating their order, and numbering them accordingly, which list will not be altered or increased after the drawing shall have commenced.

II. A list of the recruits furnished by such association shall be kept by the Provost-Marshal, to be mustered in the order in which they are enlisted. When the draft has been made, the recruit standing at the head of the list will be taken as the substitute of the first man drafted, who belongs to the association; the recruit standing second on the list, will be taken as the substitute of the

second man drafted, and so on until the list of recruits is exhausted by drafted men who belong to the association, or until all the members of the association who have been drafted are exempted, in case a sufficient number of recruits have been furnished by the association to exempt that number. Where the number of recruits furnished by an association exceeds the number of men drafted from such association, the excess, though credited to the sub-district, will create no claim for the exemption of any persons whomsoever. Members of associations who secure exemption under the twenty-third section aforesaid are exempt from that draft, but are liable to be drafted on future calls.

Recruits furnished by associations, and taken as substitutes for drafted men who are members of the association, will be credited, at the time of muster-in, to the sub-district to which the association belongs.

(Signed) JAMES B. FRY,
Provost-Marshal General.

In pursuance of this circular, there were numerous associations started, but your committee believe that the number of men raised through this medium was very small.

Appendices annexed hereto show the whole business of your committee, in connection with the furnishing of substitutes in anticipation of the draft under the last call.

Appendix "F" shows the particulars of deposits, payments of substitutes, and withdrawals of deposits.

Appendix "G" is a complete list of depositors.

Appendix "H" is a complete list of substitutes furnished through the County.

In addition to the six hundred and twenty-seven (627) substitutes furnished by your committee, there were enlisted by private individuals at the offices of the various Provost-Marshals, five hundred and seventy-eight (578) men, making a total of substitutes enlisted for credit to this County, under the last call, of one thousand two hundred and five (1,205) men.

Appendix "I" is a complete list of all substitutes enlisted in this County, and not paid through the County, and of course excluding those embraced in Appendix "H."

In closing their report of operations in filling the quota under the call of the President, dated July 18, 1864, your committee represented the substitute fund under that call as not entirely closed. The account was subsequently closed, for statement of which see Appendix "J."

VI. Recruiting for other Localities.

Your committee have hitherto reported to your honorable body the difficulties with which they had to contend by reason of the enlisting of men in this County for other localities. Although in September your committee had appealed to the Common Council for the passage of an ordinance on the subject, and one branch of that body had promptly responded to that appeal, yet up to January the matter was still unacted on by the other Board. The County was suffering more than ever on this account, from the fact that the Common Council were constantly granting permits for recruiting tents and booths to be erected in public places, under the misrepresentation that they would be used only for the enlistment of men for the County of New York. As the Board of Councilmen had passed our ordinance, and it lay unacted on in the Board of Aldermen, it was determined to appeal to that body to assist us in the matter, and accordingly the following communication was sent to them:

HEADQUARTERS COUNTY COMMITTEE ON VOL.,
New York, January 9, 1865.

To the Honorable the Board of Aldermen:

GENTLEMEN—

On the 1st of September last we had the honor to transmit to your honorable body a communication (copy of which

is appended hereto, marked "A") relative to the system which had then obtained, whereby New York City was being robbed of recruits who should be counted on the quota of this City and County, and inviting the co-operation of your honorable body in checking that system, by the passage of an ordinance, entitled "An ordinance for the protection of the citizens of New York, and to facilitate the raising of the quota under the President's call," &c.

This ordinance passed the Board of Councilmen, but failed to receive the sanction of your honorable body.

We beg now, respectfully, to again urge upon your honorable body the propriety of giving your sanction to this ordinance.

The system of robbery which this ordinance is designed to check greatly impeded our operations in filling the quota under the call for five hundred thousand (500,000) men; and the evil, because unchecked, has now grown to be tenfold more than then.

Under the call for three hundred thousand (300,000) men, the County of New York has yet to raise three thousand five hundred (3,500) men to fill its quota.

To raise this number in the time given us, we will require to enlist an average of one hundred (100) men per day. We think that, could the business of running men

out of the City and County be stopped, we should be enabled to reach the number required, for we have reason to know that there are about two hundred (200) men enlisted and stolen from this City every day and credited to other places.

Before the present call for three hundred thousand (300,000) men was issued, we were enlisting thirty and forty men a day. Since the call, adjoining districts having found it necessary to raise more men, they have again taken them from us, and now we are recruiting a much less number than formerly. Not that there are fewer offering, but bounty-thieves entice the men from us, because other places permit the agents to steal all the bounty.

We would also again respectfully call your attention to the fact that the practice of granting privileges to certain parties to erect recruiting booths in the Park, and other public squares and streets, is of great detriment to the interests of this City and County in filling its quota.

Although these booths are maintained ostensibly for the benefit of our own City, we seldom or never receive a man from them. All the men obtained by them are run off and credited to other places, and oftentimes men desiring to enlist with us are enticed away from our very doors by the keepers of these booths, who are always on the look out for victims.

We are aware that these privileges are granted upon representations that the parties obtaining them are desirous of filling the quota of this City and County, but we can assure your honorable body that in no instance does the City and County derive any benefit from them, but on the contrary, they prove a constant source of annoyance and detriment to us.

The County volunteer buildings in the Park were erected expressly with the view of doing away with those booths, and for a time they effectually accomplished that purpose; but we regret to see that they are now again springing into existence in our parks, squares and streets, just at a time when their establishment works the greatest harm to us.

Satisfied that your honorable body have the interests of the City at heart, and need only to have these facts laid before you to secure prompt attention, we beg leave to ask your adoption of the ordinance annexed.

All of which is respectfully submitted.

On behalf of the New York County Committee on Volunteering.

(Signed) O. BLUNT,
Chairman.

This appeal had the desired effect, and soon after the Common Council passed the ordinance referred to. Although no proceedings were ever taken under it, your committee believe that it had a very salutary effect.

Of course, this ordinance could have no influence with army officers who chose to violate it, and that it was violated every day by the officers in charge of recruiting for the regular army we had the amplest evidence. Determined to check this also, if possible, on the 15th of February the following letter was sent to General Hinks:

COUNTY COMMITTEE ON VOLUNTEERING,
New York, February 15, 1865.

Brigadier-Gen. E. W. HINKS,
A. A. P. M. General,
Southern Division of New York:

SIR—

The practice of recruiting in this County for other localities has long been a very great detriment to us, in raising men to fill our own quotas.

By legislative enactment (chapter 2, Laws of 1864), copy of which is appended (marked "A"), it is made an offense to enlist a man in this State for the benefit of any other State; and by ordinance of the Common Council, recently approved by his Honor the Mayor (appended,

marked "B"), it is made an offense for any one to enlist a man in this County for the benefit of any other locality, in or out of the State.

The new State law relative to bounties (chapter 29, Laws of 1865), copy of which is appended, (marked "C,") has placed all the Counties of this State on an equal footing in respect to bounties; and, together with the State laws of last year, and the new local ordinance (if respected,) will assist us, we think, in very speedily filling our quota.

The business of running off men from this County, and of enlisting men here to be credited to other localities, has already been almost entirely checked, except at the recruiting offices for the regular army. I was informed some time since by Brigadier-Gen. Hays, that this too would be stopped, when a prohibitory ordinance should be adopted by the Common Council.

Now that such ordinance is adopted, I appeal to you to do New York County the justice of prohibiting the United States mustering officers in this County from enlisting men here for the regular army, to be credited to other localities.

Should it not be in your power to issue such an order,

I then respectfully request that this application may be promptly referred to such officer as may be authorized to issue such order of prohibition.

I am, Sir,
Very respectfully,
Your obedient servant,

(Signed) O. BLUNT,
Chairman N. Y. County Com. on Vol.

CHAPTER II.

AN ACT

TO AMEND SECTION THREE OF CHAPTER ONE HUNDRED AND EIGHTY-FOUR OF THE LAWS OF EIGHTEEN HUNDRED AND SIXTY-THREE, ENTITLED "AN ACT TO PROMOTE THE RE-ENLISTMENT OF VOLUNTEERS NOW IN THE SERVICE OF THE UNITED STATES, AND THE ENLISTMENT OF PERSONS INTO REGIMENTS AND CORPS NOW IN SAID SERVICE, AND HEREAFTER TO BE ORGANIZED," PASSED APRIL SEVENTEENTH, EIGHTEEN HUNDRED AND SIXTY-THREE.

Passed January 29, 1864; three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. Section three of chapter one hundred and eighty-four, of the laws of eighteen hundred and sixty-three, is hereby amended so as to read as follows:

"§ 3. It shall not be lawful for any person, in any manner, to persuade or induce, or to attempt to persuade or induce any resident of this State to enter into the military or naval forces raised or to be raised in any other State, for the military or naval service of the United States, or for the military or naval service of any other State. It shall not be lawful for any person to induce or persuade, or attempt to persuade or induce, any resident of this State to depart from this State, for the purpose of entering into the military or naval forces raised or to be raised in any other State, for the military or naval service of the United States, or for the military or naval service of any other State. Whoever shall offend against the provisions of this section shall be guilty of a misdemeanor, and upon conviction thereof, shall be punished by fine not exceeding one thousand dollars; one-half of said fine to be paid upon conviction of the offender to the party on whose information the arrest and conviction was made; or imprisonment, or by both such fine and imprisonment."

Sec. 2. The said section three, except as above amended, is hereby repealed.

Sec. 3. This act shall take effect immediately.

Appendix "B."

AN ORDINANCE

FOR THE PROTECTION OF THE CITIZENS OF NEW YORK, AND TO FACILITATE THE RAISING OF THE QUOTA UNDER THE PRESIDENT'S CALL FOR THREE HUNDRED THOUSAND (300,000) MEN.

The Mayor, Aldermen, and Commonalty of the City of New York, in Common Council convened, do ordain as follows:

SECTION 1. It shall not be lawful for any person to open any office in the City of New York for the purpose of obtaining recruits, either for the army or navy, for any locality other than the City and County of New York, nor to obtain substitutes either for the army or navy for persons other than residents of the City and County of New York; nor shall it be lawful for any person, whether a resident of the City and County of New York or not, to either induce, or endeavor to induce, any person in said City and County to leave the same for the purpose of enlisting as a volunteer or substitute for any other locality in or out of the State, or to induce, or endeavor to induce, any person to enlist within the City and County of New York as a substitute for any person other than a resident of the City and County of New York.

SEC. 2. Any person infringing upon the provisions of the foregoing section, in either of its particulars, shall,

upon conviction before any Police Justice or Magistrate of the City of New York, be subject to a fine not less than one thousand dollars ($1,000) and not more than five thousand dollars ($5,000), in the discretion of the Court.

SEC. 3. In all cases where fines are imposed for the infringement of the first section of this ordinance, one-half the amount shall be paid to the party making the complaint in the case.

Appendix "C" was a copy of chapter 29, Laws of 1865, for which see acts of the Legislature relating to bounties (Appendix "B" of this report).

The following letter on the same subject was also transmitted to Brigadier-General P. St. George Cook, in charge of recruiting for the regular army at this station :

COUNTY COMMITTEE ON VOLUNTEERING,
New York, February 16, 1865.

Brig.-General P. ST. GEORGE COOK,
In charge of Recruiting for the Regular Army :

SIR—

I have the honor to transmit you herewith copy of letter to Brigadier-General E. W. Hinks, A. A. P. M. General, Southern District of New York, with accompanying

documents relative to recruiting here for the regular army for the benefit of localities other than this County.

I would respectfully invite your attention to the same.

I am, Sir,

Very respectfully,

Your obedient servant,

(Signed) O. BLUNT,

Chairman New York Co. Com. on Vol.

To which the following reply was received:

HEADQUARTERS GENERAL RECRUITING SERVICE,
New York, February 17, 1865.

ORISON BLUNT, Esq.,

Chairman N. Y. Co. Com. on Volunteering:

SIR—

I have just received your communication of 16th inst., inclosing copies of a letter to Brig.-Gen. E. W. Hinks, A. A. P. M. General, and of an ordinance of the Common Council.

The recruiting officers for the regular army in this City and elsewhere in the State, credit the men enlisted by them to any locality within the State that pays the bounty. This is done under the authority and orders of the War Department. I do not consider a municipal ordinance as repealing this authority, or as having any bearing on officers acting under it.

Substitutes are not enlisted for the regular army. I shall submit the subject to the War Department.

Very respectfully,

(Signed) P. St. GEORGE COOK,
Brig.-Gen. U. S A., Sup't Gen'l Recruiting Service.

It subsequently appeared, however, that the ordinance of the Common Council did command the respect of the Government officials, as the following letter will demonstrate:

Headquarters General Recruiting Service,
No. 24 East Fourth Street,
February 23, 1865.

O. Blunt, Esq.,
Supervisor City and County of New York:

Sir—

I am directed by Brigadier-General P. St. George Cook, U. S. A., General Superintendent Recruiting Service, to inform you that he has instructed all officers of the regular army, recruiting in this City, to credit all men enlisted by them to the County of New York, until further orders.

I am, very respectfully,
Your obedient servant,

(Signed) EUGENE CARTER,
First Lt. and A. A. D. C.

Thus your committee had thrown every possible obstacle in the way of recruiting in this County for the benefit of other localities.

It seemed, however, that the ordinance of the Common Council was not wholly effectual, and a last effort was made to stop the business through his Honor the Mayor, and the officers of the Street Department, through whom finally the recruiting booths established throughout the City were placed under such restrictions that it was believed that few, if any, men were carried away through them.

VII. Services of the State Militia.

In addition to the services of the State Militia of the County of New York, in 1861, 1862 and 1863, they were again called on in 1864. In report of operations in filling the quota under call of July 18, the particulars of this service, except for 1864, was stated. The following shows the service done by this branch of the service in the latter year:

HEADQUARTERS FIRST DIVISION,
NEW YORK STATE NATIONAL GUARD,
New York, Dec. 27, 1864.

Hon. ORISON BLUNT:

SIR—

I have the honor to inform you that by the returns from Capt. Ellis, U. S. Mustering Officer, there have been in the service, since May 1, 1864, from this Division:

Thirty-seventh Regiment, thirty days.....	377	men.
Sixty-ninth Regiment, one hundred days....	512	"
Eighty-fourth " "	674	"
Ninety-third " "	404	"
Seventy-seventh " "	223	"
Ninety-ninth " "	315	"
One Hundred and Second Regiment, one hundred days.....	344	"
For one hundred days	2,472	

I am, very respectfully,

Your obedient servant,

(Signed) ALEXANDER HAMILTON,

Col. and Div. Inspector.

Appended to this report (marked "K") will be found a full statement of all the services rendered by each regiment of the State Militia of this County during the war. The number of men furnished in all foots up twenty-three thousand six hundred and thirteen (23,613), and reducing the amount of their service to years, it reaches the sum of 4,552 years 8 months and 29½ days.

VIII. Credits Under the Last Call.

The number of men to whom the County bounty was paid under the last call was five thousand nine hundred and eighty-eight		5,988
The number paid bounty through, but not by the County (being substitutes in anticipation of the draft), was six hundred and twenty-seven	627	
The number paid bounty, neither through nor by the County (being also substitutes in anticipation of the draft), was five hundred and seventy-eight	578	
	—	1,205
Making a total of seven thousand one hundred and ninety-three		7,193

Reducing these men to years of service, it appears that the whole number of years of service furnished under the last call was sixteen thousand four hundred and ninety-nine (16,499).

Appendix "L," annexed hereto, shows in detail credits for volunteers paid bounty under the last call.

Appendix "M" shows the particulars of the number of substitutes raised in anticipation of the draft.

Appendix "N" is a recapitulation of all credits on the quota under the last call, as shown in Appendices "L" and "M."

Appendix "O" is a statement of all credits on the last call reduced to years of service.

Your committee have received from the United States authorities the following statements of the exact position of the quota of this County, according to their computation, at various periods.

The first statement shows the position of the Southern Division on the 31st of December, 1864, in relation to the quota under call of July 18, as follows:

OFFICE A. A. PROVOST-MARSHAL GENERAL AND
SUPERINTENDENT VOLUNTEER RECRUITING SERVICE,
SOUTHERN DIVISION OF NEW YORK,
New York, September 19, 1865.

Hon. ORISON BLUNT,
Chairman County Volunteer Committee,
City and County of New York:

SIR—

I have the honor to transmit herewith a copy of my report to Washington of the number of men to be furnished by the Southern Division on August 1, 1864, under call of July 18, 1864, and the number actually furnished up to December 31, 1864, on that basis.

I will furnish you, in a few days, with a statement of the number of men furnished by the City and County of New York from that date up to the close of recruiting.

I am, Sir

Your obedient servant,

and Sup't Vol. Recruiting Service.

NEW YORK, September 20, 1865.

Thus it appears that on March 13, 1865, according to Government account, the quota of this County stood as follows:

Surplus, December 31, 1864, one thousand eight hundred and eighty	1,880
Men raised from January 1 to March 13, 1865, two thousand and forty-four	2,044
Total, three thousand nine hundred and twenty-four.....	3,924
Quota, deducting twenty-five (25) per cent., fifteen thousand seven hundred and sixty-three..	15,763
Apparent indebtedness of the County, March 13, 1865, eleven thousand eight hundred and thirty-nine	11,839

The third statement brings the account down to the 24th of September, 1865, when credits were discontinued, and shows that on that date the Government claimed as due from this County nine thousand two hundred and ninety-eight (9,298) men. Of course, the number claimed to be due on the 14th of April, when recruiting was discontinued, must have been much larger than this, as many credits were allowed this County of recruits in the regular army after that date, and up to the 24th of September. Indeed, it is safe to say that on the 14th of April the claim against this County was fully equal to ten thousand five hundred (10,500) men, and that but for the happy circumstance of the discontinuance of recruiting at that very time that number of men would have been drafted from among us.

The following is the third statement:

(Signed) RICHARD I. DODGE,

NEW YORK CITY, January 8, 1866. *Brevet Lieut.-Col. U. S. A., A. A. P. M. G.*

The following is a recapitulation of the foregoing statement:

Surplus, December 31, 1864, one thousand eight hundred and eighty		1,880
Quota on 1st of January, 1865, under call of December 19, 1864, after deducting above surplus, twenty-one thousand and nineteen		21,019
Less twenty-five per cent. set aside under order of the President of February 1, 1865, five thousand two hundred and fifty-seven		5,257
Leaving seventy-five per cent. of January quota under call of December 19, 1864, fifteen thousand seven hundred and sixty-two		15,762
Number of men actually furnished and credited from January 1 to September 24, 1865:		
ARMY.		
Volunteers, three thousand six hundred and seventeen	3,617	
Regulars, one thousand five hundred and sixty-four	1,564	
Total army, five thousand one hundred and eighty-one	5,181	
Carried forward	5,181	15,762

Brought forward		5,181	15,762
NAVY.			
Seamen, four hundred and eighty-seven	487		
Marines, one	1		
Total navy, four hundred and eighty-eight		488	
Substitutes for army and navy, seven hundred and ninety-five		795	
Grand total, six thousand four hundred and sixty-four			6,464
Which, deducted from the number claimed January 1, 1865, leaves a deficiency September 24, 1865, on seventy-five per cent. of January quota under call of December 19, 1864, of nine thousand two hundred and ninety-eight			9,298

Of the six thousand four hundred and sixty-four (6,464) men furnished, the following shows the number of men enlisted for each term of years, and the years of service represented by each class:

MEN.	
Enlisted for one year, two thousand and eighty-four	2,084
Enlisted for two years, one hundred and eighty-three	183
Carried forward	2,187

Brought forward	2,187
Enlisted for three years, four thousand one hundred and ninety-four	4,194
Enlisted for four years, three	3
Total, six thousand four hundred and sixty-four.	6,464
Seventy-five per cent. of quota under call of December 19, 1864, fifteen thousand seven hundred and sixty-two	15,762
Deficiency in men, September 24, 1865, nine thousand two hundred and ninety-eight	9,298

YEARS OF SERVICE.

One-year men, two thousand and eighty-four	2,084
Two-years men, three hundred and sixty-six	366
Three-years men, twelve thousand five hundred and eighty-two	12,582
Four-years men, twelve	12
Total, fifteen thousand and forty-four	15,044
Seventy-five per cent. of January quota, under call of December 19, 1864, fifteen thousand seven hundred and sixty-two	15,762
Deficiency in years of service September 24, 1864, seven hundred and eighteen	718

Therefore, although this County was deficient nine thousand two hundred and ninety-eight (9,298) men on

the 24th of September, had each year of service been counted as a man, the deficiency would have been but seven hundred and eighteen (718). And inasmuch as the call of December 19, 1864, was for one (1) year men only, it would not have been unreasonable to have made such allowance.

Or had the December quota remained unchanged, we should have had a surplus of three thousand seven hundred and eighty-eight (3,788) men, and of twelve thousand and sixty-six (12,066) years of service.

IX. Men Furnished during the Rebellion.

The whole number of men furnished by the City and County of New York during the rebellion was one hundred and forty-eight thousand six hundred and seventy-six (148,676). Of these forty-one thousand six hundred and one (41,601) received local bounty ; thirty-seven thousand seven hundred and fifty-nine (37,759) from the City and County, and three thousand eight hundred and forty-two (3,842) from individuals. The balance of one hundred and seven thousand and seventy-five (107,075) received no direct local bounty.

The whole term of service represented by these one hundred and forty-eight thousand six hundred and seven-

ty-six (148,676) men is two hundred and eighty-six thousand nine hundred and sixty-six (286,966) years five (5) months and twenty-nine and one-sixth (29 1-6) days.

Of these one hundred and forty-eight thousand six hundred and seventy-six (148,676) men, the number credited was comparatively small, as the system of credits was not put in force until after the first year of the war, previous to which all New York had apparently taken up arms, and the number of men furnished had been very large.

It is doubtful whether any other locality has done better for the army and navy than the City and County of New York, even taking into consideration our large population; and every citizen may well point with pride to the large figure representing the number sent by this City and County to the war.

Appendix "P," annexed, gives the particulars of all men furnished by the City and County of New York during the war, with their terms of service. This appendix also embraces a statement, understood to be official, showing the number of men furnished by each State since April 1, 1861, in the different calls for men who were required for three (3) months or more. It also shows the number of men credited to each State, upon the basis of three (3) years as a standard of computation.

The actual number of men furnished was two million

six hundred and eighty-eight thousand five hundred and twenty-three (2,688,523). Reducing this aggregate to a three-years standard, the whole number for three years was two million one hundred and fifty-four thousand three hundred and eleven (2,154 311).

The State of New York furnished the greatest number of men, and also the largest number, reducing all the men to a three-years standard.

The whole number from the State of New York was four hundred and sixty-four thousand one hundred and fifty-six (464,156). Of these, the City and County of New York furnished one hundred and forty-eight thousand six hundred and seventy-six (148,676), leaving for the remainder of the State three hundred and fifteen thousand four hundred and eighty (315,480).

Thus the City and County of New York furnished within six thousand and forty-three (6,043) of one-third (1-3) of the whole number of men furnished by the State of New York.

Reducing the aggregate number of men furnished to a three-years standard, the whole number furnished by the State of New York was three hundred and eighty-one thousand six hundred and ninety-six (381,696). The number furnished from the City and County of New York, (reducing the aggregate to a three-years standard,) was ninety-five thousand six hundred and fifty-five

(95,655), leaving for the remainder of the State two hundred and eighty-six thousand and forty-one (286,041).

Thus the City and County of New York furnished two hundred and thirty-one (231) more than one-quarter ($\frac{1}{4}$) of the whole number of years of service represented by the men furnished in the whole State reduced to a three-years standard.

Comparing the actual number of men furnished with the number of men reduced to a three-years standard, considerable changes occur in the relative positions of States. Thus, while Wisconsin stands eight (8) in the number of men furnished, she stands nine (9) when the aggregate of men is reduced to a three-years standard; while Michigan, which stands nine (9) in the number of men, is eight (8) when the men are reduced to a three-years standard. So with many of the other States; but New York, which is first in the aggregate of men furnished, mantains her pre-eminence in a still greater degree when the aggregate of men is reduced to a three-years standard.

It may not be out of place to observe that the number of men furnished by the City and County of New York alone is only exceeded by five (5) States, viz., Pennsylvania, Ohio, Illinois, Indiana, and Massachusetts.

The tables from which these deductions are drawn (Appendix "P,") will repay careful perusal.

X. Construction of the State Bounty Laws of 1865.

The somewhat ambiguous language of the State bounty laws, passed by the Legislature of 1865, led to grave doubts as to the right of the County authorities to pay any further bounties without the concurrence of the Common Council.

To determine the matter, the Comptroller was requested by the committee to obtain the opinion of the Corporation Counsel on this point. The following opinion seemed to settle the point in favor of the full power of the County authorities:

LAW DEPARTMENT,
OFFICE OF THE COUNSEL TO THE CORPORATION,
March 10, 1865.

Hon. M. T. BRENNAN,
Comptroller:

DEAR SIR—

In regard to the question as to the necessity of the approval by the Common Council of the ordinance of the Board of Supervisors of 10th January, 1865, authorizing the borrowing of money and issuing of bonds by the Comptroller, under section 7 of chapter 29 of Laws of 1865, I have the honor to say that such approval is not

necessary, either to the validity of the bonds or for the imposition of the tax to discharge the principal and the interest of them as they respectively fall due.

The aforesaid section 7 leaves it optional with the Board of Supervisors to raise the authorized amount upon the credit either of the County or of the City. If the Board had adopted the latter course, and caused the amount to be raised on the credit of the City, and the bonds of the City to be issued for it, then undoubtedly, under that section, the assent of a majority of the members elected to the Common Council would have been required, before any sum could be raised by tax, to discharge the obligation created by them.

The Board of Supervisors, however, by their resolution of 10th January, 1865, did not adopt this course, but ordained that the required and authorized amount should be raised on the credit of the County of New York, pledged the faith of the County for the payment of the principal and interest, and directs the bonds of the County to be issued to secure the loan.

The supplementary act of February 24, 1865, does not affect this question, inasmuch as by its own provisions it does not take effect before the next general election, in November of this year, nor does the further supplementary act of 27th February, 1865, in any way touch the point.

The latter act merely provides for the imposition of a tax by which to reimburse the counties and cities the amounts they may advance for bounties, and thus secure the party making a loan to the State.

Truly yours,

(Signed) JOHN E. DEVELIN,
Counsel to the Corporation.

Subsequently, it was deemed advisable to obtain further advice on the point as to the legality of the County bonds under the State laws, and the matter was submitted to Daniel Lord, Esq., who gave the following opinion, fully concurring in the views of the Counsel to the Corporation:

NEW YORK, April 6, 1865.

For the County Committee on Volunteering
of the Board of Supervisors of New York:

OPINION.

The act of the Legislature, chapter 29, passed February 10, 1865, in section seventh, expressly affirmed the ordinance of the Board of Supervisors of January 10, 1865, with two other ordinances, to provide for the procurement of volunteers, &c., &c.

No condition is imposed of submitting any question to the people, which is effectually dispensed with by the passage of this act.

There is no doubt of the validity of the act under the Constitution, the power of taxing not being restricted.

(Brewster vs. City of Buffalo, 19 N. Y. Rep., 116.)

The County bonds issued under this ordinance are therefore valid obligations on the County for the principal and interest; and when issued in due form, are negotiable and binding in favor of takers in good faith.

(Gilpeke vs. City of Dubuque, 1 Wallace Rep., S. C. N. S., 220.)

April 6, 1865.

(Signed) DANIEL LORD.

XI. The Revision of the Quota.

In reports, heretore submitted to your honorable body, your committee have very fully detailed the circumstances under which the quota of this County under the last call was so materially increased. One of the principal causes of this increase was the fact that credits allowed us in December, for excess of years on naval credits counted for one year on the July call, were taken from us in January and allowed elsewhere. There were rumors that such a change was contemplated before the actual announcement was made. It was understood that, as soon as the December assignment of quotas was

announced, great pressure was brought on the Government, especially by districts which had participated in the unjust apportionment of naval credits due this County under the July call, to induce a redistribution of the credits for excess in years allowed us.

Desirous of being armed at all points, a letter, of which the following is a copy, was sent to each Member of Congress for this County:

COUNTY COMMITTEE ON VOLUNTEERING,
New York, January 11, 1865.

Hon. JAMES BROOKS,

Representative in Congress:

SIR—

I have the honor to transmit you, by express, a copy of the last report of the New York County Committee on Volunteering.

I would respectfully request your particular attention to the statements contained in said report in regard to the naval credits under the last call, which will be found on pages 231 to 282, inclusive, and also the last paragraph on page 309.

Your attention is called to the subject, for the reason that efforts may possibly be made in Congress to take from the County of New York some of her credits which are her just due, by reason of her large naval enlistments, and in such case you may desire to be informed on the matter.

Should you deem it necessary, or desire it, if you will inform me, I will transmit you any further information on the subject in my possession and not contained in the report transmitted to you.

I have the honor to be,
Very respectfully,
Your obedient servant,

(Signed) ORISON BLUNT,
Chairman N. Y. Co. Com. on Vol.

This secured to us the assistance of one or two of the members, while your Committee were in Washington endeavoring to secure justice to this County; but even they were powerless to obtain justice for us.

The reassignment of quotas not only created great dissatisfaction here, but everywhere complaints were made of its injustice. These complaints were finally pressed with so much vigor, that the President was compelled to place upon record a defense of the plan upon which the January quotas were assigned, in a letter to the Governor of Vermont.

The general complaint, however, seemed directed more against the manner in which the system of assignment was carried out, than against the principle of the assignment itself. Finally, the President appointed a Commission, to examine into the method on which the quota of

January had been assigned. Their report, although bearing out the views expressed by this committee in previous reports, as to the method of assignment adopted, proved to be but a defense of that method and the action of the Provost-Marshal General in making the assignment of quotas.

Besides the investigations attempted by your committee into the causes of the change in the quota from December to January, the authorities of other States and localities appointed commissions to examine into the subject, and in no one instance was there a report which did not condemn both the method on which the January quotas were assigned and the manner in which the assignment was made.

Among others, the Governor of Rhode Island dispatched his private secretary to Washington, "for the purpose of bringing to the notice of the War Department the injustice of the quota assigned to Rhode Island."

In a report subsequently made to the Governor, and by him transmitted to the Rhode Island Legislature, the commission states the method on which the January quotas were assigned substantially as stated by your committee, and therein communicates that "the injustice of this system is thus made apparent, as well as the fact that the call falls most heavily upon such States as have anticipated the necessities of the Government, and used

every effort to place men in the service in advance of the requisitions of the President."

Appendix "C," annexed, contains all the papers relating to this subject, which serve to throw light on it, and not embraced in former reports. These documents fully sustain the views of your committee, as expressed in this and reports heretofore submitted.

XII. The Bureau of Military Statistics.

By resolution adopted by your honorable body June 28, 1864 (see report of October 1, 1864, pp. 337 to 341), your committee were authorized to organize a Bureau of Military Statistics, for the purpose of preparing a permanent record of the services rendered by citizens of the County of New York, individually and collectively, in the war for the suppression of the rebellion.

On the 24th of October, 1864, your committee, after giving the subject full consideration, took the initiatory step toward organizing such a bureau, by the adoption of the following preamble and resolutions:

"*Whereas*, By resolution adopted by the Board of Supervisors June 28, and approved by the Mayor June 29, the County Committee on Volunteering were authorized

and directed, in accordance with the authority contained in chapter 51 of the Laws of 1864, to organize and establish, in connection with and as part and parcel of the business at present intrusted to their care, a bureau, to be known as the 'New York County Bureau of Military Statistics,' under such arrangements and regulations as shall seem to said committee wise and judicious; therefore, be it

"*Resolved*, That under the authority and direction contained in the aforesaid resolution, that the New York County Bureau of Military Statistics be and it is hereby established under the following present provisions, and subject to such additions and emendations as the committee shall from time to time deem it wise and judicious to make, viz.:

"*First*—The bureau shall be known and designated as 'The New York County Bureau of Military Statistics.'

"*Second*—The business of said bureau shall be conducted under the direction of the Committee on Volunteering.

"*Third*—The chief officer of said bureau shall be known as the Superintendent of the County Bureau of Military Statistics, who shall be designated by the Committee on Volunteering, and who shall have entire control of the affairs of said bureau under the direction of the Committee on Volunteering.

"*Fourth*—The subordinate officers of said bureau shall be known as clerks, and shall be appointed by the Committee on Volunteering, and shall be in number such as the exigencies of the duties of the bureau may require, and as shall seem wise and judicious to the Committee on Volunteering.

"*Fifth*—The business of the bureau shall, so long as the volunteer rooms are kept open, be conducted at said rooms in connection with the business of volunteering.

"*Sixth*—A separate and distinct account of all expenditures for books, labor, &c., in the business of collecting and collating the statistics contemplated, shall be kept in connection with the Volunteer Fund.

"*Seventh*—It shall be the duty of said bureau to proceed with all dispatch consistent with accuracy to collect, collate and put in the shape of a permanent record the following special statistics, together with such other information as may be gathered, viz.:

a. The name, description and particulars of enlistment of every person who has volunteered and been mustered, or who may in future volunteer and be mustered in the County of New York into the service of the General Government, whether in the army or navy, since April 15, 1861, including the militia from the City of New York, and the men re-enlisted in the field.

b. The personal history of every such person, so far as the same can be ascertained, including a list of battles participated in; if wounded or killed, when and where; if discharged, when, where, and for what reason; particulars of re-enlistments, promotions, &c., and payment of bounties, and of relief for families.

c. A record of the services of the several regiments, including an account of their organization and subsequent history; moneys paid to it by the City and County of New York; if disbanded or consolidated, when, and for what reason; number, and what battles participated in; number of killed and wounded in the several battles, &c.

d. All particulars as to quotas demanded of the City and County; of men furnished; of moneys raised by taxes, loans, and otherwise on the property of the City and County of New York, and for what special purposes; and, so far as can be ascertained, all particulars as to individual aid, associated efforts, aid by churches, schools, academies, societies; names of contributors, whether of money or articles, &c.

"*Eighth*—The provisions of this resolution shall take effect immediately."

After adopting this resolution, the committee delegated the power of appointing the superintendent of such bureau to its chairman, and he subsequently designated Cornelius Corson, the clerk of this committee, as such superintendent, who proceeded to lay out the plan of the work. CORNELIUS CORSON,
Superintendent of Bureau.

This programme embraces, it is believed, every feature which properly pertains to the object of such bureau as contemplated. The propriety of such a record cannot be questioned.

But before the bureau could be put in active operation, it was determined on the revision of the enrolment; and, as the latter work was the most pressingly important, further proceedings in relation to the Bureau of Military Statistics were at that time discontinued.

Before the work on the enrolment was suspended, however, the Legislature (of 1865) passed a further law relating to the general subject of military statistics throughout the State, which seemed to render it impossible to take further proceedings in regard to the contemplated bureau for this County until additional legislation should place the Supervisors in full and unquestioned power to do this work. (For act of Legislature of 1865, relating to military statistics, see Appendix "Q.")

Beyond the action above referred to, therefore, nothing has been done by your committee, directly, in the way of completing the work properly pertaining to the Bureau of Military Statistics; but indirectly much has been accomplished, the voluminous records in possession of your committee relating to volunteering in this City and County from August, 1863, when your committee was organized, to April, 1865, when recruiting closed, and the subsequent

records relating to the reimbursement for bounties paid, all being valuable data for the work of this bureau.

While it is unquestioned that this important matter should be taken in hand at the earliest day, its propriety being recognized by action taken by local authorities all over the State, and by legislative enactments on the subject, it should be remembered that this work, as relates to the County of New York, is by no means easily accomplished.

The number of men furnished by the City and County of New York was about one hundred and fifty thousand (150,000). To simply prepare accurate lists of the names of such a number of men would be a work of some magnitude; but adding to it the particulars as to the services and fate of each man, payments of bounty, and to families for relief on behalf of each, besides the many other items of interest contemplated by the laws of the State, and embraced in the programme adopted by your committee, would necessarily require an expenditure of money so large that, however proper the motive, it would hardly be justifiable without the amplest authority of law.

Hence, until further and more definite authority is given by the Legislature, your committee believe it proper to take no further proceedings in relation to the Bureau of Military Statistics; in the meantime, however, your committee have commenced the preparation of the

information required by your honorable body, in resolution adopted November 16, 1865, as follows:

"*Whereas*, The amount of taxes levied by this Board for the present and future years will be largely increased, in consequence of the expenditures of the City and County growing out of the war, which amounted (as appears from the report of the Special Committe on Volunteering, submitted June 30, 1865) to seventeen million five hundred and twelve thousand six hundred and seventy-three dollars and nineteen cents ($17,512,673 19), exclusive of the sums paid for interest, and for the reception of regiments, presentation of flags, &c.; and

"*Whereas*, The items of this expenditure have never been reported to this Board in detail; and

"*Whereas*, It is proper that such report should be made, in order that not only the magnitude of the contributions of this City and County for the maintenance of the Union, which are without parallel in history, but also the justice and economy with which they have been applied, should be placed upon record; therefore

"*Resolved*, That the Special Committee on Volunteering be directed to prepare and submit to this Board, at its earliest convenience, a detailed statement of all expenditures by the City and County, either directly or indirectly, on account of the war; and the Comptroller is hereby requested to furnish said committee with any information

on this subject, not in their possession, which may be at his command, such statement to be made up to and including the 31st day of December, 1865, and to embrace the particulars named in the schedule annexed hereto.

XIII. Accommodations for Volunteering Purposes.

The temporary buildings erected in the Park and on the Battery for volunteering purposes furnished ample accommodations for the business of recruiting, until the number of recruits swelled to nearly one hundred (100) daily. It was then found that further accommodations must be supplied.

When the work on the enrolment was discontinued, it was determined to use for recruiting purposes the buildings erected in the Park for the work of the enrolment. Possession was taken of these buildings for recruiting early in March, and the facilities afforded by them were fully equal to the enlistment of one thousand (1,000) men per day, if necessary.

Immediately on the announcement that recruiting was to be discontinued, your committee, by resolution, authorized the Comptroller to take possession of the temporary buildings in the Park, and the property therein belonging to the County. Subsequently, the Comptroller disposed of the whole of the property, including the buildings, at auction, and the amount realized was placed to the credit of the volunteer fund.

The temporary quarters on the Battery were not disposed of at that time. Before the close of recruiting, the American Union Commission applied for the use of these buildings, as a temporarary shelter for the white refugees, who were constantly arriving here in destitute circumstances. The following letters explain the objects of the association:

AMERICAN UNION COMMISSION,
No. 14 BIBLE HOUSE,
New York, April 7, 1865.

Hon. ORISON BLUNT,

Chairman Co. Com. on Volunteering:

DEAR SIR—

The American Union Commission for Relieving Destitute refugees are in need of temporary quarters in which to keep refugees through the day, while in transit to their homes, or awaiting transportation to the country.

Learning that the buildings formerly occupied by your committee for County volunteering in the Park are vacant, we would respectfully ask permission to use them for the above-named purpose. We do not design to use them for lodging or living purposes, but simply for the transaction of official business.

Very respectfully, yours,

(Signed) JOS. P. THOMPSON,

President.

H. M. PIERCE,

Recording Secretary.

NEW YORK, April 14, 1865.

Mr. ORISON BLUNT,

Chairman Com. on Vol., &c.:

DEAR SIR—

The undersigned, on behalf of the American Union Commission, respectfully request the use of the building on the Battery, recently occupied for the recruiting service, for the purpose of affording temporary shelter to white refugees as they arrive, until they can be sent to the interior among their friends, or where they can obtain employment, the undersigned pledging themselves that no sick persons shall be sent to the said building, and if any fall sick while there, they shall immediately be sent to the hospital at Bellevue.

Very respectfully, yours, &c.,

(Signed) C. R. ROBERTS, WM. A. BOOTH, GEO. W. LANE, } *Committee.*

These applications were favorably considered by your committee, and the use of the rooms on the Battery were granted to the Commission for the purposes stated.

The Commission continued in possession of these quarters until the 19th of July, when they were again delivered up to us, with the following letter:

American Union Commission,
No. 14 Bible House,
New York, July 19, 1865.

O. Blunt, Esq.

Dear Sir—

I hereby return to you the keys of our refugee barracks. Although there are still occasionally a few refugees landed here, as Government has ceased to send them north in any great numbers, and as our greater work in the Southern States is opening before us, we have decided not to keep open our home and barracks any longer.

In returning to you the keys of this building, allow me to express to you, not only in the name of the Commission, but in that of the homeless, who have here found a temporary home, our sincere thanks to you for the interest you have taken in this work of humanity, and the facilities which you have extended to us for its prosecution, without which it could not have been carried on.

I inclose a copy of Mr G. H. Allan's report, in order that you may know the amount of assistance which has been rendered at that point to those suffering people. If you will lay this report, together with this expression of the thanks of the Commission, before the appropriate County authorities, by whose allowance we have been permitted to use these barracks, you will add another ob-

ligation to those which your courtesy and kindness have already laid upon us.

Yours, respectfully,

(Signed) LYMAN ABBOTT,
General Secretary.

Your committee having no further use for the building, it was turned over to the Comptroller, and, with the furniture, sold by him at auction for the benefit of the Volunteer Fund.

In the meantime all the books and papers in the hands of your committee, relating to the work of volunteering, were transferred to Nos. 71 and 73 Duane street, and there the work of completing the records is now being conducted.

XIV.—Finances.

In the introduction to this report, your committee have detailed the financial difficulties under which they labored in raising the quota under the call of December 19, 1864.

The total expenditures in raising the quota under the last call was three million five hundred and thirty-three thousand two hundred and thirty-four dollars and thirty-one cents ($3,533,234 31). Of this sum there was expended in bounties:

To army volunteers, two million two hundred and thirty-three thousand seven hundred and twenty dollars	$2,233,720 00
To re-enlisted men, thirty-nine thousand two hundred and forty dollars	39,240 00
Total army bounties, two million two hundred and seventy-two thousand nine hundred and sixty dollars	$2,272,960 00
To naval volunteers, two hundred and twenty-three thousand five hundred and ten dollars	223,510 00
Carried forward	$2,496,470 00

Brought forward	$2,496,470 00
Total bounties, two million four hundred and ninety-six thousand four hundred and seventy dollars	2,496,470 00
For hand-money to army and navy, four hundred and fifty-two thousand seven hundred and fifty-five dollars	452,755 00
Total bounties and premiums, two million nine hundred and forty-nine thousand two hundred and twenty-five dollars	$2,949,225 00

Other Expenditures.

For correcting the enrolment, three hundred and eighty-seven thousand and eighty-six dollars and eighty-seven cents	$387,086 87
For all other expenses, advertising, furniture, pay-rolls, &c., one hundred and ninety-six thousand nine hundred and twenty-two dollars and forty-four cents	196,922 44
Total expenditures in raising quota under call of December 19, 1864, three million five hundred and thirty-three thousand two hundred and thirty-four dollars and thirty-one cents	$3,533,234 31

This sum was greatly swelled by the very large bounty paid for most of the men raised to fill this call.

And, inasmuch as the sum of seven hundred dollars ($700) per man was insufficient to raise all the men required, it is evident that, had we been compelled to raise the deficiency of about ten thousand (10,000) men, which existed when recruiting was discontinued, it could not have been done short of one thousand dollars ($1,000) per man, which would have caused an additional expenditure of ten million dollars ($10,000,000).

Appendix "R," hereto annexed, is a detailed statement of all items of expenditures in raising the quota under the call of December 19, 1864.

XV. Total Expenditures for War Purposes during the Rebellion.

On the 30th of June, 1865, your committee laid before your honorable body a copy of letter sent to the A. A. P. M. General of this district, in answer to inquiries from the War Department at Washington, relative to the total expenditures of the City and County of New York, during the rebellion, for war purposes. The total then stated was seventeen million five hundred and twelve thousand six hundred and seventy-three dollars and nineteen cents ($17,512,673 19).

Since then, and on the 27th of February, the County Treasurer submitted to your honorable body a report on the same subject, which he had prepared for the use of the Bureau of Military Statistics at Albany. This statement was obtained by a much closer examination of all classes of expenditures growing out of the war, and by superior facilities for comparison, which were not at the command of your committee. It has since been still further revised and verified by your committee, and such revision gives the total expenditures of the City and County of New York, from the public funds, for war purposes, from the 15th of April, 1861, to the 30th of De-

cember, 1865, at the aggregate of twenty million six hundred and thirty-two thousand two hundred and sixty-five dollars and forty-one cents ($20,632,265 41), made up as follows:

Paid for bounties, nine million three hundred and seventeen thousand six hundred and twelve dollars.....	$9,317,612 00
Paid for recruiting fees and hand-money, five hundred and fifty-two thousand seven hundred and fifteen dollars.....	552,715 00
Paid for all other expenses connected with bounties, four hundred and forty-five thousand four hundred and seventy-one dollars and forty-six cents.....	445,471 46
Paid for fitting out regiments in 1861, six hundred and sixty-seven thousand two hundred and eighty-three dollars.....	667,283 00
Paid for support of families of soldiers, five million nine hundred and sixty-five thousand seven hundred and eleven dollars and seventy-three cents.....	5,965,711 73
Paid for interest on City and County loans, one million five hundred and fifty-six thousand four hundred and fifty-six dollars and twenty-six cents.....	1,556,456 26
Carried forward.....	$18,505,249 00

Brought forward	$18,505,249 45
Paid for burial of soldiers, reception of regiments, &c., two hundred and twenty-three thousand and forty-seven dollars and fifty-eight cents	223,047 58
Paid for damages by rioters in 1863, one million five hundred and sixteen thousand eight hundred and eighty-one dollars and fifty-one cents	1,516,881 51
Paid for enrolment of 1864–'65, three hundred and eighty-seven thousand and eighty-six dollars and eighty-seven cents	387,086 87
Total, twenty million six hundred and thirty-two thousand two hundred and sixty-five dollars and forty-one cents	$20,632,265 41

Recapitulation.

Bounties and premiums, nine million eight hundred and seventy thousand three hundred and twenty-seven dollars	$9,870,327 00
Expenditures connected with bounties, four hundred and forty-five thousand four hundred and seventy-one dollars and forty-six cents	445,471 46
Carried forward	$10,315,798 46

Brought forward	$10,315,798 46
Expenditures not connected with bounties, ten million three hundred and sixteen thousand four hundred and sixty-eight dollars and ninety-five cents..... ...	10,316,466 95
Total, twenty million six hundred and thirty-two thousand two hundred and sixty-five dollars and forty-one cents.....	$20,632,265 41

Appended (marked "S") will be found a statement showing how this expenditure was divided under each call of the President for men.

It has been authoritatively stated that the whole amount expended by all the municipal corporations and States for war purposes reaches the sum of four hundred and sixty-seven million nine hundred and fifty-four thousand three hundred and sixty-four dollars ($467,954,364). Of this amount one hundred and eleven million five thousand nine hundred and fifty-three dollars ($111,005,953) is put down for the State of New York.

The quotas of the City and County of New York under the several calls were about one-third ($\frac{1}{3}$) of the whole quota of the State, yet our total expenditure in raising that one-third ($\frac{1}{3}$) is less than one-fifth (1-5) that of the remainder of the State in raising its two-thirds ($\frac{2}{3}$).

XVI. Suits against the Committee.

All payments, either on the part of the County or on behalf of individuals, made by your committee, were under strict rule and regulation, which in no instance was departed from. One of these rules was, that every recruit should receive his money in his own hand. This led to much complaint, especially on the part of brokers, who were exceedingly anxious to take care of the funds belonging to recruits. But the rule was inflexibly adhered to, and its justice generally admitted by an acquiescence therein on the part of those doing business with your committee.

In only one case was suit commenced against your committee by a party claiming the right to collect bounty for another. In this case, John McHugh, who claimed to be a re-enlisted man and credited to this County, executed a power of attorney to his wife to collect his bounty. Payment was refused until the man himself should appear with the papers necessary to prove the fact of his discharge, re-enlistment and credit. Suit was commenced in the Kings County Circuit of the Supreme Court, on behalf of said McHugh; but on presentation of the fact, principally, that the committee's regulations required that

re-enlisted men should appear in person, and that said McHugh never had appeared, the plaintiff was beaten.

In the payment of substitutes, the amount to be deposited by principals and paid to substitutes was fixed by resolution of your committee, and also strictly adhered to. No one was required nor allowed to pay more than the exact amount which was to be paid to the substitute, and whenever a substitute was presented the whole amount of the deposit was paid. Nor was any substitute allowed to be enlisted until it was expressly stated to him that he was to go as such substitute, and his consent obtained, which consent was in every case attested by his signature to the necessary papers.

James Morgan enlisted in the navy as a substitute, in August, 1864, and received two hundred and seventy dollars ($270) for one-years service, which amount had been deposited with your committee for this purpose by Mr. Frederick B. Elliott.

Subsequently, suit was commenced on behalf of Mr. Morgan, alleging—

First—That he did not enlist as a substitute, but as a volunteer, and that he was fraudulently made to appear in the papers as a substitute; and

Second—That the chairman of your committee sold the papers for seven hundred dollars ($700) to Mr. Elliott,

defrauding Morgan out of the difference of four hundred and thirty dollars ($430) between said seven hundred dollars ($700) and the two hundred and seventy dollars ($270) he actually received.

Of course, the fact that Morgan himself signed papers consenting to go as a substitute was a full answer to the first allegation, and Mr. Elliott's testimony, that he deposited with your committee only the two hundred and seventy dollars ($270) paid, was a complete answer to the second allegation. The case, however, went by default against the plaintiff, who failed to appear.

The disputes arising from the payment of hand-money were frequent, and the robberies attempted by brokers through this means were numerous and very often successful, until your committee were compelled to make a regulation that the recruit who presented himself might receive his own hand-money, and that whenever the matter was disputed the recruit should decide who was entitled to the premium.

In February, 1865, John Shea and P. W. Stapleton were enlisted, and the right to the hand-money of one hundred dollars ($100) for each recruit was disputed, the recruits claiming that they presented themselves, without any interference from any other party, and John Z. Hartt claiming that he presented them and was entitled to the premiums. After a thorough investigation, your com-

mittee were satisfied that the representations of the two recruits were correct, and the hand-money was paid to them.

Mr. Hartt sued for the two hundred dollars ($200), but on the trial he was non-suited, it appearing that he had no claim to the money at all; he being, at the time these men were enlisted, only a clerk for another party, to whom he acknowledged on the stand the claim belonged.

The complaints and answers in these three cases will be found appended, marked "T."

XVII. Reimbursement for Bounties Paid under the Call of December 19, 1864.

In the introduction to this report reference is made to the legislative enactments of 1865, relating to the reimbursement of towns and Counties for bounties paid in raising the quota under the call of the President dated December 19, 1864, for three hundred thousand (300,000) men. As previously stated, before the work of recruiting was discontinued the preparation of the evidence necessary to secure from the State reimbursement for the bounties paid on behalf of the County of New York was commenced.

As soon as recruiting was discontinued this work was vigorously pushed forward, and your committee have the satisfaction to announce that the claim of this County for reimbursement of the public funds has been closed.

In Appendix "D" of this report will be found the instructions of the State authorities, in conformity with which the evidence on these claims was prepared.

Appendix "C" gives the laws authorizing the reimbursement.

In making up our claim for the men enlisted after the quota of July 18, 1864, was filled, there was no question whatever. The evidence consisted, first, of the certificate of the Acting Assistant Provost-Marshal General of this district, as to the number of men credited; second, a muster and descriptive roll of every man enlisted, certified by the mustering officer; and third, a list of such men, made out in the following form:

FORM "C."

Roll of Recruits mustered into the service of the United States, under the call of December 19, 1864, by ———, and credited to the City of New York, County of New York, and State of New York, and to whom bounty has been paid by Orison Blunt, as Chairman of the Committee on Volunteering of the County of New York, on behalf of the said County of New York.

Form C. Roll of recruits, City of New York, County of New York.

To which was appended the following form of assignment:

I, Orison Blunt, do hereby assign to the Paymaster-General of the State of New York all my right and claim in the bounties of the men whose names are embraced in this roll of recruits, amounting in the aggregate to ——— dollars, the same having been assigned to me by said men, in pursuance to their muster into the service of the United States, for the terms of years recited on this roll; I having received from the Paymaster-General, on behalf of the County of New York, a reimbursement for said bounties paid by me on behalf of the County of New York, in pursuance of chapter 29, Laws of 1865.

Chairman N. Y. Co. Com. on Vol.

In addition to the foregoing, the following affidavit of the chairman of your committee was required as to the amount of bounty paid at various times:

STATE OF NEW YORK, }
County of New York, } *ss:*

Orison Blunt, of the City of New York, being duly sworn, deposes and says that he is and has been since the 7th day of November, 1863, the Chairman of the Committee on Volunteering for the County of New York, and as such has had charge of the payment of local bounties on behalf of said County; that, from the 28th day of September, 1864, to the 11th day of February, 1865, the bounties so paid were as follows: To each one-year man, from September 28 to October 26, 1864, one hundred and seventy ($170) dollars; from October 26, 1864, to February 11, 1865, one hundred ($100) dollars; to each two-years man, for the whole time, two hundred ($200) dollars; and to each three-years man, for the whole time, three hundred ($300) dollars, except on the 14th of January, 1865, when the amount of six hundred ($600) dollars was paid in certain special cases. And in addition there was paid to the person procuring and furnishing a recruit hand-money as follows: For each one-year man, from September 28 to October 26, 1864, one hundred ($100) dollars; and from October 26, 1864, to February 11, 1865, twenty ($20) dollars; for each two-years man, from September 28 to October 26, 1864, twenty ($20) dollars; from October 26, 1864, to February 11, 1865, thirty ($30) dollars; and for each three-years man, from September 28 to October 26, 1864, twenty ($20) dollars; from October 26, 1864, to Febru-

ary 11, 1865, fifty ($50) dollars. And furthermore, that in case the volunteer recruit presented himself for enlistment, and not through the agency of any other person or persons, there was paid to such volunteer, in addition to the above-named bounties according to the term of service, a further amount of bounty, equal in amount to the hand-money paid as above-mentioned, and that such additional bounty was paid directly to the recruit; and deponent further says, that such additional bounty has been included in the returns made by him to the Paymaster-General of the State of New York, in accordance with the provisions of chapter 29, Laws of 1865; and such returns do not include any hand-money whatever, but only such amounts as were paid directly to the recruit, in consideration of his enlistment into the service of the United States and credit to the County of New York.

(Signed) ORISON BLUNT.

The following statement, on which the foregoing affidavit and all our claims for reimbursement was based, was also submitted:

Having closed so much of the account as related to the men, in regard to our right to be reimbursed for whose bounty no question could arise, your committee then took up what was termed the "excess of years" allowed and credited on the call of December 19, 1864. These were the men who enlisted under previous calls for a period longer than one year, of which one year only was credited on the call of July 18, 1864, the balance of years being credited on the call of December 19, 1864. In regard to this claim, the State authorities furnished the following instructions in addition to those contained in Appendix "D":

STATE OF NEW YORK,
INSPECTOR-GENERAL'S OFFICE,
No. 544 Broadway,
New York, August 23, 1865.

ORISON BLUNT, Esq.,

Chairman Committee on Volunteering:

SIR—

Inclosed please find the regulations in regard to claim for "excess of years," as established by the Paymaster-General.

I am, Sir,

Very respectfully,

Your obedient servant,

(Signed) SILAS W. BURT,

Assistant Inspector-General.

REGULATIONS.

The certificate for the "excess of years" must show that the credit for the same operated to relieve the County from furnishing men under call of December 19, 1864. A form used by the Western Division of the State is herewith inclosed.

The certificate for the excess will show a much larger number of years than the State, under its rules for payment, will allow.

No "years in excess" will be paid for the men in excess of March, 1864, call, or prior calls. The call of July 18, 1864, was for one-year men, and any men in surplus of prior calls are simply allowed as for one year; but men mustered after July call for two or three years will be taken into consideration in payment for excess. The above ruling excludes payment for excess of years on the re-enlisted veterans of 1863 and 1864.

No excess will be allowed for old naval credits credited on call of July 18, 1864.

A certificate should be obtained from Provost-Marshal, showing when quota under call of July 18, 1864, was full; and if men, after the date of filling the quota, were credited on account "excess of years" on call of December 19, 1864,

for the *full term* of enlistments, the same to be certified; and that they reduced the quota to extent credited; this to embrace men mustered from date quota was full to December 19, 1864 (to show that one year of service was not credited on July call).

The certificate for excess will include the extra years of service of substitutes furnished by principals on call of July 18 to December 31, 1864; arrangements had better be made for City to collect the full amount and make the settlements.

An affidavit to be furnished, showing amount paid for men making excess of years.

TABULAR STATEMENT showing the surplus and deficiency of men in each Sub-district of the ———— Congressional District of New York, on the 18th of July, 1864; also the number obtained, and the period on the call of July 18, 1864; the quota of each Sub-district on said call, and the excess and deficiency of years of service in each Sub-district on the 31st December, 1864; this being the basis on which the quotas under call of December 19, 1864, were established:

Sub-district.		Surplus on former calls.	Deficiency on former calls.	Credits on call of July 18, 1864.			Quota call of July 14, 1864.	Excess years July 18, or on call Dec. 19, 1864.	Old Naval Credits.
No.	Name.			One Year.	Two Years.	Three Years.			

I certify that the above table is correct, and that the excess and deficiency of years set to each Sub-district was taken into consideration in apportioning the quotas under call of December 19, 1864, and operated to relieve the said District from raising men by reducing said quotas according to the number of years in excess.

Provost-Marshal.

Claims were submitted under this head for all volunteers enlisted under the call of July 18, 1864, for more than one year, the evidence being precisely similar to that in the case of enlistments under the call of December 19, 1864, except that the following form of voucher took the place of Form "C":

Excess of Years.

FORM "E."

ROLL SUPPLEMENTAL to muster and descriptive roll of recruits mustered into the service of the United States prior to the call of the President dated December 19, 1864, and credited for certain terms of service under said call of December 19, 1864, to the town of ———, County of———, as an excess of quota under former calls.

No.	NAMES.	Whole term enlisted for.	Term for which credited on call of July 18, 1864.	Term for which credited on call of Dec. 19, 1864.	Whole amount of bounty paid.	Proportion credited on call of July 18, 1864.	Proportion credited on call of Dec. 19, 1864.

Form E. Roll of men credited to ———, of ———, County of ———, on account of excess of years on call of July 18, 1864.

To which was attached the following form of assignment:

I, Orison Blunt, do hereby assign to the Paymaster-General of the State of New York all my right and claim in the bounties of the men whose names are embraced in this roll of recruits, amounting in the aggregate to ——— dollars, the same having been assigned to me by said men, in pursuance to their muster into the service of the United States, for the terms of years recited on this roll; I having received from the Paymaster-General, on behalf of the County of New York, a reimbursement for said bounties paid by me on behalf of the County of New York, in pursuance of chapter 29, Laws of 1865.

———————————

Chairman N. Y. Co. Com. on Vol.

Having closed this branch of our claim, we next submitted, in the same form as for the "excess of years," a claim for reimbursement for men enlisted prior to the call of July 18, 1864, who were in excess under the preceding call, and one year of whose service was counted on the call of July 18, 1864, and the balance of their term of service on the call of December 19, 1864. Of these men there were eleven hundred and thirty-seven (1,137), all enlisted for three years. Being in excess of demands on calls prior to July 18, 1864, they of course counted on that call for one year, that being the term of service for which that call was made. The balance of two years of service on each man was credited on the call of December 19, 1864. Our claim was, therefore, for two years of service on each man, or two-thirds ($\frac{2}{3}$) of their time, amounting to two hundred dollars ($200) per man, the whole bounty paid for the three years being three hundred dollars ($300) per man. This claim amounted to two hundred and twenty-seven thousand four hundred dollars ($227,400).

In proof that these men were not counted on calls prior to that of July 18, 1864, the following certificate of the then Acting Assistant Provost-Marshal General of this district, General William Hays, was filed with the papers:

Certificate.

Report of men raised in the Fourth, Fifth, Sixth, Seventh, Eighth and Ninth Congressional Districts in the Southern Division, State of New York, under the calls of the President for five hundred thousand and two hundred thousand volunteers, from July, 1863, *to May,* 1864.

Town	New York.
County	New York.
Draft	3,059
Number of regulars, volunteers	13,262
Number of veterans	6,455
Number for navy, credited as	1,564
Number of marines, credited as	167
Total raised	24,570
Quota	23,370
Deficiency	....
Excess	1,137

Remarks.

In these districts the troops were raised by the County, and proportioned among the districts.

(Signed) WILLIAM HAYS,
Brigadier-General Volunteers.

This claim was rejected by the State authorities, for the reason stated in the following communication:

STATE OF NEW YORK,
PAYMASTER-GENERAL'S OFFICE,
Albany, March 27, 1866.

Respectfully returned.

Payment for excess of years is made upon the following basis: From the quota under call of July 18, as assigned, should be deducted any excess on calls prior to said call, and the balance regarded as the quota proper for call of July 18, 1864, and all persons credited on said quota for a term of years greater than one year (the basis of said call), the excess on which operated to relieve the locality from raising men under call of December 19, 1864, by being credited thereon, payment is made. All surplus on calls prior to July 18, 1864, should be deducted prior to assignment of quota. The within claim for eleven hundred and thirty-seven (1,137) years is hereby returned; no payment will be made for said credit on account of above ruling.

(Signed) S. E. MARVIN,
Paymaster-General, S. N. Y.

It is difficult to understand the reasons assigned for the rejection of this claim, but it appears to be based entirely upon the supposition that the excess of years due from these eleven hundred and thirty-seven (1,137) men was taken into consideration in assigning the quota under the call of July 18, 1864. This your committee knew not to have been the case. Proper representation of this fact

was made to the State authorities, but without any different result from that already noted.

From the additional instructions contained in the memorandum of the Assistant Inspector-General, dated August 3, 1865, it will be perceived that all claims for reimbursement for bounties paid to re-enlisted men were rejected in advance. We could not well see how any man credited under the call of December 19, 1864, could be excluded, under the law, whether a volunteer or re-enlisted man, since he counted on the quota, and the law was evidently intended to cover all proper credits; it was therefore deemed proper to make the claim in due form, and to require a formal rejection.

In raising the quota under the call of December 19, 1864, there were paid one hundred and twenty-five (125) men re-enlisted in the field, and who counted on that quota thirty-eight thousand three hundred and forty dollars ($38,340). On the call of July 18, 1864, there were paid two hundred and twelve (212) men re-enlisted in the field (one year of whose service counted on that quota and the other two years on the call of December 19, 1864), sixty-three thousand six hundred dollars ($63,600), of which we claimed to be reimbursed for two years credited on call of December 19, 1864, two-thirds ($\frac{2}{3}$) of the bounty paid them, amounting to forty-two thousand four hundred dollars ($42,400).

The total amount claimed on account of re-enlisted men was—

For 125 men, credited on call of December 19, 1864	$38,340
For 212 men, credited one year on call of July 18, and two years on call of December 19, 1864	42,400
Total	$80,740

This claim was formally rejected in the following letter, viz.:

STATE OF NEW YORK,
PAYMASTER-GENERAL'S OFFICE,
Albany, January 2, 1866.

Hon. O. BLUNT,

Chairman New York County Bounty Committee:

DEAR SIR—

The basis adopted in the reimbursement of localities for any excess on call of July 18, 1864, credited on call of December 19, 1864, precludes the State from any payment to the County of New York for veterans re-enlisting under General Orders No. 191, A. G. O. 1863, who, being in excess of calls prior to July 18, 1864, were carried forward to that call and applied on the quota. The call of July 18, 1864, was for one-year men; from the quota, as assigned under said call, should be deducted any surplus on prior calls, and the balance established as the quota under said call; and for any men mustered to

fill said quota for a greater period than demanded by said call, the locality should receive the benefit contemplated in the law. Under this rule, the claims for the re-enlisted veterans are herewith returned.

Very respectfully,

Your obedient servant,

(Signed) S. E. MARVIN,

Paymaster-General.

Appended (marked "W") is a complete statement of the amounts reimbursed the County of New York by the State for bounties:

The amount returned to the County Treasury was two million five hundred and sixty-five thousand one hundred and fifty dollars	$2,565,150 00
The amount rejected was three hundred and eight thousand one hundred and forty dollars	308,140 00
The total amount claimed was therefore two million eight hundred and seventy-three thousand two hundred and ninety dollars	$2,373,290 00

The matter of reimbursement for substitutes enlisted in this City and County was a much more complicated

arrangement than the reimbursement for volunteers. Of course, where substitutes had been enlisted by the Committee on Volunteering for those who had deposited money with them for that purpose, no one but the chairman of your committee, under whose auspices the substitutes were paid, could produce the necessary evidence on which the State would pay. It therefore became the duty of your committee to attend to the reimbursement of those individuals who had deposited money with them for such purpose, and whose deposits at the time were really so much money saved to the public funds of the County.

At first it was determined that in all cases where the substitute was not enlisted through the County, but by individuals themselves, that the State Paymaster, through his agents, should settle their claims directly, and that your committee would confine themselves to the claims of those who had enlisted substitutes through the means provided by the committee.

The State authorities soon found, however, that this could not be done, and at their solicitation it was eventually determined that all claims for reimbursement on account of substitutes enlisted in the City and County of New York should be settled through your committee. This duty was undertaken by your committee with great reluctance, but as it seemed to be the only way in which the State authorities would consent to reimburse pay-

ments for substitutes at all, it was deemed proper to undertake the work.

In order to present the proper evidence on these claims, every person who had provided a substitute to be enlisted for him was required to submit their exemption paper, and to execute the following power of attorney to the chairman of your committee:

I, ———, do hereby nominate, constitute and appoint Orison Blunt, of the City of New York, my true and lawful attorney, for me and in my name, place and stead, to collect and receive from Selden E. Marvin, Paymaster-General, any sum or sums of money due or owing to me from the State of New York, under chapter 29, Laws of 1865, and amendments thereto, for reimbursement of amount paid by me to ———, my legal substitute in the service of the United States, mustered in for —— years, on ——— day ———, 1864, to whom I paid $——.

STATE OF NEW YORK, }
City and County of New York, } *ss:*

On this 28th day of June, 1866, before me, a Notary Public, personally appeared Orison Blunt, who being duly sworn, doth depose and say: That he was Chairman of the Committee on Volunteering of the County of New York, aforesaid, for the years 1864 and 1865, and had charge of the payment, on behalf of the Comptroller of said City and County, of local bounties for said County on the calls of July 18 and December 19, 1864; and that while having said charge he also paid a large number of the persons named as enlisted substitutes in the accompanying rolls, and that in every case where such payment was not made directly by him, he has required of the persons claiming to have made such payment an affidavit thereof; that said payments were to persons representing six thousand eight hundred and ninety-one (6,891) years of excess on the call of July 18, 1864, for which reimbursements have been made by the Paymaster-General of the State, and who severally received sums as bounty equal to nine hundred and seventy-one thousand three hundred and fifty-seven dollars and twenty-five cents ($971,357 25), or at the rate of one hundred and forty-one dollars ($141) per year for each year of said service credited on the call of December 19, 1864, which excess operated to re-

lieve the County of New York from raising men under the call of December 19, 1864, to the extent of said credit.

The business of reimbursement for substitutes was rendered more difficult by the fact that nearly all the payments by the State were in bonds of one thousand dollars ($1,000), or more. At first your committee pursued the plan of obtaining authority from the parties making claims to sell the bonds in the market, the claimants submitting to the discounts.

But, eventually, the plan was adopted of paying the claimants, who were willing to take them, one thousand dollar ($1,000) bonds, receiving the difference between the claim and the bond in money; and the funds thus received were applied to reimbursing those claimants who presented evidence that they were unable to pay the difference between the amount of their claim and the bond.

It is proper to remark that your committee found this business of reimbursing individual claimants a thankless task. Though nothing was charged for the labor involved in preparing the necessary papers to perfect these claims, in too many instances claimants who had paid a less amount than that allowed by the State were dissatisfied that they were not paid more money than they had actually expended.

The total amount claimed for substitutes, except those claimed as "surplus of years," was two hundred and thirty-two thousand seven hundred and eighty-four dollars ($232,784), of which the whole amount was reimbursed,

and paid over to the parties on whose behalf substitutes were enlisted.

Appendix "X," annexed, is a complete statement of the amount received from the State in reimbursement of sums paid for the enlistment of substitutes, except for the "surplus of years."

The following statement shows the whole amount reimbursed this County by the State, including the payments to the County and to individuals (except for "surplus of years" due for substitutes):

Total reimbursed the County, two million five hundred and sixty-five thousand one hundred and fifty dollars	$2,565,150 00
Total reimbursed individuals, two hundred and thirty-two thousand seven hundred and eighty-four dollars	232,784 00
Total	$2,797,934 00

At the date of this report, the work of reimbursing claimants for amounts paid substitutes counting as "surplus of years" is in progress, and full report thereon will be made as soon as the business is completed.

XVIII. Further Reimbursement.

It is quite probable that the County may be further reimbursed for its expenditures on account of the war by the General Government.

In December, 1865, Mr. Blaine (of Maine) introduced into the House of Representatives a bill "to reimburse the loyal States for advances made and debts contracted in support of the war for the preservation of the Union," which was referred to a select committee. The committee advised with the State authorities, and found that the amount raised by loans alone by the various States and municipal corporations for the war reached the enormous aggregate of about five hundred million dollars ($500,000,000).

Subsequently, the Committee reported a bill providing for the reimbursement to the various loyal States the sum of fifty-five dollars ($55) for each man enlisted in the States, which would amount to one hundred and eighteen million four hundred and eighty-seven thousand one hundred and five dollars ($118,487,105), or little more than one-fifth (1-5) of the total. This sum it is proposed to pay the States in twenty (20) year five (5) per cent. bonds.

(This report, which is of much interest in connection

with the number of men furnished and expenditures by the States for the war, will be found appended, marked "U.")

Should this law pass, which seems quite probable at some future time, the State of New York would receive about twenty million dollars ($20,000,000). It is more than likely that some provision would be made by the State, on the receipt of this amount, for its *pro rata* division among the municipal corporations, in which case it is estimated the County of New York would be entitled to about one-third ($\frac{1}{3}$) of the amount or seven million dollars ($7,000,000), having furnished about one-third ($\frac{1}{3}$) of all the men called for from the whole State.

The distribution under this arrangement, being governed by the number of men raised, would realize to the City and County of New York a much larger sum out of twenty million dollars ($20,000,000) than was realized from the State distribution of thirty million dollars ($30,000,000), the division of which was governed by the amount actually paid in bounties. The fact that New York raised about one-third ($\frac{1}{3}$) of the men furnished by the State, and only expended about one-fifth (1-5) of the amount expended by the rest of the State in raising the other two-thirds ($\frac{2}{3}$) of the men, has operated to our injury in the State distribution, but the proposed United States distribution being based only on the number of men raised, we should be largely the gainers by that system of division.

XIX. Claims made for Bounties after Payment thereof was discontinued.

No bounty has been paid since the passage of the resolution by your committee on the 14th of April, 1865, discontinuing the same. It appeared, subsequently, however, that on the day, in April, this resolution was adopted several persons had volunteered in expectation of the bounty. But, as there was no need of further credits, your committee did not deem it advisable to open the door in any case. Had they done so, there is no knowing when payments would have stopped, for it was well understood that several thousand men, re-enlisted in the field, had been actually credited who had not yet appeared to claim their bounty, in accordance with our rule, when payment was stopped. Of course, if any one claim had been admitted all would have had to be; hence, as late as the date of this report, claims are being made for bounty for re-enlisted men. Immediately after payment was stopped the claims made were very numerous, and were in many cases backed by legal opinions, such as the following:

LAW DEPARTMENT,
OFFICE OF COUNSEL TO THE CORPORATION,
May 2, 1865.

MY DEAR SIR—

William Jamieson, of Fiftieth New York Volunteers, and William Homan, of Sixth Regulars, induced by the advertisements of this County, as they inform me, enlisted in the field, the former in December, 1863, and the latter in February, 1864, for the benefit of this County, and were mustered in and allowed to it. Owing to the fact that the muster-rolls of the Fiftieth Regiment were not here when Jamieson was here on furlough, and that Homan has not been in this City since his re-enlistment, neither have received their local bounty. Jamieson's name appears in your report at page 678, but I do not find that of Homan, although William Holman's name appears at page 662 of report.

At any rate, if they furnish the evidence that they enlisted, were mustered in and credited to this County by reason of the advertisement of its officers, they ought to be paid, and have, I think, a valid claim against the County for the amount of their bounty.

Yours truly,

(Signed) JOHN E. DEVELIN.

To Mr. BLUNT,
Chairman, &c.

The reply to this was the reply made to all, and we think your committee were fully justified in the course they pursued, saving to the County by their caution several million dollars:

New York, May 15, 1865.

Respectfully returned.

The County of New York never advertised nor held out any inducement for re-enlisted men to be credited to the County of New York, nor had they ever paid bounty to any re-enlisted man, except on strict compliance with the requirements set forth on the printed slip annexed, which embrace the rules adopted by the committee.

As the State assumed the payment of bounties by the laws of February, 1865, it is possible that these re-enlisted men may make a good claim against the State; but as the payment of County bounty has entirely ceased, I do not see how any man, no matter what the circumstances of his enlistment, can now obtain bounty from the County.

I shall be happy to see you and fully explain this subject, as a great many claims of this character are likely to arise.

I am, Sir, very respectfully,
Your obedient servant,

(Signed) O. BLUNT,
Chairman.

XX. Appeal of the Volunteer and Substitute Agents.

Your committee believe that, from the commencement of their labors, they have been enabled to entirely save the County from being victimized by agents in the volunteer and substitute business, although many attempts were made upon us. While, for some time before the close of recruiting, paper credits were the order of the day, your committee never purchased a paper credit, and believe that every man credited to the County was actually put into the service. But the system of paper credits in use in other localities became so shameful a fraud that at last the Navy Department was compelled to make most stringent regulations to secure that credits should represent men, not paper merely. Men would be enlisted in this County, and papers issued in triplicate, and then would be improperly used by the agents holding them—sometimes two or three times—for the benefit of different country towns. The Navy Department regulations designed to stop this fraud created great excitement among the agents here engaged in procuring credits, and although your committee had nothing to do with it, they were unsparingly denounced for it.

Secret meetings were held by these gentlemen, and the order of the department held up as an attempt to secure all the naval credits to the County of New York, and representations of all kinds were made to Washington, designed to secure the countermanding of the order issued, but happily without avail.

How the matter was received by those interested can best be seen by the following petition, which was extensively signed, not only by the agents, but by Supervisors of adjacent towns, who were relying on New York to fill their quotas.

To the Hon. Gideon Welles,
Secretary of the Navy:

The petition of the undersigned, Supervisors and others of the States of New York, New Jersey, and Connecticut, respectfully represent:

That we are deeply interested in filling our respective quotas of men, in anticipation of a draft, and desirous of rendering the Government all the aid in our power towards the final overthrow of armed rebellion to the national authority.

That for some time past enlistments in the navy have been seriously impeded and partially suspended, in consequence of certain rules and orders purporting to have

emanated from the Naval Bureau at Washington, of which the following are the most prominent and prejudicial, viz.:

First—"That all recruits must be credited within one week of the time of their enlistment."

Second—"That substitutes must furnish the names of their principals and places of credit when enlisted."

Third—"That aliens and others not liable to draft, must obtain a sealed request from the Provost-Marshals of the district of credit, directed to the commanders of the naval rendezvous where they may enlist, requesting such credit to be given or said recruits will not be received as substitutes."

Fourth—"That volunteers must receive and be paid on board the receiving-ship three hundred dollars ($300), and substitutes six hundred dollars ($600), for three years, and in proportion for a shorter period, or they will be rejected; that being the amount paid in the City of New York, and not in other parts of the State."

Fifth—"That parties having procured a substitute, must appear with him before the Provost-Marshal of the district of credit, and obtain his direction to the commander of the rendezvous, where he may seek to be enlisted, requesting such credit to be given or he will not be re-

ceived, (and by a more recent interpretation of the bureau) that though volunteers need no such request of the Provost-Marshal, substitutes cannot be credited without."

Your petitioners further show, that the foregoing regulations are burdensome and unjust. That, in their estimation, the Government who demand recruits *by draft* should facilitate enlistments by every means in their power, and under no circumstances should they discourage the efforts of the principals to raise and pay the entire bounties, without assistance from the General Government.

That the foregoing rules and regulations seem to have as their object, and really have in their operation, the effect of centralizing in and for the City and County of New York all naval credits of men shipping at that port, almost to the exclusion of the balance of the State, together with the neighboring States of New Jersey and Connecticut, all of whom are compelled to bring their recruits to the naval rendezvous of New York and Brooklyn for enlistment.

Your petitioners further show, that the City of New York is rich, populous, and powerful, and that they can and do pay larger bounties than the surrounding districts. That the naval rendezvous being located in their midst, they are not put to the expense of traveling long dis-

tances with recruits, nor of paying agents to superintend their enlistment and credit.

That your petitioners consider it unjust to compel them (in view of all these disadvantages) to pay as high bounties as the City of New York, or lose the recruit, credit, and time and money expended in his transit, the effect simply being to pass him over to the credit of said City. That it is indeed a violation of the obligation of contracts, *solemnly guaranteed to us by the Constitution*, to compel us to pay a higher price to the recruit than he has contracted and is willing to go for. That it is equally unjust to compel principals in adjacent States and counties to take the recruit or substitute before a Provost-Marshal of his district, and obtain his direction to commanders of rendezvous, in order to secure a credit. For the City of New York, with the recruit and Provost-Marshal on hand, it is comparatively an easy matter, but oppressive and unjust to us, who have to travel long distances for its accomplishment. Equally onerous and unfair is it to compel substitutes to furnish the names of their principals at the time of enlistment. Our men frequently come in from long voyages, and wish to enlist at once, and be credited as substitutes to the place they claim domicile.

If our agents have no principals on hand, we lose the credit before they can get one, and the recruit is readily absorbed by the City of New York. That, through the

instrumentality of these and similar specious orders, almost all of the naval recruits enlisted go to the same credit, and the surrounding districts are defrauded out of their just rights.

Your petitioners further show, that said City has natural advantages, in her maritime position and naval rendezvous, sufficient to insure her the *lion's* share of recruits, without invoking to her aid rules and orders from the Navy Department, the intent, object, and effect of which are to drive aliens and citizens fairly belonging to surrounding districts into her net, for her exclusive benefit. That the large naval credit she effected through the efforts of her Supervisors on the last draft was (in the enlightened opinion of your petitioners) *mainly* derived from the absorption of recruits and credits that really belonged to other districts, and should have been equitably distributed among them. That in this manner the City of New York has been almost wholly exonerated from a draft, while the Government was defrauded out of the just complement of men she should have furnished, and the rural districts were compelled to shoulder the additional burden.

Without intending to seem invidious, we hazard the suggestion, that the difficulties the Government have encountered in said City, by the resistance made to the draft from a *portion* at least of her misguided population, is no adequate reason why she should be ingeniously pro-

tected from its operations, and the burden placed on the shoulders of her neighbors.

That your petitioners simply claim fair and equal rights; that aliens and others not liable to draft, and not residents of New York City, but who claim domicile in other places, shall have the privilege, on making affidavit of the facts, of being credited as they desire, without the intervention of Provost-Marshals, and without the necessity of being paid a larger amount than the price agreed on; and that the City of New York no longer compel us to come up to their standard of prices, with the privilege and ability of increasing as we approximate toward their standard.

That all of said grievances have produced already much dissatisfaction. That hundreds of recruits have been altogether lost to the Government thereby. That enlistments have been greatly impeded, and will in time be entirely suspended unless the evils complained of be reasonably modified or abated.

And your petitioners ever pray, &c.

NAMES.	RESIDENCES.

As it was insisted, not only by these gentlemen but by a portion of the public press at that time, that your com-

mittee had instigated the order of the Navy Department which was complained of, it is deemed proper here to disavow any such interference. Although regarding the order as a very proper one, your committee had nothing to do with it, and, in fact, knew nothing of it until the order was actually issued. Its provisions operated to check the business of your committee as well as all others; but as its design was to secure that the Government should actually receive all the men credited, and that such men should receive their bounty, it was to that extent in conformity with the wishes and efforts of your committee.

While upon the subject of fraudulent credits, we would call attention to a circumstance which completely vindicates the authorities of the County of New York from any suspicion that there were fraudulent enlistments through their instrumentality. In report dated February 28, 1865 (pages 102–5), attention is called to a letter of Provost-Marshal General James W. Fry to Acting Assistant Provost-Marshal General E. W. Hinks, relative to fraudulent enlistments, in which occurs the following passage:

"Of the five thousand four hundred and sixty-two (5,462) stated above as enlisted to the credit of New York City, since July last, many were fraudulently enlisted and counted several times over, and some of them are still in the City of New York, repeating their enlistments to fill the present quota. The conduct of the parties implicated in these frauds is now undergoing official scrutiny."

This statement was denied and fully disproved in our report of February 28, but we have now the amplest testimony that, at the very time this statement was made, General Fry, and those acting under his orders in ferreting out fraudulent enlistments, were satisfied that the authorities of the County of New York were not only innocent of participating in these frauds, but that attempts at such frauds here would be unsuccessful. It will be recollected that General Fry, through Colonel Baker and others, arranged a plan by which, through a special office opened at Hoboken, they expected to capture many bounty-jumpers. This matter was in part investigated before a committee of the last Congress, appointed to investigate statements and charges made by Hon. Roscoe Conkling against Provost-Marshal General Fry and his bureau, and among other witnesses was Theodore Allen, who was engaged by General Fry and Colonel Baker to assist in trapping bounty-jumpers. At page 161 of the printed testimony (House Document, Report No. 93), after testifying to having had an interview with General Fry on the subject of capturing these bounty-jumpers, the following occurred:

"*Question*—Now, tell the committee in your own language all that passed between you and General Fry—all that was said upon that occasion. Tell just what you recollect took place there.

"*Answer*—He said he had been informed of the plans

that had been made between Colonel Baker and myself for the capture of bounty-jumpers, with the view of breaking up bounty-jumping.

"*Question*—Well, what further?

"*Answer*—And he wanted to know if he had understood the plan rightly, and what it was. I told him I had seen Baker and talked with him on this matter, and that we had a plan arranged, and had hired an office in Hoboken; *because they would go to Hoboken to enlist and desert before they would to New York*, because at New York they would be known. *They would not have the opportunity of enlisting in New York* that they would if they came to Hoboken, it being out of the State."

At page 175, being still upon the matter of his interview with General Fry, Mr. Allen says:

"I went over the ground, and told him that I thought it best to open a recruiting office at Hoboken, and that we had hired such an office in Hoboken, and that it was our object to have a mustering officer appointed there; that I thought Colonel Ilges was the best man, as he had been in our office in Chambers street, and that we should have a mustering officer appointed in Hoboken to muster these men in, *because it was a better place than New York, as the men were afraid to enlist in New York;* and that our object was to enlist four or five of the most noted bounty-jumpers every day, and let them get their bounty, and that when the grand haul was to be made that that would be

an inducement for all the bounty-jumpers to come there that day and enlist."

Comment we think unnecessary.

XXI. The Naval Credits of 1864.

In our report on filling the quota of this County under the call of July 18, 1864, for five hundred thousand (500,000) men (pages 231–282), your committee treat very fully of the manner in which a large portion of the credits due us were taken from us and given to Brooklyn and other localities by the commission appointed to determine the question as to the naval credits due New York.

We then stated that Colonel Frederick Townsend, A. A. P. M. General, Northern Division of New York, and one of the commission, had, as soon as our claim was submitted, instructed all the rest of the State to lay claim to the credits claimed by us.

We are now enabled to add to the record made in our former report some documents which will show how great was the desire to reduce the number of men claimed by us. We filed our claim for credit, and evidence in substantiation, on the 23d of August, 1864. On the 27th of August, Colonel Townsend communicated to General Fry the following:

STATE OF NEW YORK, NORTHERN DIVISION,
OFFICE OF THE A. A. PROVOST-MARSHAL GENERAL,
AND SUPERINTENDENT OF VOL. RECRUITING,
Albany, August 27, 1864.

Brig.-Gen. JAMES B. FRY,

Provost-Marshal Gen., Washington, D. C.:

GENERAL—

Colonel Stonehouse, on behalf of the Governor, visits Washington in reference to the commission for the determination of the places of credit of certain enlistments made in the navy from April 15, 1861, to February 24, 1864.

He proposes to exhibit samples of the evidence which, after much effort on his part, he has been able to secure for the examination of the commission.

It will be observed that this evidence comprises rolls which are said to be counterparts of the rolls of the various naval rendezvous in and about the City of New York, but are not official, as they need the certificate of the officers in charge of the respective rendezvous, and upon which a claim is based for twenty-five thousand (25,000) of such enlistments for credit to the City and County of New York.

In my judgment all this is just no evidence at all; and as one of the commissioners, I am unwilling to base any report upon it under present instructions.

The Supervisors of towns have been notified of this claim of the City of New York, and we are now receiving

notices from various sources in the interior of the State that evidence will be produced before the commission establishing the places of residence of many of these enlistments elsewhere than in the City and County of New York. If these naval enlistments are to be assigned prior to the 5th of September next, owing to the shortness of the period, I would recommend that the whole number due the State of New York be divided between the three divisions in the same proportion that their respective enrolments bear to the enrolment of the whole State.

I am, General,
Very respectfully,
Your obedient servant,

(Signed) FREDERICK TOWNSEND,
Lt.-Col. Ninth U. S. Infantry,
A. A. P. M. General.

The modest proposition to divide the twenty-seven thousand (27,000) credits claimed by us among the three divisions of the State, which would have left New York County, when the whole division was complete, probably about seven thousand (7,000) credits, was so palpably unjust that it resulted only in Brooklyn obtaining about six thousand (6,000) and other localities about two thousand (2,000). We have never been able until now to obtain an exact exhibit of the division of the credits of which we were then deprived, and we are gratified to place upon

record the first official report of the commission making the assignment of this State. It is as follows:

ALBANY, September 3, 1864.

Brig.-Gen'l JAMES B. FRY,

Provost-Marshal General, Washington, D. C.:

GENERAL—

The commission appointed July 22, 1864, by the Secretary of War, to ascertain what credits the State of New York and the different subdivisions of the State are entitled to under section 8 of the act, approved July 4, 1864, "further to regulate and provide for the enrolling and calling out the national forces, and for other purposes," have the honor to report that the Secretary of the Navy has furnished the commission with a statement that there have been enlisted in the navy, from the State of New York, from April 15, 1861, to February 24, 1864, twenty-seven thousand seven hundred and forty-six (27,746) men. The commission accept this as the evidence of the whole number of enlistments in the navy, credit for which is due the State of New York during such period.

In apportioning these credits among the several subdivisions of the State, the commission would have met with much embarrassment were it not for a statement contained in the letter of the Provost Marshal General of July 22, addressed to the members of the commission, which is as follows:

"In determining this question, the Secretary thinks it will be fair to presume that the State in which naval enlistments have been made is entitled to the credit for those enlistments, unless it shall appear by more direct evidence that the credits belong elsewhere."

In the evidence of naval enlistments submitted to the commission, it appears that there is no place of residence of the enlisted man specified other than the place of the naval rendezvous where enlisted; and as for the period covered by the investigation of the commission there were naval rendezvous only in the cities of New York and Buffalo; these enlistments, in the absence of "more direct evidence that the credits belong elsewhere," should be apportioned to the Congressional districts comprising those cities; but the commission, up to the present date, has received direct evidence that at least three hundred and seven (307) of these enlistments are of men whose residences are in certain interior places of the State other than the Cities of New York and Buffalo, and have consequently apportioned a credit for the same to the towns and Congressional districts entitled to them, and have deducted this number from the total number of naval enlistments certified by the Secretary of the Navy as due the State of New York for the period mentioned. But as the time for procuring evidence as to the residence of men who have thus enlisted in the navy has been so limited, and as the commission is persuaded that, had more time been allowed, at least fifteen hundred (1,500) more

enlistments would have been found to be due to the interior towns of the State, they have reserved such number, and apportioned the same temporarily to the credit of the State at large, to be more specifically apportioned hereafter. They have also deducted from the total number due the State, as certified by the Secretary of the Navy, one hundred and seventeen (117) enlistments, which appear, by a communication to the commission from the Provost-Marshal General's bureau, to have already been borne on the enrolment lists, and consequently hitherto credited by that bureau to the places where they belonged.

With these deductions, and after deducting the enlistments found to be due the City of Buffalo, namely, thirteen hundred and twenty-eight (1,328), there remain twenty-four thousand four hundred and ninety-four (24,494) enlistments which are claimed to be due to the City of New York; but for the reason that New York and Brooklyn are so intimately connected, both commercially and geographically, it has been thought just, for the purposes of this commission, that they shall be considered a unit, and the residue of credits has therefore been apportioned between these cities in proportion to their respective populations, as follows:

Brooklyn	6,046
New York	18,448

In recapitulation, the apportionment by the commission of the credits is as follows;

This completes the record—the subsequent report of the commission being merely assignments of the fifteen hundred (1,500) reserved enlistments.

No better evidence could be furnished, we think, of the injustice done New York in taking away from us the six thousand (6,000) credits given to Brooklyn than is contained in the commission's report, for it is there acknowledged that the only claim presented by Brooklyn was the fact of her intimate connection with New York, both geographically and commercially.

XXII. Men Re-enlisted in the Field.

The whole number of men re-enlisted in the field, for whom credit was claimed and received by your commitee, was six thousand and seventy-five (6,075).

By Appendix " V," it will be perceived that the whole number of re-enlisted men credited to the County, of which record was kept at the Adjutant-General's office at Albany, and of which report was made to Washington, was six thousand nine hundred and thirty-one (6,931). So that the County had credit at Washington for eight hundred and fifty-six (856) men more than she actually claimed, or than she was credited with by the Provost-Marshal of this district.

XXIII. The Examining Department.

Appendix "Y," annexed to this report, is a very full report made to your committee by Dr. William F. Browne, detailing the result of his experience as examining officer at the rooms of the committee. This report gives a variety of facts of great value in connection with the subject of recruiting. It also gives an insight into some of the many difficulties under which your committee have labored in enlisting men.

Dr. Browne was in service with your committee, as examining surgeon, for about a year, and in that capacity rendered efficient service.

XXIV. The Enrolment Bureau.

A complete history of the work in correcting the enrolment of the County of New York will be found in the report of the chief of that bureau. (Appendix, marked "Z.")

When the immense amount of labor performed is considered, it will be conceded that the expenditure for that work was quite moderate; and though its good results were not directly perceptible, yet there can be no doubt that to this, more than any other one thing, was due the escape of the County of New York from a draft. The delays made in the prosecution of the draft were principally due to the work on the enrolment; and that the work did not become useful was due only to the fact that the Government officials desired to take to themselves all the benefit to be derived from it, without giving to the County the benefit due it in return.

In connection with the report on this subject, is given a statement showing the men who were drafted in the First Ward, with the evidence collected by the Enrolment Bureau as to the liability of those men.

It will be at once perceived how utterly unreliable the Government enrolment was, and how few men the draft, predicated upon that enrolment, would have secured to the Government.

XXV. Appendices.

In connection with this report, your Committee submit very full appendices, showing in detail their operations in filling the quota under the last call of December 19, 1864, and also subsequent proceedings in reimbursing the County for volunteers, and individuals for substitutes paid bounties by reason of their counting on the quota, either in whole or in part, on said call. Ordinances, Resolutions, &c., of the Board of Supervisors in relation to the Quota, Bounties and Recruiting, under the Call of the President dated December 19, 1864, for Three Hundred Thousand (300,000) Men.

Appropriations for Bounties.

In Board of Supervisors, }
January 10, 1865. }

The following ordinance was adopted, repealing the ordinance adopted December 31, and attached to the report of the Committee on Volunteering of that date, as Appendix "A":

AN ORDINANCE

TO PROVIDE FOR THE PROCUREMENT OF VOLUNTEERS FOR THE ARMIES OF THE UNION, AS PART AND PARCEL OF THE QUOTA OF THE CITY AND COUNTY OF NEW YORK, UNDER THE CALL OF THE PRESIDENT DATED DECEMBER TWENTIETH, EIGHTEEN HUNDRED AND SIXTY-FOUR, FOR THREE HUNDRED THOUSAND (300,000) MEN.

The Board of Supervisors of the County of New York do ordain as follows:

Section 1. For the purpose of securing the additional number of men which may be required of the County of New York under the call of the President of the United States dated December twenty, eighteen hundred and sixty-four, for three hundred thousand (300,000) men, the Comptroller is hereby authorized and directed to pay, as

hereinafter provided, such sum and sums of money as may be necessary to obtain acceptable volunteers for the United States service, either in the army or navy, in such amounts as may be deemed advisable and expedient by the Special Committee on Volunteering, and his Honor the Mayor and the Comptroller; provided such volunteers shall be credited and allowed on account of the quota of men required to be furnished by the County under such call of the President.

Sec. 2. The money authorized by the preceding section to be paid for volunteers shall be paid to such volunteers respectively at the office of the Comptroller, or such other place or places as said Comptroller may designate, immediately on their furnishing satisfactory evidence of their having enlisted and been duly accepted and mustered into the military service of the United States for the term of their enlistment.

Sec. 3. In order that the Comptroller may be enabled to make the payments hereinbefore authorized, and meet the expenses necessarily incurred in the execution of this ordinance, he is hereby authorized to borrow, from time to time, on the faith and credit of the County of New York, a sum not exceeding an aggregate of two million dollars ($2,000,000), in addition to all loans heretofore authorized under authority of the Legislature or otherwise for the purpose of volunteering, which amount is hereby appropriated therefor.

Sec. 4. For the money so borrowed, the Comptroller is hereby authorized to issue bonds of the County, which shall be designated and known as the "Soldiers' Bounty Fund Bonds, No. 3," and the same shall be transferable at the pleasure of the holders thereof either in person or by attorney, only upon the books of the County, at the office of the Comptroller, and certificates of such transfer shall be indorsed thereon by the Stock and Bond Clerk.

Sec. 5. The said bonds shall be signed by the Comptoller, countersigned by the Mayor, sealed with the common seal of the Board, and attested by the Clerk of the Board; and they shall bear interest at a rate not exceeding seven per cent. per annum, payable semi-annually on the first day of May and November in each year, and the principal thereof shall be redeemable in successive annual instalments of five hundred thousand dollars ($500,000) each, commencing on first day of November, eighteen hundred and ninety-five.

Sec. 6. For the payment of the principal of said bonds, and the interest to accrue thereon, the faith of the County of New York and the Board of Supervisors of said County is hereby solemnly pledged, and the Comptroller is hereby authorized and required to redeem and cancel the same, from time to time, at or before their maturity.

Sec. 7. The Mayor and Comptroller of the City of New

York, and the following-named members of this Board, that is to say, Elijah F. Purdy, Orison Blunt, William M. Tweed, and William R. Stewart, are hereby designated and appointed a committee to procure the enlistment of the volunteers authorized by this ordinance, and to secure the counting of the volunteers raised under this ordinance upon the quota of this County.

Sec. 8. The Comptroller is hereby requested to apply to the Legislature now in session forthe passage of an act to confirm this ordinance; and no action shall be taken thereon until the same has received the requisite legislative authority.

Sec. 9. The ordinance entitled "An ordinance to provide for the procurement of volunteers for the armies of the Union, as part and parcel of the quota of the City and County of New York, under the call of the President dated December twenty, eighteen hundred and sixty-four, for three hundred thousand (300,000) men," adopted by this Board on the thirty-first day of December, eighteen hundred and sixty-four, and approved by the Mayor on the same day, is hereby rescinded and repealed.

Committee to visit Washington in regard to the Quota.

In Board of Supervisors,
January 25, 1865.

The report of the Committee on Volunteering of this date having been accepted—

Supervisor Roche presented the following resolution:

Resolved, That the Committee on Volunteering be and it is hereby directed to proceed to Washington immediately, to ascertain the cause of the sudden and alarming increase in the number of men demanded from the County of New York under the last call of the President, and that they take with them the evidence of the enormous excess of the enrolment upon which the quota is assigned.

Which was adopted.

Appeal to the City Authorities.

Supervisor Blunt presented the following:

Whereas, There are of the quota of the County of New York, under the President's last call for three hundred thousand (300,000) men, as such quota is now announced, about twenty thousand (20,000) men to be raised; and

Whereas, Notwithstanding the liberal bounties still paid by the County, the number of men enlisted by the Volunteer Committee and credited to this County is very small; and

Whereas, It is a well-known fact that there are now being enlisted in this City and County for the volunteer force, the regular army and the navy, from two to three hundred men per day, all of whom are credited to localities other than this County, and very many to places in adjoining States, notwithstanding that it is in direct violation of law to take any man out of this County for enlistment in any other State; and

Whereas, One great and growing source of difficulty in filling our quota is the large and continually increasing number of recruiting booths established and being established in all the public places in this County, ostensibly for the purpose of enlisting men for this County, but which are really used to entice men away from us; and

Whereas, The County Committee on Volunteering have frequently appealed to the Common Council and endeavored to procure the passage of an ordinance calculated to check the business of recruiting in this County for other localities, and also to secure the discontinuance of the practice of granting privileges to erect booths for recruiting purposes in our public parks and squares; but such appeals have as yet met with no response, while, at every meeting of the Common Council, the number of recruit-

ing booths is largely increased, although we have repeatedly stated that such action is only a hindrance to the raising of our own quotas, and but additional facilities for those who would rob the County of her men; therefore, be it

Resolved, That the Common Council of the City of New York be and it is hereby respectfully invited to aid the County Committee on Volunteering in the work of saving the County of New York from the calamity of a draft, by adopting the ordinance hitherto recommended, for the purpose of punishing those who may be engaged in the business of procuring men, enlisting in and for New York County, to be credited to any locality other than New York. And be it further

Resolved, That the Common Council of the City of New York be respectfully and earnestly urged to refuse any further permits for the erecting of recruiting booths in our public streets, parks and squares; and also solicited to pass a general resolution revoking all such privileges heretofore granted, assuring them that in no other way can they so effectually contribute to save the City from the calamity of a draft. And be it further

Resolved, That a copy of this preamble and resolutions, duly attested by the Clerk of this Board, be transmitted to his Honor the Mayor, and the Honorable the Common Council of the City of New York.

Which were adopted.

Hand-Money.

In Board of Supervisors, }
January 27, 1865. }

The following resolution in regard to hand-money, or premiums for the enlistment of volunteers, was adopted:

Resolved, That the Special Committee on Volunteering be and they are hereby authorized and directed to pay such sums for hand-money as they may in their judgment deem advisable, in order to fill the quota of this County with the least possible delay, to the extent of the appropriation made by the ordinance of June 14, 1864.

Appeal to the Legislature.

In Board of Supervisors, }
January 31, 1865. }

Supervisor Blunt offered for adoption the following resolutions:

Whereas, On the 14th day of June, 1864, the Board of Supervisors passed an ordinance appropriating two million dollars ($2,000,000) to raise recruits, in anticipation

of the call which was then expected, and which call was issued on the 18th day of July, 1864, for five hundred thousand (500,000) men; and

Whereas, There was under such call demanded of this County twenty-three thousand (23,000) men, which demand was filled by the County Volunteer Committee at an expense of less than five hundred thousand dollars ($500,000), the small expenditure being due to the fact that there were obtained on such quota credits for about twenty-one thousand (21,000) men who had previously enlisted in the army and navy, and never been credited; and

Whereas, After that enormous quota had been filled at so little expense, the County Volunteer Committee, under authority of the Board of Supervisors, deemed it proper to continue to enlist men in the army and navy, in anticipation of a still further call for men; and

Whereas, Such further call was issued December 23, 1864, being for three hundred thousand (300,000) men, under which there was first demanded a quota from this County of four thousand four hundred and thirty-three (4,433), after allowing credits claimed, which quota has now been reconsidered, and a demand made for twenty-one thousand and nineteen (21,019) men; and

Whereas, When the first quota of four thousand four hundred and thirty-three (4,433) was announced, the en-

listments were so small that an increased County bounty was thought necessary; and with a view to such increase, an ordinance was adopted by the Board of Supervisors on the 10th of January, appropriating the further sum of two million dollars ($2,000,000), the bonds for which were not to be advertised until the loan was properly legalized by the Legislature; and

Whereas, The money authorized to be raised by the ordinance of June was put before the people without legislative sanction, and about one-half subscribed for, of which a part was used to fill the quota under the call for five hundred thousand (500,000) men; and

Whereas, A bill legalizing the ordinance of June 14 was sent to the Legislature at the opening of its present session, which bill speedily passed the Senate, but now lays in the House reported upon favorably; and

Whereas, There now exists no legislative authority for raising money to fill the present quota, and unless the Legislature at once passes the bill legalizing said ordinance of June 14, there will be no way to raise the means to fill the very heavy quota of twenty-one thousand (21,000) men now demanded of us under the President's last call for three hundred thousand (300,000) men; therefore, be it

Resolved, That the Legislature of this State be and it is hereby earnestly requested to aid us in filling the enor-

mous quota now demanded of us, by speedily passing the bill now before the Assembly, legalizing the ordinance of June 14, appropriating two million dollars ($2,000,000), a portion of the money authorized by which has already been expended in raising the quota under the call of July 18, 1864, for five hundred thousand (500,000) men.

Resolved, That until the Board of Supervisors is authorized to raise the necessary means, it is impossible to increase the bounty, or even much longer to continue to pay the small bounty now being paid.

Resolved, That the honorable the Legislature be and it is hereby earnestly requested to pass a bill giving to the County of New York power to raise such sums as may be necessary for the future to fill its quotas, in accordance with the provisions of a bill which is herewith submitted.

Resolved, That a copy of the foregoing preamble and resolutions, duly attested, be at once transmitted to each member of the Legislature.

Resolved, That the Special Committee on Volunteering be and it is hereby authorized and directed to proceed to Albany, and urge upon the members of the Legislature the necessity of at once passing the bill legalizing the bounty ordinance of June last, and also the act herewith submitted:

AN ACT

TO AUTHORIZE THE BOARD OF SUPERVISORS OF THE COUNTY OF NEW YORK TO RAISE MONEYS TO ENCOURAGE ENLISTMENTS, AND TO PAY BOUNTIES TO VOLUNTEERS.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. The Board of Supervisors of the County of New York are hereby authorized and empowered, at any meeting thereof, to issue or authorize the issuing of bonds upon the credit of said County, in such amounts and denominations as the Board of Supervisors may, from time to time, direct, for the purpose of raising sufficient money to pay such bounty as they may deem proper to each volunteer under the call of the President of the United States dated December nineteen, one thousand eight hundred and sixty-four, or under any future call or calls for volunteers or men; such bounty to be paid whenever such volunteer shall have been mustered into the United States service, and credited to said County under the said call, or under any future call of the President for volunteers or men as aforesaid.

SEC. 2. The said Board of Supervisors are hereby authorized and empowered to levy and collect, according to law, by tax upon the estates, both real and personal, liable to taxation, in the City and County of New York,

such sums as may be necessary to carry into effect the provisions of the first section of this act, and to pay the principal and interest on the bonds therein referred to.

SEC. 3. All acts, so far as the same are inconsistent herewith, are hereby repealed.

SEC. 4. This act shall take effect immediately.

STATEMENT OF THE CHAIRMAN OF THE COMMITTEE ON VOLUNTEERING IN REGARD TO THE QUOTA.

In offering the preamble and resolutions just read, I deem it my duty, and I suppose it will be expected of me as Chairman of the County Committee on Volunteering, to submit a few facts and figures in relation to what has been done by this County in furnishing men to suppress the rebellion, and also to give my personal views in regard to the present position of this County, in view of the heavy demand just made upon her for men.

The first call for men upon which the Supervisors took any action was the call of May, 1863, for three hundred thousand (300,000) men, our quota being twelve thousand (12,000).

Under that call the draft of July was ordered, and the riots followed.

On the 28th of August, an ordinance was adopted by this Board, being the first ordinance adopted by us in relation to the raising of men. This was the ordinance for the relief of drafted citizens.

Under this ordinance what is now known as the County Committee on Volunteering was created.

This ordinance appropriated two million of dollars ($2,000,000). It was without legislative sanction, and under it nine hundred and forty-six thousand six hundred dollars ($946,600) was raised by subscription. It was afterwards legalized, but no more money was raised under it.

The total number of persons relieved under this ordinance was one thousand nine hundred and ninety (1,990), at a cost of six hundred and ten thousand three hundred and eighty-five dollars and fifty-five cents ($610,385 55).

On the 26th of October, 1863, the second ordinance was adopted by the Board of Supervisors. This ordinance provided for the enlistment of men in anticipation of a new call. It also appropriated two million dollars ($2,000,000), and was without legislative sanction. The whole amount appropriated by it, however, was raised.

A few days after this ordinance was adopted, a call was issued for three hundred thousand (300,000) men, and in December a further call was made for two hundred thousand (200,000) men.

In January, the Legislature legalized the ordinances of August and October, and gave us authority to raise four million dollars ($4,000,000) additional, for the purpose of obtaining volunteers; and on the 9th of February a further ordinance was adopted appropriating two million dollars ($2,000,000) of the additional amount authorized by the Legislature in the law of January.

The quota of this County under the two calls for three hundred thousand (300,000) and two hundred (200,000) men, embracing five hundred thousand (500,000) men in all, was announced on the 1st of March as fifteen thousand nine hundred and seventy-nine (15,979) men.

On the 18th of March this quota was filled; the amount expended therefor being three million eight hundred and two thousand and fifty-nine dollars ($3,802,059).

On the 15th of March, 1864, before the last call had been filled, a new call was made for two hundred thousand (200,000) men, and our quota therefor was fixed at seven thousand three hundred and eighty-nine (7,389) men.

On the 18th of March, when the previous quota was announced as having been filled, a new ordinance appropriating the further sum of two million dollars ($2,000,000) was passed, to raise the quota under the new call.

This appropriation exhausted the legislative authority for raising money.

The quota under this call of March 15 was filled on the 31st of May, 1864, at a cost to the County of one million eight hundred and sixty-five thousand and seventy-one dollars and twenty-nine cents ($1,865,071 29).

And General Hays, by letter dated June 2, acknowledged that on the 31st of May we were in excess of all men demanded of us up to that date sixty-six (66) men.

On the 14th of June, 1864, a new ordinance was adopted, appropriating the sum of two million dollars ($2,000,000) to obtain men in anticipation of a future call.

This loan was without authority of law, and has not yet been legalized.

The amount of this loan paid in and subscribed was eight hundred and fourteen thousand eight hundred dollars ($814,800).

On the 18th of July, a call was issued for five hundred thousand (500,000) men, and under that call the quota of this County was fixed at twenty-three thousand one hundred and forty (23,140) men.

This quota was filled on the 28th of September, at a cost of four hundred and fifty-five thousand one hundred and seventeen dollars and fifty-four cents ($455,117 54),

and a certificate was received from General Hays, of date September 28, to the effect that all demands upon us up to that time had been filled.

Up to this period, from the call in May, under which the Supervisors first took action, there had been called for in all one million five hundred thousand (1,500,000) men. There had been demanded of New York County, as its proportion, fifty-eight thousand five hundred and eight (58,508) men, and there had been expended by your committee in filling these quotas the sum of six million seven hundred and thirty-two thousand six hundred and thirty-three dollars and thirty-eight cents ($6,732,633 38), as the following statement will show:

Under the call of May, 1863, for..300,000 men	our quota was.....12,000,	in filling which there was expended..... $610,385 55
Under the call of October, 1863, for...300,000 men And the call of December, 1863, for...200,000 men Afterwards combined as one call for.....500,000 men	our quota was. ..15,979,	in filling which there was expended..... 3,802,059 00
Under the call of March, 1864, for.....200,000 men	our quota was... 7,389,	in filling which there was expended..... 1,865,071 29
Under the call of July 1, 1864, for.....500,000 men	our quota was...23,140,	in filling which there was expended..... 455,117 54
Making a total called for from May, 1863, to August, 1864, of..... 1,500,000 men	our quota being..58,508,	in filling which there was expended.....$6,732,643 38

Dividing this amount of six million seven hundred and thirty-two thousand six hundred and thirty-three dollars and thirty-eight cents ($6,732,633 38) by the number of fifty-eight thousand five hundred and eight (58,508) men, raised by us within the space of about fifteen

months, dating from August, 1863, when the County Committee on Volunteering was created, it will be found that the total cost to the County per man raised had been a little over one hundred dollars ($100).

This cost included all the expenses incurred by your committee for clerk hire, accommodations, advertising, supplies, &c., which expenses were necessarily very heavy.

Besides this, all the men demanded, except for the call of July, 1864, were for three years, and although the call of July, 1864, was for one-year men only, nearly all the men furnished by us for that call were for three years.

On the 19th of December, 1864, a still further call was issued for three hundred thousand (300,000) men.

This made a total of one million eight hundred thousand (1,800,000) men called for from May, 1863, to January, 1865, a period of about nineteen months, being nearly an average of one hundred thousand (100,000) men per month.

As nearly all the twenty-three thousand (23,000) men furnished by us under the previous call for one-year men, were three-year men, there was a very large balance due us of years of service when this call was made.

We had enlisted three-years men under the one-year call, because of assurance received from Provost-Marshal General James B. Fry, in letter of date the 29th of July, 1861, in which he says, " the longer the term for which

your men are enlisted, the smaller will be the quota called for on future drafts."

On the first of December there was due us, by our own calculation, which was confirmed by the calculations of General Hays, about thirty-six thousand (36,000) years of service.

As the quota under the call for five hundred thousand (500,000) men was fixed at a little over two thousand three hundred (2,300) men, or about four thousand five hundred (4,500) men for each one hundred thousand (100,000) called for, and as the enrolment upon which we were told quotas were based could not have been increased, we figured that the new demand under the call for three hundred thousand (300,000) men would be thirteen thousand five hundred (13,500), which we believed our thirty-six thousand (36,000) years of service would supply, and leave us a surplus of twenty-two thousand five hundred (22,500) on a still further call.

On the 23d of December the quota of this County was announced, or rather it was not announced as a quota, but as a deficiency.

We were then told that, after deducting the years of service due us up to the 1st of December, this County was deficient four thousand four hundred and thirty-three (4,433) men on the last call for three hundred thousand (300,000) men.

We immediately announced that fact, and in our report stated that we could not account for even this much deficiency, excepting the quotas had been made up on the basis of a call for eight hundred thousand (800,000) years of service.

We however expressed ourselves satisfied with the deficiency, if that was the understanding.

Since that announcement, however, a reconstruction of the quotas has been made, and instead of four thousand four hundred and thirty-three (4,433) men deficiency, we are now held accountable for a deficiency of twenty-one thousand and nineteen (21,019) men.

Adding this alleged deficiency to the thirty-six thousand (36,000) years of service due us on the 1st of December, and about three thousand (3,000) years of service due for men raised from the 1st to the 31st of December, it makes a quota demanded from this County of sixty thousand (60,000) years of service under a call on the whole United States for three hundred thousand (300,000) one-year men.

It is to be regretted that the department at Washington has not pursued a different course, and announced the actual quotas and allowances under this call for three hundred thousand (300,000) men.

Under the system pursued in announcing deficiencies, and not quotas, it does seem as if the department was

desirous of obtaining men without letting the people know exactly on what basis the quota under this call for three hundred thousand (300,000) men is made.

From the figures given us there is just one of two conclusions to be arrived at.

Either the department has made the quotas upon the basis of a call for eight hundred thousand (800,000) instead of three hundred thousand (300,000) men, or else, so far as regards the County of New York, they have taken away nearly every credit allowed us in raising the quota under the call for five hundred thousand (500,000) men, and held us to be deficient on that call, and disallowed even many of the men who have been paid bounty since that quota was filled, and prior to the present call.

If the second of these causes is the one to which the present heavy demand is attributable, it is the greatest injustice ever done any community, inasmuch as we have the evidence to prove that every man, without exception, ever credited upon our quota has been enlisted within the borders of our own County.

The injustice of this is only increased by the fact that after the deficiency of four thousand four hundred and thirty-three (4,433) men was announced, positive asssurances were given me that no material change would be made in the demand; and yet, notwithstanding this assurance, after a month's delay, and within twenty days

of the time announced for the draft, a further demand for seventeen thousand (17,000) men is made upon us.

The twenty-one thousand and nineteen (21,019) men which it is now claimed we are deficient must, under the President's call, be furnished by the 15th of February.

Adding this number to the demand under previous calls, it makes seventy-nine thousand five hundred and twenty-seven (79,527) men called from this County in about twenty (20) months, under calls from the whole United States for one million eight hundred thousand (1,800,000) men, being an average demand from this County of about four thousand (4,000) men per month, or about one hundred and thirty (130) men per day.

These are startling figures.

Neither the authorities nor the people of this County have as yet comprehended the enormity of the demands made upon them, nor the tremendous work hitherto achieved in satisfying these demands.

But the recent action of the Government makes it necessary now that we should look stern facts in the face. In addition to the fifty-eight thousand five hundred and eight (58,508) men hitherto credited, the County of New York, previous to the time when credits were allowed, furnished nearly sixty thousand (60,000) men (for which assertion there are official data in the departments at Washington and at Albany), besides about thirty thou-

sand (30,000) militia men, who have done over one hundred (100) days' service each.

In summing up the gross total of years of service rendered by New York County since the rebellion—a period of about three years and a half—we find that it amounts to about three hundred thousand (300,000) years of service, to say nothing of probably twenty thousand (20,000) men taken out of the City of New York for other localities, representing about forty thousand years of service.

But to come to present realities. The County of New York stands to-day just in this position. To raise twenty-one thousand (21,000) men within fifteen days now allowed us—which would be fourteen hundred (1,400) men each day—at any price, may be regarded simply as a matter of impossibility, by any means short of a draft.

The men are not to be had, even if the money to pay them bounties could be raised.

The amount remaining of the money raised under the ordinance of the 18th of June, and balances of previous funds which have been consolidated, is inconsiderable; and it is certain that no more money can be raised under that ordinance or under the ordinance passed in January, or under any other ordinance which could be passed, until the Legislature shall grant us additional power.

However unjust the demands of the Government may

be, it is the duty of the County authorities to endeavor to fulfil them, since there is no appeal.

This Board has already shown by its action a disposition to increase the bounty, in order to obtain what men we can towards the twenty-one thousand (21,000) demanded.

But it is useless to talk of increasing the bounty until we can raise the money to pay it. Five hundred dollars ($500) per man for twenty-one thousand (21,000) men would cost just ten million five hundred thousand dollars ($10,500,000), not one dollar of which are we authorized by law to raise, nor can we raise it without authority of law.

And it is doubtful whether a sum much under one thousand dollars ($1,000) per man for one-year men will raise the immense number required, and that would cost twenty-one million dollars ($21,000,000).

If anything is to be done towards filling this demand for twenty-one thousand (21,000) men, we must wait at least until the Legislature legalizes the ordinance of June last. But that would give us only one million dollars ($1,000,000)—a mere drop in the bucket.

A bill for this purpose, introduced in the Legislature early in the present session, was promptly passed in the Senate, but now lays in the House, although reported upon favorably.

If we must furnish these twenty-one thousand (21,000)

men, what we need of the Legislature is a law giving the County authorities full power to raise whatever funds may be necessary to secure the men which may now or hereafter be demanded of us. And the resolution which I have submitted and the law attached thereto, is intended to accomplish this object.

But even with all requisite legislative assistance to enable us to raise money—even should the Common Council lend us the aid so much needed and so often asked for, to prevent the carrying off of our men from our limits—even should we have all the assistance which the Police Department can render us—even should a portion of the public press change its course and aid the cause—and add to this the most active exertions of our whole people, we can expect to accomplish but little towards raising the number of men required of us in the time given.

I am sure that the people of New York stand ready now, as they ever have, to sacrifice their last man and their last dollar to crush out this unholy rebellion; and it is much to be regretted that this disposition should be met by so unexpected a demand as has been made upon us.

The Board of Supervisors of this County, since they first took in hand the business of filling quotas, in August, 1863, have labored assiduously, as one man, to obtain all the men demanded of us. There has been no dissenting voice among us; and how well they have discharged

their duty the facts and figures given by me will demonstrate; and to-day I am sure all my colleagues, with me, stand as ready as ever to do all that lays in their power to fill the present demand, futile as the effort may seem, considering the time allowed.

But we will make the effort. If we fail, the fault will not be ours; and, having done all we could, we shall stand vindicated before our constituents of this County, and the people of the whole country.

And as the first step in the effort to fill the demand made upon us, I move that the preamble and resolutions offered by me be adopted.

The preamble and resolutions offered by Mr. Blunt were adopted.

Committees to Visit Washington, Albany, &c.

The President (Supervisor Tweed) presented the following resolutions:

Resolved, That Supervisors Blunt, Purdy, Shook, Ely, Stewart, Willmann, and Fox be and hereby are appointed a committee to proceed to Washington, and confer with the Government authorities, War Department, &c., as to the quota of twenty-one thousand and nineteen (21,019) men called for by the Provost-Marshal General, under the

proclamation of the President of the United States of December, 1864, for three hundred thousand (300,000) men for the armies of the Union.

Resolved, That Supervisors Smith, Fox, Davis, and Roche be and hereby are appointed a committee to proceed to Albany, and urge upon the honorable the Legislature of this State the imperative necessity for the passage of the act to authorize the Board of Supervisors to issue bonds and to raise money by tax on the real and personal property of this County to pay bounties to volunteers, &c., for the armies of the United States.

Resolved, That Supervisors Stewart, Blunt, Purdy, and Ely be and are hereby appointed a committee to invite the citizens of this County, the banks and other moneyed institutions to subscribe for such County bonds as may be issued for loans authorized by law, to pay bounties to volunteers to fill the quotas of the County, under calls of the President of the United States for men for the armies of the Union, with power to add as a committee of conference such citizens as in their judgment may be deemed advisable, and that they be requested to take into prompt consideration the matters herein referred to them.

Which were adopted.

Further Appropriation for Bounties.

In Board of Supervisors,
February 1, 1865.

The following ordinance was this day adopted, appropriating three million dollars ($3,000,000) in addition to the appropriation of two million dollars ($2,000,000) made January 10, for the purpose of filling the present quota.

AN ORDINANCE

TO PROVIDE FOR THE PROCUREMENT OF VOLUNTEERS FOR THE ARMIES OF THE UNION, AS PART AND PARCEL OF THE QUOTA OF THE CITY AND COUNTY OF NEW YORK, UNDER THE CALL OF THE PRESIDENT DATED DECEMBER TWENTY, EIGHTEEN HUNDRED AND SIXTY-FOUR, FOR THREE HUNDRED THOUSAND (300,000) MEN.

The Board of Supervisors of the County of New York do ordain as follows:

Section 1. For the purpose of securing the additional number of men which may be required of the County of New York under the call of the President of the United States dated December twenty, eighteen hundred and sixty-four, for three hundred thousand (300,000) men, the Comptroller is hereby authorized and directed to pay, as hereinafter provided, such sum and sums of money as may be necessary to obtain acceptable volunteers for the

United States service, either in the army or navy, in such amounts as may be deemed advisable and expedient by the Special Committee on Volunteering, and his Honor the Mayor and the Comptroller; provided such volunteers shall be credited and allowed on account of the quota of men required to be furnished by the County under such call of the President.

Sec. 2. The money authorized by the preceding section to be paid for volunteers shall be paid to such volunteers respectively at the office of the Comptroller, or such other place or places as said Comptroller may designate, immediately on their furnishing satisfactory evidence of their having enlisted and been duly accepted and mustered into the military service of the United States for the term of their enlistment.

Sec. 3. In order that the Comptroller may be enabled to make the payments hereinbefore authorized, and meet the expenses necessarily incurred in the execution of this ordinance, he is hereby authorized to borrow, from time to time, on the faith and credit of the County of New York, a sum not exceeding an aggregate of three million dollars ($3,000,000) in addition to all loans heretofore authorized under authority of the Legislature or otherwise for the purpose of volunteering, which amount is hereby appropriated therefor.

Sec. 4. For the money so borrowed the Comptroller is hereby authorized to issue bonds of the County, which

shall be designated and known as the "Soldiers' Bounty Fund Bonds, No. 4," and the same shall be transferable at the pleasure of the holders thereof, either in person or by attorney, only upon the books of the County at the office of the Comptroller, and certificates of such transfers shall be indorsed thereon by the Stock and Bond Clerk.

Sec. 5. The said bonds shall be signed by the Comptroller, countersigned by the Mayor, sealed with the common seal of the Board, and attested by the Clerk of the Board, and they shall bear interest at a rate not exceeding seven per cent. per annum, payable semi-annually, on the first day of May and November in each year, and the principal thereof shall be redeemable in successive annual instalments of five hundred thousand dollars ($500,000) each, commencing on the first day of November, eighteen hundred and ninety-five.

Sec 6. For the payment of the principal of said bonds, and the interest to accrue thereon, the faith of the County of New York and the Board of Supervisors of said County is hereby solemnly pledged, and the Comptroller is hereby authorized and required to redeem and cancel the same from time to time, at or before their maturity.

Sec. 7. That the Mayor and Comptroller of the City of New York, and the following-named members of this Board, that is to say, Elijah F. Purdy, Orison Blunt, William M. Tweed, and William R. Stewart, are hereby

designated and appointed a committee to procure the enlistment of volunteers authorized by this ordinance, and to secure the counting of the volunteers raised under this ordinance upon the quota of this County.

Sec. 8. The Comptroller is hereby requested to apply to the Legislature, now in session, for the passage of an act to confirm this ordinance; and no action shall be taken thereon until the same has received the requisite legislative authority.

In order to respond to the requisitions made on this department by the chairman of your Committee on Volunteering for funds to pay the bounties for volunteers, it is

necessary that this balance should be secured without delay. It is hoped that the institutions which have not as yet responded will do so at once, thus enabling the committee to secure the large number of men presenting themselves as volunteers, in order to avoid, if possible, the necessity of a draft.

Taking into consideration the number of men offered and accepted during the past week, this balance, if obtained, will be expended in a few days.

In order to continue this patriotic work, it will be necessary to provide means in addition to the balance referred to above.

A loan of two million dollars ($2,000,000) is authorized by an ordinance of your honorable body, passed January 10, 1865, and has received the sanction of the Legislature by an act passed February 10, 1865 (see chapter 29, Laws 1865).

The bonds to be issued by virtue of this ordinance are to be made payable in annual instalments of five hundred thousand dollars ($500,000) each, commencing November 1, 1895, at a rate of interest not to exceed seven per cent. per annum.

The loans of the County of New York have heretofore been negotiated at six per cent. per annum. At the present time, however, the General Government is offering securities at seven and three-tenths per annum, and the

State Government is in the market with a loan at seven. It therefore becomes necessary for the County to fix the rate of interest on the aforesaid loan at seven per cent. per annum, in order that it may be speedily negotiated, as delay will defeat the purpose for which it is authorized.

As the bonds to be issued for said loan are for a period of thirty years, it is believed that by fixing the rate of interest at seven per cent. they may readily be disposed of by inviting sealed proposals for the same at a handsome premium on their par value.

I shall await your action before taking measures to negotiate the aforesaid loan.

Respectfully submitted,

(Signed) MATTHEW T. BRENNAN,
Comptroller.

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
Comptroller's Office, February 9, 1865.

DEAR SIR—

Your attention is respectfully invited to the inclosed ordinance of the Board of Supervisors authorizing a loan of two million dollars ($2,000,000), for the purpose of procuring volunteers for the armies of the Union, &c., approved by the Mayor, June 25, 1864, and which has re-

ceived the sanction of the Legislature of the State by an act legalizing the same (chapter 17), passed February 8, 1865.

There remains a balance of the amount authorized, as above, of nine hundred and sixty-eight thousand five hundred dollars ($968,500), for which bonds will be issued, payable June 1, 1865, with interest at six per cent. per annum.

In consequence of the late call of the President for three hundred thousand (300,000) men, it becomes necessary to raise the said balance without delay, or the work of procuring volunteers by the County will necessarily be suspended.

Please advise the Comptroller the amount of the aforesaid balance you will take, to enable the Committee on Volunteering to carry out the patriotic purpose of the Board of Supervisors, and thus avert or mitigate the impending draft.

Yours, respectfully,

(Signed) MATTHEW T. BRENNAN,
Comptroller.

The foregoing communication having been received and directed to be entered at length in the minutes—

Supervisor Blunt presented for adoption the following resolution:

Resolved, That the Comptroller be and he is hereby authorized and directed to advertise forthwith, in the public newspapers, for five days, for proposals to "Soldier's Bounty Fund Bonds, No. 3," to bear interest at the rate of seven per cent. per annum, payable semi-annually, authorized by an ordinance of this Board passed January 10, 1865, and sanctioned by the Legislature February 10, 1865.

Which was adopted.

This sum has been disbursed, and no further payments can be made to your Committee on Volunteering for the purpose of paying bounties to volunteers without further action.

In order to obtain funds from the State to reimburse this County for payments made in pursuance of the act, chapter 29, Laws of 1865, the undersigned applied to the Governor in person during the past week, and yesterday a telegram was sent to the Paymaster-General requesting a return of moneys so advanced. By information received this morning from the Governor, through Waldo Hutchins, Esq., I learn the State is not in funds at present to respond.

The undersigned, accompanied by Mr. Hutchins and the chairman of your Committee on Volunteering, visited this morning the various moneyed institutions, to obtain further subscriptions to the County loan, but were unsuccessful; the various parties called upon stating that they had subscribed to the loan of the State, and were await-

ing notification to pay the same, and regretted that in consequence of such action they were unable to aid the County by subscribing to its loan.

I would recommend that the Committee on Volunteering be authorized to proceed to Albany, to confer with the Governor in respect to this matter, in order to effect a transfer of a portion of the subscriptions to the State loan to the loan of this County, and to be used for the purpose of securing our quota of men for the army under the late call. Many of the subscribers to the State loan have signified their willingness to make such transfer, if authorized so to do by the State authorities.

I am happy to be able to state that funds sufficient to meet the requirements for volunteering during the day have been furnished by F. S. Winston, Esq., President of the Mutual Life Insurance Company, who has supplied one hundred thousand dollars ($100,000), which amount has been applied toward this object.

Respectfully submitted,

(Signed) MATTHEW T. BRENNAN,
Comptroller.

SEVEN PER CENT. COUNTY LOAN.—*Proposals for two million dollars* ($2,000,000) *Soldiers' Bounty Fund Bonds, No. 3, of the County of New York.*—Sealed proposals will

be received at the Comptroller's office until Tuesday, February 28, at 2 o'clock P. M., when the same will be publicly opened, for the purchase of the whole or any part of the sum of two million dollars ($2,000,000), of the "Soldiers Bounty Fund Bonds, No. 3," authorized by an ordinance of the Board of Supervisors passed January 10, 1865, and legalized by an act of the Legislature of the State of New York passed February 10, 1865, (*vide* chap. 29, 1865).

The said bonds will bear interest at the rate of seven per cent. per annum, payable semi-annually, on the first day of May and November, in each year, and the principal will be redeemable in successive annual instalments of five hundred thousand dollars ($500,000) each, commencing on the first day of November, 1895.

Proposals will state the amount of bonds desired, and the price per hundred dollars thereof; and the persons whose proposals are accepted will thereupon be required to deposit with the County Treasurer the sums awarded to them respectively.

On presenting to the Comptroller the receipts of the County Treasurer for such deposits, the parties will be entitled to receive bonds for equal amounts of the par value of the sums awarded to them, bearing interest from the dates of payment.

Each proposition should be sealed and indorsed "Pro-

posals for Soldiers Bounty Fund Bonds, No. 3," and inclosed in a second envelope, addressed to the Comptroller. The right is reserved to reject any or all of the bids, if considered necessary to protect or promote the interests of the County.

Comptroller.

Circular.

City of New York—Department of Finance,
Comptroller's Office, February 23, 1865.

The Comptroller respectfully invites attention to the above advertisement for proposals for a thirty-years loan at seven per cent. It cannot be doubted that our fellow-citizens generally desire that the quota for this County, under the present call of the President for men for the United States army, should be raised without resorting to a draft for this purpose.

It is hoped, therefore, that capitalists and others in this City having funds to invest, will, in view of the purpose for which it is designed, give the above named loan the preference; and that the whole amount will be taken without delay, in order that our City may be saved from the impending draft.

(Signed) MATTHEW T. BRENNAN,
Comptroller.

The foregoing communication having been received, Supervisor Willmann offered the following resolution for adoption:

Resolved, That the County Volunteer Committee be and are hereby authorized and directed to proceed immediately to Albany, and confer with his Excellency the Governor, and request him to cause to be transferred to this County the sum of five hundred thousand dollars ($500,000), or such other amount as he may deem proper, of the subscription for the State loan, for the purpose of procuring volunteers for the United States army and navy, to be credited on the quota of the County of New York.

Which was adopted.

IN BOARD OF SUPERVISORS,
March 30, 1865.

The Comptroller presented to the Board of Supervisors the following communication:

CITY OF NEW YORK—DEPARTMENT OF FINANCE,
Comptroller's Office, March 29, 1865.

Gentlemen of the Board of Supervisors
of the County of New York:

The following amounts have been paid on account of the Soldiers' Bounty Fund Bonds, No. 3, since my communication of the 23d instant, viz.;

S. C. Williams and others, Guardians	$20,000
Miss Hannah J. Ruckle	1,000
Elijah F. Purdy, President Sixpenny Savings Bank	5,000
James Lenox	6,000
Citizens' Fire Insurance Company	5,000
Third Avenue Savings Bank	10,000
Bank of the State of New York	5,000
Brown Brothers & Co	5,000
Grinnell, Minturn & Co	3,000
Wellesly Whyte	1,000
William B. Astor	10,000
Tradesmen's Bank	10,000
Globe Mutual Life Insurance Company	10,000
Merchants' Exchange Bank	5,000
	$96,000

Which, together with the amount heretofore reported, makes a total of nine hundred and eighty-nine thousand and one hundred dollars ($989,100).

The subscriptions at present being received are altogether inadequate to supply the Committee on Volunteering with funds to secure the requisite number of volunteers demanded by the authorities of the United States, in time to be available on account of the present draft. The Comptroller regrets to state that, notwithstanding his most earnest appeals to the public for sub-

scriptions on account of this loan, he is unable to provide sufficient means for the purposes of volunteering, and therefore the labors of the Committee must cease, unless those having the means subscribe, without delay, for the balance of the loan authorized, and the State authorities reimburse this County for the amounts heretofore advanced on its account.

Respectfully submitted.

(Signed) MATTHEW T. BRENNAN,
Comptroller.

Supervisor Blunt stated that the Committee on Volunteering had authorized Wm. H. Anthon, Esq., to personally visit capitalists, and endeavor to obtain subscriptions to the County loan.

Mr. Anthon had received the following authority from the committee:

HEADQUARTERS CO. COM. ON VOLUNTEERING,
CITY HALL PARK, BROADWAY, COR. CHAMBERS ST.,
New York, March 25, 1865.

At a meeting of the New York County Committee on Volunteering, held this day, it was unanimously

Resolved, That Gen. William H. Anthon be and he is hereby authorized and requested to wait on capitalists, banking-houses, and moneyed institutions, for the purpose of securing subscriptions to the seven per cent. volun-

teer loan, authorized by the Board of Supervisors of New York County, January 10, 1865, and confirmed by act of the Legislature, chapter 29, Laws of 1865.

(Signed) C. GODFREY GUNTHER, *Mayor*,
ORISON BLUNT,
WILLIAM M. TWEED,
ELIJAH F. PURDY,
MATTHEW T. BRENNAN, *Comptroller*.
Committee on Volunteering of N. Y. County.

A copy of the above, with the following circular, had been addressed by Mr. Anthon to various capitalists and moneyed institutions:

DEAR SIR—

Experience has shown conclusively that a compulsory conscription or draft would be one of the greatest calamities which could happen to the City of New York, while it would, probably, like that which took place in the summer of 1863, prove an utter failure, so far as the great object of filling the national armies is concerned.

A due regard, therefore, for the comfort of many families which will be left destitute if their head is conscripted, for the peace of our City, which is in some danger of being again disturbed, and for the national cause, which will be injured by the failure to supply men at this crisis, should induce us to bend all our energies to the

only true and American mode of raising troops, namely, by volunteering.

Thousands of men stand ready to volunteer at this moment, but the County Committee are destitute of funds, while nearly a million of County volunteer loan seven per cent. bonds, beyond all question the best investment in the market, remain untaken.

I respectfully request you to lay this subject before your Board of Directors, with a few remarks upon the importance of the crisis, and to urge upon them the necessity of making as liberal a subscription as possible.

Please direct your answer to me as soon as possible, at Box No. 2,408, New York Post-office.

Yours, respectfully,

(Signed) WM. HENRY ANTHON.

The following communication from Mr. Anthon would seem to indicate that his efforts were at first somewhat successful:

NEW YORK, March 29, 1865.

HON. ORISON BLUNT:

I announce the following subscriptions to the County loan, and will send others this afternoon, as the lists come in:

Ketchum, Son & Co	$5,000
Ward & Co	5,000
Merchants' Bank	5,000
Bank of America	5,000
Wm. Alex. Smith, of H. Meigs, Jr., & Smith	1,000
	$21,000

Respectfully yours,

(Signed) WM. HENRY ANTHON.

NEW YORK, March 29, 1865.

Hon. ORISON BLUNT,

Supervisor, &c.:

DEAR SIR—

I announce the following additional subscriptions to the County loan. More to come:

Corn Exchange Bank	$5,000

Yours, respectfully,

(Signed) WM. HERNY ANTHON.

On motion of the President (Supervisor Tweed), the Board then adopted the following resolution:

Resolved, In the opinion of this Board, that the Comptroller should receive subscriptions for the Bounty loan in amounts of fifty dollars ($50) and upwards.

Appeal to the People for Aid.

In Board of Supervisors,
March, 6, 1865.

Supervisor Roche offered the following preamble and resolution:

Whereas, On the occasion of the national celebration of Union victories this day, in the great City of New York, when the people are rejoicing at the signal success of our armies and navy in restoring peace and preserving the Constitution and enforcing the laws of the United States, it seems eminently proper that this Board should place upon record its cordial and hearty co-operation and sympathy with the general and heartfelt rejoicing; and

Whereas, It is believed that the encouragement of enlistments to fill the quota of this County for the armies and navy of the Union is a most patriotic and praiseworthy evidence of such co-operation and sympathy; therefore

Resolved, That the members of the Board of Supervisors of the County of New York hereby respectfully and earnestly request the best efforts of all patriotic citizens, among all classes of the people—merchants, citizens and tax-payers—in procuring volunteers for the armies of the

Union in filling the quota of the County of New York under the last call of the President of the United States.

Which was adopted.

Supervisor Blunt submitted the following:

Resolved, That the Committee on Volunteering be directed to issue an appeal to the people to aid the Supervisors in increasing volunteering to an extent sufficient to avert the calamity of a draft.

Which was adopted.

Enrolment—Ways and Means.

In Board of Supervisors,
April 1, 1865.

The following resolutions were adopted:

Resolved, That the Committee on Volunteering be requested to communicate with the War Department at Washington, and urge the acceptance of the corrected enrolment of this City, in accordance with the understanding had with the Department on the 3d day of February last.

Resolved, That the Governor of the State be requested to transfer to this County two million dollars ($2,000,000) of the seven per cent. war bonds on account of the proportion due this County from the State, or so much thereof as will not prove prejudicial to the interests of the State; and that the Special Committee on Volunteering confer with the Governor and report to this Board.

ACTS OF THE LEGISLATURE OF 1865 RELATING TO BOUNTIES, &c.

Laws of 1865.

The following bill, legalizing the bounty ordinance of the Board of Supervisors of June 25, 1864, was passed by the Legislature February 8, 1865:

SECTION 1. The ordinance of the Board of Supervisors of the County of New York entitled "An ordinance to provide for the procurement of volunteers for the armies of the Union, as part and parcel of the quota of the City and County of New York, under any future call of the President for men," passed June twenty-five, eighteen hundred and sixty-four, is hereby declared to be lawful and of binding force.

Sec. 2. It shall be lawful for the Board of Supervisors of the County of New York to borrow, on or before the first day of June next, upon the faith and credit of said County, a sum not exceeding two million dollars ($2,000,000), and to issue therefor the bonds of said County, in the usual form, which shall be designated and known as the "Soldiers' Bounty Fund Redemption Bonds, No. 2," of the said County, and to be made payable in successive annual instalments of five hundred thousand dollars ($500,000) each, commencing on the first day of November, in the year eighteen hundred and ninety-one, and bearing interest at a rate not exceeding seven per cent. per annum, payable semi-annually, on the first day of May and November in each year. The moneys so borrowed shall be applied to the payment and redemption of the "Soldiers' Bounty Fund Bonds, No. 2," payable June first, eighteen hundred and sixty-five, issued under the ordinances of said Board of Supervisors passed June twenty-five, eighteen hundred and sixty-four, and to no other object or purpose whatever.

Sec. 3. The said Board of Supervisors of the County of New York are hereby authorized and required to order and cause to be raised, in each year, by tax upon the property by law subject to taxation within said County, the sums of money necessary to meet the interest payable on the several issues of bonds authorized by the second

section of this act, also the interest on the bonds issued under the ordinance mentioned in the first section of this act; provided, that the amount of any premiums received upon the issue of said bonds, or any of them, shall be applied to the payment of the interest on the same, and shall be deducted from the amount which would otherwise be required to be raised by tax, as herein provided.

SEC. 4. The said Board of Supervisors are hereby further authorized and required to order and cause to be raised, by tax upon the property by law subject to taxation within said County, in each year, as the said several bonds hereinbefore authorized shall respectively become due and payable, such sum of money as may be required to pay and redeem the same at the maturity thereof.

SEC. 5. This act shall take effect immediately.

I have compared the preceding with the original law on file in this office, and do hereby certify that the same is a correct transcript therefrom and of the whole of said original law.

CHAUNCEY M. DEPEW,
Secretary of State.

The following bill in relation to bounties was passed by the Legislature February 10, 1865. By it the ordinances

of the Board of Supervisors of June 14, 1864, and January 10, and February 1, 1865, are confirmed and legalized:

CHAPTER 29.

AN ACT

TO PROVIDE FOR FILLING THE QUOTA OF MEN REQUIRED FROM THIS STATE, FOR THE ARMY AND NAVY OF THE UNITED STATES, AND TO REPEAL SECTION TWENTY-TWO OF CHAPTER EIGHT OF THE LAWS OF EIGHTEEN HUNDRED AND SIXTY-FOUR, AND TO PROHIBIT ANY LOCAL BOUNTIES TO VOLUNTEERS, DRAFTED MEN, OR SUBSTITUTES, AND TO RAISE MONEY BY AN ISSUE OF THE BONDS OF THE STATE, AND TO PROVIDE FOR SUBMITTING THE QUESTION THEREON TO THE PEOPLE.

Passed February 10, 1865: three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. For the purpose of filling the quota of men required for the army and navy of the United States from this State under the last call of the President, dated December nineteen, eighteen hundred and sixty-four, and also under any future call or calls which may be made during the present war, a State bounty shall be paid to volunteers furnished from this State, as in this act is provided.

SEC. 2. Such bounty shall be paid to so many volunteers furnished from the several towns and cities of this

State as shall be necessary to fill the quota of said towns and cities, respectively, fixed by the authorities of the Government of the United States, under said call or calls; provided, that no bounty shall be paid to any volunteer until he shall have enlisted and have been accepted and credited upon the quota of the town or city from which he shall enlist, by the authorities of the United States; and provided, also, that said bounty shall only be paid to non-commissioned officers, musicians, and privates enlisting in the armies of the United States, and to persons enlisting in the navy thereof, and who shall be credited by the authorities of the United States upon the quotas of the towns or cities in this State from which they shall enlist under said call or calls; and provided, also, that no such bounty shall be paid to any volunteer, substitute, or drafted man who shall volunteer, be substituted, or be drafted to fill up any quota, or to fill up any deficiency of any quota, of any city, county, or town, arising upon any call for men made before the nineteenth day of December, A. D. eighteen hundred and sixty-four. And where, before the passage of this act, any town, city, or county, by means of local bounties raised and paid under chapter eight of the laws of eighteen hundred and sixty-four, shall have filled its quota, or any part thereof, required by the call of December nineteen, eighteen hundred and sixty-four, or shall have furnished an excess of men or of years of service, under the call of July eighteen, eighteen hundred and sixty-four, by furnishing men for

one or more years, who being or having been credited before or since said call of December nineteen, eighteen hundred and sixty-four, to said town, city or county, shall have operated to relieve, in whole or in part, said town, city, or county, from furnishing men under the call of December nineteen, eighteen hundred and sixty-four, the bounties so raised and paid, not exceeding the rates and sums mentioned in this act, shall be refunded from the moneys to be obtained, or by the bonds to be issued, under the provisions of this act; or, in case the said moneys and the said bonds shall be insufficient for the purposes of this act, by the Comptroller giving credit therefor to the several cities, counties, or towns by which the said bounties have been so raised and paid. And where there shall arise any difference or dispute as to the amount of money that ought to be refunded or credited to any county, city, or town, or as to any question in reference thereto, the same shall be finally adjusted and determined by the Governor, Comptroller, and Attorney-General, who shall be a Board for that purpose.

Sec. 3. There shall be paid to such volunteer aforesaid a sum not exceeding the sum of six hundred dollars ($600) if he enlists for three years, four hundred dollars ($400) if he enlists for two years, and three hundred dollars ($300) if he enlists for one year. And there shall also be paid to each drafted man who shall be actually mustered into the military or naval service of the United

States, the sum of two hundred and fifty dollars ($250). And to enable the authorities of the State to pay the same, the Comptroller is hereby authorized to borrow, on the credit of the general fund, from any of the funds in the treasury, sufficient moneys to carry out the provisions of this act, or in any other manner to borrow the same, and to repay the sum so borrowed from the money to be raised under and in pursuance of the provisions of this act.

Sec. 4. No city, county, or town, shall hereafter borrow or raise by tax any money, or authorize the borrowing or raising by tax of any money for the purpose of paying bounties to volunteers, drafted men, or substitutes, under the said call dated nineteenth December, eighteen hundred and sixty-four, or any future call, otherwise than as is provided in section seven of this act, and not to exceed one hundred dollars ($100) for hand-money and incidental expenses for procuring each volunteer; nor shall any city, county, or town, or any individual, or any individuals, pay any money for such purpose or purposes, otherwise than is herein provided (except that an individual may in any way hire a substitute to exempt himself from draft); but nothing in this act shall be so construed as to affect or invalidate any expenditures hitherto made, or any obligations already incurred, or the levying of any tax for the discharge of such expenditures or obligations; and every act, proceeding, or resolution of any

Board of Supervisors, or of the Common Council of any city, or of any board of town officers, or of any officer of any county, city, or town, in contravention of the provisions of this section, shall be void.

Sec. 5. The bounties provided in this act shall only be paid to the volunteers in person, or in such manner and at such time or times as shall be directed by the Governor, as Commander-in-Chief, in general orders. Any agreement by any volunteer or substitute with any broker, or any middleman, or any agent acting between him and the authorities of any city, county, or town, for the payment of any part of the bounty to be paid to him by the provisions of this act, to any other persons whether executed or not, is hereby declared to be void; and such volunteer or substitute, his heirs, personal representative, or assigns, may at any time within four years recover any money paid or received in violation of this act, with interest from the time of such payment or receipt, from the person or persons to or for whom such money is paid or received. And in an action for the recovery of money so paid or received, the defendant may be arrested, as provided in sections one hundred and seventy-nine and one hundred and eighty-one of the Code of Procedure; and the judgment recovered in any such action may be collected by execution against the person of the defendant, as provided in section two hundred and eighty-eight of the Code of Procedure.

Sec. 6. A bounty, to the amount hereinbefore provided, shall be paid to any person who has furnished or who shall furnish an acceptable substitute, to apply on the quota under the call of December 19, A. D. eighteen hundred and sixty-four, which substitute shall have been accepted by the authorities of the United States, and credited to the town, city, or county in which said person shall be enrolled, and which substitute shall go to reduce the quota in such town, city, or county, which shall be paid under such regulations as shall be prescribed by the Governor, as Commander-in-chief, by general orders. But if any such person has received any sum from any city, county, or town, he shall receive, by virtue hereof, no more than enough to make the amount to be paid to him equal to the bounty hereby provided for.

Sec. 7. Section twenty-two, of chapter eight, of the laws of eighteen hundred and sixty-four, entitled "An Act to authorize the levying of a tax upon the taxable property of the different counties and towns in this State, to repay moneys borrowed for or expended in the payment of bounties to volunteers, or for the expenses of their enlistment, or for aid to their families, or to pay any liability incurred therefor, or that may hereafter be incurred, and to amend section one of chapter five hundred and fourteen of the laws of eighteen hundred and sixty-three," is hereby amended so as to read as follows:

"§ 22. The Board of Supervisors of the several

counties in this State are hereby authorized and empowered at any meeting of the said Board, duly called and convened, to adopt resolutions to provide for raising money upon the credit of their respective counties, for the use of said county, or upon the credit of any city or town thereof, for the sole use of said city or town, or to levy and impose a tax upon the taxable property of their respective counties, for the use of said county, or upon any town or city thereof, for the sole use of said town or city, for the purpose of paying bounties to volunteers into the military or naval service of the United States during the existence of the war now carried on, and for the purpose of paying the incidental expenses of such volunteering, and of raising such moneys and for the purpose of furnishing temporary relief to the families of such volunteers; but no such money shall be raised upon the credit of any town, nor shall any tax for money to be raised upon the credit of any town be levied and imposed upon the taxable property of such town, except upon the vote of a majority of the electors of said town present and voting at an annual town meeting, or at a meeting called for that purpose, in accordance with the provisions of the Revised Statutes for calling special town meetings, and special town meetings may be called for that purpose; nor of any city, except upon a vote of a majority of all the members elect to the Common Council thereof, duly certified and transmitted to the Board of Supervisors of the county. And any and all

taxes imposed by vote of such electors upon the taxable property of any town, for the raising of money for any of the purposes mentioned in this section, shall be levied by such Board of Supervisors upon the taxable property of said town, and collected in the manner provided in the eleventh section of this act, for the collection of taxes therein mentioned; provided, however, that no sum or bounty shall be raised or paid or offered under the provisions of this section to a greater amount than three hundred dollars ($300) for a one-year volunteer or substitute, four hundred dollars ($400) for a two-years volunteer or substitute, and six hundred dollars ($600) for a three-years volunteer or substitute, and two hundred and fifty dollars ($250) to a drafted man. And if this act shall be ratified by the people, as is herein provided, then the sums so raised and paid by the said cities, counties, and towns to the amounts aforesaid, and no more, shall be refunded or credited in the same manner as is provided in section two of this act."

The ordinances of the Board of Supervisors of the County of New York, passed June fourteen, eighteen hundred and sixty-four, January ten, eighteen hundred and sixty-five, and February one, eighteen hundred and sixty-five, to provide for the procurement of volunteers for the armies of the United States, as part and parcel of the quota of the City of New York, under the call of the President for men, are hereby declared to be lawful and

of binding force so far as they are not inconsistent with the provisions of this act.

Sec. 8. To provide the means of paying the said bounties under the provisions of this act, a debt of this State is hereby authorized, which debt shall be for the single object of raising the money to pay the bounties herein named.

Sec. 9. The debt hereby created shall not exceed the sum of thirty million dollars ($30,000,000); and there shall be imposed, levied and assessed upon the taxable property of this State a direct annual tax, to pay the interest on the said debt as such interest falls due, which said direct annual tax shall be sufficient to pay such interest as it falls due; and there shall also be imposed, levied, and assessed upon the taxable property of this State a direct annual tax to pay, and sufficient to pay, in the space of eighteen years from the time of the passage of this act, the whole of the debt created under and by the provisions of this act. Of the debt to be created under and by virtue of the provisions of this act, the principal of one-third part thereof shall be paid in six years from the passage of this act; the principal of one-third part thereof shall be paid in twelve years from the passage of this act, and the principal of one-third part thereof in eighteen years from the passage of this act

Sec. 10. To obtain the money necessary for the pur-

poses contemplated by this act, the Comptroller is authorized to issue the bonds of the State in such sums each as shall seem meet to him, with coupons thereto attached, for the payment of the interest on such bonds, at a rate not exceeding seven per centum per annum, half-yearly, on the first day of July and January in each year, until the principal is payable, at such place in the City of New York as shall seem meet to him. One-third part of such bonds shall be payable in six years from the passage of this act; one-third part of such bonds shall be payable in twelve years from the passage of this act; one-third part of such bonds shall be payable in eighteen years from the passage of this act; and the whole principal shall be payable in such place in New York City as the Comptroller shall deem meet. The Comptroller shall, before disposing of said bonds, or any of them, advertise for proposals for the same, and shall open the proposals and award the same to the highest bidder, at a rate not less than par, which advertising and disposition shall be according to the provisions of the law now existing.

Sec. 11. This act shall be submitted to the people at the next general election to be held in this State. The inspectors of election in the different election districts in this State shall provide at each poll, on said election day, a box, in the usual form, for the reception of the ballots herein provided; and each and every elector in this State may present a ballot, which shall be a paper ticket, on

which shall be printed or written, or partly written and partly printed, one of the following forms, namely: "For the Act to create a State Debt to pay Bounties," or "Against the Act to create a State Debt to pay Bounties." The said ballots shall be so folded as to conceal the contents of the ballot, and shall be indorsed "Act in relation to Bounties."

Sec. 12. After finally closing the polls of such election, the inspectors thereof shall immediately, and without adjournment, proceed to count and canvass the ballots given in relation to the proposed act, in the same manner as they are by law required to canvass the ballots given for Governor; and thereupon shall set down in writing, and in words at full length, the whole number of votes given "For the Act to create a State Debt," and the whole number of votes given "Against the Act to create a State Debt," and certify and subscribe the same, and cause the copies thereof to be made, certified, and delivered, as prescribed by law in respect to the canvass of votes given at an election for Governor. And all the provisions of law in relation to elections, other than for military and town officers, shall apply to the submission to the people herein provided for.

Sec. 13. The Secretary of State shall, with all convenient dispatch, after this act shall receive the approval of the Governor, cause the same to be struck off and printed

upon slips, in such numbers as shall be sufficient to supply the different officers of this State concerned in notifying or in holding elections, or in canvassing the votes, and shall transmit the same to such officers.

Sec. 14. Sections one, two, three, four, five, six, seven, eleven, twelve, thirteen, and fourteen of this act shall take effect immediately upon its passage; but the eighth, ninth, and tenth sections thereof shall not become a law until it is ratified by the people, in pursuance of the Constitution and the provisions thereof.

State of New York, }
Office of the Secretary of State. }

I have compared the preceding with the original law on file in this office, and do hereby certify that the same is a correct transcript therefrom and of the whole of said original law.

Given under my hand and seal of office, at the City of Albany, this eleventh day of February, in the year one thousand eight hundred and sixty-five.

CHAUNCEY M. DEPEW,
Secretary of State.

On the 24th of February, the Legislature passed the following bill relative to bounties. It differs from the preceding bill only as regards the State loan for bounties, enacting that in case the people shall not authorize the

State loan to pay the debt, as provided for in the preceding act, then said debt shall be paid by immediate taxation. This act also confirms and legalizes the ordinances of the Board of Supervisors:

CHAPTER 41.

AN ACT

TO PROVIDE FOR FILLING THE QUOTA OF MEN REQUIRED FROM THIS STATE FOR THE ARMY AND NAVY OF THE UNITED STATES, AND TO AMEND SECTION TWENTY-TWO OF CHAPTER EIGHT OF THE LAWS OF EIGHTEEN HUNDRED AND SIXTY-FOUR, AND TO REGULATE LOCAL BOUNTIES TO VOLUNTEERS, DRAFTED MEN, OR SUBSTITUTES.

Passed February 24, 1865; three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. For the purpose of filling the quota of men required for the army and navy of the United States from this State, under the last call of the President, dated December nineteen, eighteen hundred and sixty-four, and also under any future call or calls which may be made during the present war, a State bounty shall be paid to volunteers furnished from this State, as in this act is provided.

SEC. 2. Such bounty shall be paid to so many volunteers furnished by the several towns and cities of this

State as shall be necessary to fill the quota of said towns and cities respectively, fixed by the authorities of the Government of the United States, under said call or calls; provided, that no bounty shall be paid to any volunteer until he shall have enlisted and have been accepted and credited upon the quota of the town or city from which he shall enlist, by the authorities of the United States; and provided, also, that said bounty shall only be paid to non commissioned officers, musicians, and privates enlisting in the armies of the United States, and to persons enlisting in the navy thereof, and who shall be credited by the authorities of the United States upon the quotas of the towns or cities in this State from which they shall enlist under said call or calls; and provided, also, that no such bounty shall be paid to any volunteer, substitute, or drafted man who shall volunteer, be substituted, or be drafted to fill up any quota, or to fill up any deficiency of any quota of any city, county, or town, arising upon any call for men made before the nineteenth day of December, A. D. eighteen hundred and sixty-four. And where, before the passage of this act, any town, city, or county, by means of local bounties, raised and paid under chapter eight of the laws of eighteen hundred and sixty-four, shall have filled its quota, or any part thereof, required by the call of December nineteen, eighteen hundred and sixty-four, or shall have furnished an excess of men or of years of service under the call of July eighteen, eighteen hundred and sixty-four, by furnishing men

for one or more years, who, being or having been credited, before or since said call of December nineteen, eighteen hundred and sixty-four, to said town, city, or county, shall have operated to relieve, in whole or in part, said town, city, or county from furnishing men under the call of December nineteen, eighteen hundred and sixty-four, the bounties so raised and paid, not exceeding the rates and sums mentioned in this act, shall be refunded from the moneys to be obtained; or, in case the said moneys shall be insufficient for the purposes of this act, by the Comptroller giving credit therefor to the several cities, counties or towns, by which the said bounties have been so raised and paid. And where there shall arise any difference or dispute as to the amount of money that ought to be refunded or credited to any county, city, or town, or as to any question in reference thereto, the same shall be finally adjusted and determined by the Governor, Comptroller, and Attorney-General, who shall be a board for that purpose.

Sec. 3. There shall be paid to each volunteer aforesaid a sum not exceeding the sum of six hundred dollars ($600) if he enlists for three years; four hundred dollars ($400) if he enlists for two years; and three hundred dollars ($300) if he enlists for one year. And there shall also be paid to each drafted man who shall be actually mustered into the military or naval service of the United States the sum of two hundred and fifty dollars ($250).

Sec. 4. No city, county, or town shall hereafter borrow or raise by tax any money, or authorize the borrowing or raising by tax of any money for the purpose of paying bounties to volunteers, drafted men or substitutes, under the said call dated nineteenth of December, eighteen hundred and sixty-four, or any future call, otherwise than is provided in section seven hereof, and not to exceed one hundred dollars ($100) for hand-money and for incidental expenses for procuring each volunteer; nor shall any city, county, or town, or any individual, or any individuals, pay any money for such purpose or purposes otherwise than as is herein provided (except that an individual may in any way hire a substitute to exempt himself from draft); but nothing in this act shall be so construed as to effect or invalidate any expenditures hitherto made, or any obligations already incurred, or the levying of any tax for the discharge of such expenditures or obligations; and every act, proceeding, or resolution of any Board of Supervisors, or of the Common Council of any city, or of any board of town officers, or of any officer of any county, city, or town, in contravention of the provisions of this act, shall be void.

Sec. 5. The bounties provided in this act shall only be paid to the volunteers in person, or in such manner and at such time or times as shall be directed by the Governor, as Commander-in-Chief, in general orders. Any agreement by any volunteer or substitute made with any

broker, or any middleman, or any agent acting between such volunteer or substitute and the authorities for the payment of such bounty or bounties, or of any part thereof, to any other person, whether executed or not, is hereby declared void; and such volunteer or substitute, or his heirs or personal representative or assigns, may at any time within four years after the money shall be paid or received, recover any money paid or received in violation of this act, with interest from the time of such payment or receipt, from the person or persons to or for whom such money is paid or received. And in an action for the recovery of money so paid or received the defendant may be arrested, as provided in sections one hundred and seventy-nine and one hundred and eighty-one of the Code of Procedure; and the judgment recovered in any such action may be collected by execution against the person of the defendant, as provided in section two hundred and eighty-eight of the Code of Procedure.

Sec. 6. A bounty, to the amount hereinbefore provided, shall be paid to any person who has furnished or who shall furnish an acceptable substitute to apply on the quota under the call of December nineteen, eighteen hundred and sixty-four, which substitute shall have been accepted by the authorities of the United States and credited to the town, city or county in which said person shall be enrolled, and which substitute shall go to reduce the quota in such town, city or county, which bounty

shall be paid under such regulations as shall be prescribed by the Governor, as Commander-in-Chief, by general orders. But if any such person has received any sum from any city, county, or town, he shall receive, by virtue hereof, no more than enough to render the amount to be paid to him equal to the bounty hereby provided for.

Sec. 7. Section twenty-two of chapter eight of the laws of eighteen hundred and sixty-four, entitled "An Act to authorize the levying of a tax upon the taxable property of the different counties and towns in this State, to repay moneys borrowed for or expended in the payment of bounties to volunteers, or for the expenses of their enlistment, or for aid to their families, or to pay any liability incurred therefor, or that may hereafter be incurred therefor, and to amend section one of chapter five hundred and fourteen of the laws of eighteen hundred and sixty-three," is hereby amended so as to read as follows:

"The Board of Supervisors of the several counties in this State are hereby authorized and empowered, at any meeting of the said Board duly called and convened, to adopt resolutions to provide for raising money upon the credit of their respective counties, for the use of said county, or upon the credit of any city or town thereof, for the sole use of said city or town, or to levy and impose a tax upon the taxable property of their respective coun-

ties for the use of said county, or upon any town or city thereof, for the sole use of said town or city, for the purpose of paying bounties to volunteers into the military or naval service of the United States, during the existence of the war now carried on, and for the purpose of paying the incidental expenses of such volunteering, and of raising such moneys, and for the purpose of furnishing temporary relief to the families of such volunteers; but no such money shall be raised upon the credit of any town, nor shall any tax for money to be raised upon the credit of any town be levied and imposed upon the taxable property of such town, except upon the vote of a majority of the electors of said town, present and voting at an annual town meeting, or at a meeting called for that purpose, in accordance with the provisions of the Revised Statutes for calling special town meetings, and special town meetings may be called for that purpose; nor of any city, except upon a vote of a majority of all the members elect to the Common Council thereof, duly certified and transmitted (except in the City and County of New York) to the Board of Supervisors of the county. And any and all taxes imposed by a vote of such electors upon the taxable property of any town, for the raising of money for any purposes mentioned in this section, shall be levied by such Board of Supervisors upon the taxable property of said town, and collected in the manner provided in the eleventh section of this act, for the collection of taxes therein mentioned; provided, however, that no

sum or bounty shall be raised, or paid, or offered, under the provisions of this section, to a greater amount than three hundred dollars ($300) for a one-year volunteer or substitute, four hundred dollars ($400) dollars for a two-years volunteer or substitute, and six hundred dollars ($600) for a three-years volunteer or substitute, and two hundred and fifty dollars ($250) for a drafted man. And the sums so raised and paid by the said cities, counties and towns to the amounts aforesaid, and no more, shall be refunded or credited in the same manner as is provided in section two of this act. The ordinances of the Board of Supervisors of the County of New York, passed June fourteen, eighteen hundred and sixty-four, January ten, eighteen hundred and sixty-five, and February one, eighteen hundred and sixty-five, to provide for the procurement of volunteers for the armies of the United States, as part and parcel of the quota of the City of New York under the call of the President for men, are hereby declared to be lawful and of binding force, so far as they are not inconsistent with the provisions of this act.

Sec. 8. The sum of thirty million dollars ($30,000,000), or so much thereof as may be necessary for the purpose, is hereby appropriated out of any money in the treasury not otherwise appropriated, for the purpose of paying the bounties provided for by this act.

Sec. 9. There shall be levied, imposed and assessed

upon the real and personal estate in the State liable to taxation a tax not exceeding two per centum, the avails of which shall be devoted to restoring to the treasury the moneys drawn therefrom by the appropriations provided for in this act.

Sec. 10. Until the said tax shall be paid into the treasury, the Comptroller is authorized to borrow from any of the funds in the treasury, upon the credit of the general fund, and to charge to it, or in any other legal way to borrow such sums as may be necessary for the carrying out of the provisions of this act; which sums thus borrowed shall, as soon as the avails of the said tax are received into the treasury, be repaid by the general fund.

Sec. 11. This act is hereby declared to be a law from the time of its passage; but it shall not take effect until after the canvass of the votes by the Board of State Canvassers after the next general election; and if it shall then appear at such canvass that a majority of the votes cast at such election upon the question of creating a State debt for the purpose of raising money to pay bounties for the purpose of filling the quota of men called for from this State under the said call of December nineteen, eighteen hundred and sixty-four, passed February ten, eighteen hundred and sixty-five, has been against creating such debt, then the said Board of State Canvassers shall at once, upon completing such canvass, certify that fact

in writing to the Governor, and the Governor shall at once, upon being so certified, issue his proclamation declaratory thereof; and from the day of issuing of said proclamation this act shall take effect. But if, in making such canvass, it shall appear that a majority of the votes cast upon the said question have been for creating the said debt, then the said Board of State Canvassers shall at once, in writing, certify that fact to the Governor; and the Governor shall at once, by proclamation, make public such result; and this act shall not then take effect until after the adjournment of the next Legislature.

Sec. 3. Chapter fifty-six of the laws of eighteen hundred and sixty-five is hereby amended so that the several sections thereof, herein specified, shall read as follows:

"§ 1. There shall be imposed, levied and collected, for the fiscal year commencing on the first day of October, eighteen hundred and sixty-five, a tax of two per cent. upon the assessed value of the real and personal property in the State of New York, or so much thereof as may be necessary to provide for the payment and reimbursement or refunding or crediting of the bounties directed to be paid, reimbursed, refunded, or credited by the act, chapter twenty-nine, of the laws of eighteen hundred and sixty-five, and by the act, chapter forty-one, of the laws of eighteen hundred and sixty-five; which tax shall be levied, collected and paid into the State treasury in the same manner that all other State taxes are required to be levied, collected and paid.

SECTION 1. To provide the means of paying all bounties authorized by law to be paid by this State to volunteers, drafted men, or substitutes, and to provide the means of reimbursing cities, counties, and towns for bounties paid by them to volunteers, drafted men, or substitutes, so far as the bounties so paid by them are authorized by a law of this State, to be reimbursed or refunded to them, a debt of this State is hereby created and authorized to be contracted, which debt shall be for the single object of paying, reimbursing and refunding the said bounties.

SEC. 2. The debt hereby created and authorized to be

And to create a sinking fund for the payment of said debt, there shall also be imposed, levied and assessed upon the taxable property of this State a direct annual tax to pay, and sufficient to pay, in the space of twelve years from the time of the passage of this act, the whole of the debt created and contracted under and by the provisions of this act.

Sec. 3. To obtain the money necessary for the purposes contemplated by this act, the Comptroller is authorized to issue the bonds of the State in such sums each as shall seem meet to him, with coupons thereto attached for the payment of the interest on such bonds, at a rate not exceeding seven per centum per annum, half-yearly on the first days of July and January in each year, until the principal thereof is payable, at such place in the City of New York as shall seem meet to him, and the whole principal shall be payable at such place in New York City as the Comptroller shall deem meet, in twelve years from the passage of this act. The bonds to be issued by the Comptroller under the provisions of this act shall be disposed of by the Comptroller as follows: *First*—He shall, as soon

as may be after the approval of this act by the people, issue at par to the holders of any of the revenue bonds of this State which, under the provisions of any law of this State, shall have been theretofore issued by him to raise moneys for the payment of the bounties specified in the first section of this act, or to reimburse or refund to cities, counties, or towns the bounties paid by them, as specified in the first section of this act, so much of the bonds authorized by this act as shall equal in amount the revenue bonds of this State which shall have heretofore been issued by him as aforesaid. *Second*—He shall then, as to the remainder of the bonds authorized to be issued by this act, before disposing of them or any of them, advertise for proposals for the same, and shall open the proposals and award the same to the highest bidder, at a rate not less than par, which advertising and disposition shall be according to the provisions of law now existing.

Sec. 4. This act shall be submitted to the people at the next general election to be held in this State. The Inspectors of Election in the different election districts in this State shall provide at each poll, on said election day, a box in the usual form, for the reception of the ballots herein provided; and each and every elector of this State may present a ballot, which shall be a paper ticket, on which shall be printed or written, or partly written and partly printed, one of the following forms, namely: "For

SEC. 5. After finally closing the polls of such election, Inspectors thereof shall, immediately and without adjournment, proceed to count and canvass the ballots given in relation to the proposed act, in the same manner as they are by law required to canvass the ballots given for Governor; and thereupon shall set down in writing, and in words at full length, the whole number of votes given "For the act to create a State debt," and the whole number of votes given "Against the act to create a State debt," and certify and subscribe the same, and cause the copies thereof to be made, certified and delivered, as prescribed by law in respect to the canvass of votes given at an election for Governor. And all the provisions of law in relation to elections, other than for military and town officers, shall apply to the submission to the people herein provided for.

SEC. 6. The Secretary of State shall, with all convenient dispatch, after this act shall receive the approval of the Governor, cause the same to be struck off and printed upon slips, in such numbers as shall be sufficient to supply the different officers of this State concerned in notify-

ing or in holding elections, or in canvassing the votes, and shall transmit the same to such officers.

APPENDIX C.

The Change in Quotas—Letter of President Lincoln—Report of the Government Commission on the Quota—Report of the Rhode Island Commission on the Quota—The New Enrolment Law of Congress.

The President to the Governor of Vermont.

EXECUTIVE MANSION,
Washington, February 8, 1865.

His Excellency, Governor SMITH, *Vermont:*

Complaint is made to me by Vermont that the assignment of the quota for the draft on the pending call is intrinsically unjust, and also in bad faith of the Government's promise to fairly allow credits for men previously furnished. To illustrate, a supposed case is stated as follows:

Vermont and New Hampshire must, between them, furnish six thousand men on the pending call, and being equal, each must furnish as many as the other in the long run. But the Government finds that, on former calls, Vermont furnished a surplus of five hundred and New Hampshire a surplus of one thousand five hundred; these two surpluses making two thousand, and added to the six thousand, making eight thousand to be furnished by the two States, or four thousand each, less by fair credits. Then subtract Vermont surplus of five hundred from her four thousand, leaves three thousand five hundred as her quota on the pending call, and likewise subtract New Hampshire surplus of one thousand five hun-

dred from her four thousand, leaves two thousand five hundred as her quota on the pending call. Thus, three thousand five hundred and two thousand five hundred makes precisely the six thousand which the supposed case requires from the two States; and it is just equal for Vermont to furnish one thousand more now than New Hampshire, because New Hampshire has furnished heretofore one thousand more than Vermont, which equalizes the burdens of the two in the long run; and this result, so far from being bad faith to Vermont, is indispensable to keeping good faith with New Hampshire. By no other result can the six thousand men be obtained from the two States, and at the same time deal justly and keep faith with both, and we do but confuse ourselves in questioning the process by which the right result is reached. The supposed case is perfect as an illustration.

The pending call is not for three hundred thousand men subject to fair credits, but is for three hundred thousand remaining after all fair credits have been deducted; and it is impossible to concede what Vermont asks, without coming out short of the three hundred thousand men, or making other localities pay for the partiality shown her.

This upon the case stated. If there be different reasons for making an allowance to Vermont, let them be presented and considered.

Yours, truly,

A. LINCOLN.

Report of the Committee appointed to examine into the January Assignment of Quotas.

WAR DEPARTMENT,
ADJUTANT-GENERAL'S OFFICE,
Washington, February 17, 1865.

[General Order No. 22.]

The following report of the Board appointed by the President of the United States to examine and correct the quotas of the several States and districts, under the call for volunteers of December 19, 1864, is published for the information of all concerned:

WASHINGTON, D. C., February 16, 1865.

His Excellency, ABRAHAM LINCOLN,
President of the United States,
Washington, D. C.:

SIR—

The Board convened by the following order:

EXECUTIVE MANSION,
Washington City, February 6, 1865.

Whereas, Complaints are made in some localities respecting the assignments of quotas and credits allowed for the pending call of troops to fill up the armies. Now, in order to determine all controversies in respect thereto, and to avoid any delay in filling up the armies, it is ordered

First—That the Attorney-General, Brig.-Gen. Richard Delafield, and Col. C. W. Foster be and they are hereby constituted a board to examine into the proper quotas and credits of the respective States and districts, under the call of December 19, 1864, with directions that if any errors be found therein to make such corrections as the law and facts may require, and report their determination to the Provost-Marshal General. The determination of said board to be final and conclusive, and the draft to be made in conformity therewith.

Second—The Provost-Marshal General is ordered to make the draft in the respective districts as speedily as the same can be done after the 15th of this month.

(Signed) ABRAHAM LINCOLN.

—have respectfully to report as follows:

The call for three hundred thousand (300,000) men made by the President December 19, 1864, requires that that number shall be raised.

But the law requires that the number of men previously furnished by different localities and the period of their service shall be considered, so as to equalize the draft.

The number of men liable to do military duty is to be determined by the enrolment list.

The number of men which had been furnished by the various localities, and their periods of service, were ascertained, and previous accounts having been adjusted, the excesses, where they existed, were carried forward under the last draft.

The amount of service furnished is determined by multiplying the number of men raised by the number of years for which they enlisted. Having thus ascertained the number of men enrolled on the 31st of December, 1864, the number of men furnished up to that date, the localities from which they came, and the period of their service, it is proposed to distribute the call for three hundred thousand (300,000) men among the several districts and parts of districts according to the number enrolled in each, and the number of men furnished, and the period of service previously rendered by each.

The process by which this is accomplished is as follows: Take the whole number of years of service furnished by the districts of the United States from the commencement of the rebellion to the 31st of December, 1864; from that sum deduct the whole number of men furnished from all the districts of the United States up to that date. The remainder will be the excess of years of service furnished by all the districts. Multiply the call of December 19, 1864, by three, to have the number of years of service upon that call, and to this add the excess as ascertained above. Then, as the number of men

enrolled from the whole United States up to the 31st of December, 1864, is to the period of service, as above ascertained, so is the number of men enrolled in a given district to the number of years of service it is required to furnish, including its pro rata share of the excess. From this deduct the actual excess the district has furnished; the remainder is the number of years of service which the district is required to furnish under the call of December 19, 1864, which, divided by three, gives the number of men required from the district.

As this call is for three hundred thousand (300,000) men, that number cannot be reduced by men going in for a period longer than one year. Inequalities produced by men going in under this call for longer periods than one year must be equalized on future calls.

It will be perceived that, though the aggregate of the excess furnished is added to the whole call, the excess of each district is afterwards subtracted from its quota. Thus the number of men called for is neither increased nor diminished, but equally produced, considering the number of men and the period of their service. Localities which have heretofore furnished a greater amount of service have, in proportion to their enrolment, a less amount to furnish under this, and *e converso.*

Men having heretofore enlisted for one, two, and three years, it is necessary to take one of those periods as the

basis of the calculation. As three years embraces both the other periods, it makes the calculation more simple to adopt that. The same result would be arrived at by adopting either one or two years as the basis; but the process of calculation would be more complicated.

Such we find the rule adopted by the Provost-Marshal General. The rule is in conformity with the requirements of the law of Congress, and is just and equitable.

We have carefully examined and proved the work done under this rule by the Provost-Marshal General, and find that it has been done with fairness.

We file in the Provost-Marshal General's office our calculations of quota of each and every district indorsed by us as correct.

Attorney General of the United States.

Communication of the Governor of Rhode Island to the Legislature of that State, touching its Quota.

COMMUNICATION.

STATE OF RHODE ISLAND,
EXECUTIVE DEPARTMENT,
Providence, February 13, 1865.

Gentlemen of the Senate
and House of Representatives:

On the 6th instant, I despatched my private secretary, Colonel Charles E. Bailey, to Washington, for the purpose of bringing to the notice of the War Department the injustice of the quota assigned to Rhode Island, under the last call of the President of the United States for three hundred thousand (300,000) men, issued December 19, 1865.

I present herewith the report of that officer, for your information.

JAMES Y. SMITH.

REPORT.

STATE OF RHODE ISLAND,
EXECUTIVE DEPARTMENT,
Providence, February 13, 1865.

His Excellency, JAMES Y. SMITH,
Governor of Rhode Island, Providence, R. I.:

GOVERNOR—

I have the honor to report that, in accordance with your Excellency's instructions, I proceeded to Washington on the evening of the 6th instant, for the purpose of obtaining from the War Department a reduction of the quota which was assigned to the State of Rhode Island under the recent call of the President for three hundred thousand (300,000) men, issued December 19, 1864, or procuring an extension of the time allowed for filling the same.

On my arrival at Washington, I called upon Provost-Marshal General Fry, accompanied by Hon. Thomas A. Jenckes, member of Congress from Rhode Island, who extended every attention and assistance in forwarding the wishes of your Excellency.

I stated to General Fry the points which you directed me to bring to his attention, and he expressed an entire

willingness to have the time allowed the State to fill its quota extended, and requested that your Excellency make the application to the Secretary of War. On the subject of the abatement of the quota of the State, I was referred to Captain George E. Scott, of the Veteran Reserve Corps, in charge of the Enrolment Bureau, who afforded every facility for the examination of the plan upon which the quota now required from the State was obtained. I was informed by Captain Scott that the system adopted by the Provost-Marshal General's Department in assigning quotas to the several States and districts under the recent call of the President, was as follows:

The number of men called for by the President, three hundred thousand (300,000), was multiplied by three, to reduce it to a one-year basis, giving nine hundred thousand (900,000); to this sum was added the total excess of years of service in all the States, which was stated to be nearly five hundred thousand (500,000), making an aggregate of one million four hundred thousand (1,400,000). On the basis of a call for this number of men, the quotas were then assigned to the different States, in proportion to their enrolments, giving what is termed the "gross quota," which is to be reduced by deducting any excess of years of service the State may have furnished over all previous calls; and the remainder is divided by three, to give the actual number of men required under the call.

If there is no excess, the whole "gross quota" is to be divided by three.

The following are the official figures of Rhode Island, as given me by Captain Scott:

Enrolment, eighteen thousand four hundred and nineteen	18,419
"Gross quota," eleven thousand two hundred and seventy-five	11,275
Excess of years of service over all previous calls, six thousand eight hundred and ninety-six	6,896

I then stated the following facts, to sustain the claim of Rhode Island for abatement of quota.

First—It is a self-evident proposition, that if the total excess in all the States is but five hundred thousand (500,000), and Rhode Island's share of this excess is sufficient to meet a call for eight hundred thousand (800,000), which is the fact, this State should not be required to furnish any additional men, until the other States have furnished three hundred thousand (300,000), and thus brought themselves to an equal footing with our State.

Second—By the method adopted by the Provost-Marshal General in computing quotas under the present call, no

State or district would be out of the draft unless it had an excess equal to its quota on a call for one million four hundred thousand (1,400,000) men.

Third—A State or district which has furnished no excess on previous calls could avoid the present draft by furnishing one-third the number of men or years of service required of those States or districts which have furnished their quotas in advance of the call.

To substantiate these facts, I presented the following statement, which shows the great injustice and inequality in the practical working of the system pursued in assigning quotas. In this statement three districts are assumed to have the same enrolment, but to have furnished their quotas under previous calls, with a different excess in each case of actual men or years of service.

The application of the system to the given districts was admitted at the department to be correct, and in accordance with the plan adopted.

Statement.

DISTRICT "A."

Enrolment, eighteen thousand (18,000). "Gross quota," ten thousand five hundred..... . 10,500

This district has furnished, in excess over all previous calls, three thousand five hundred (3,500) three-years men, which, by formula issued January 25, is to be multiplied by three to give the number of years of service, which is ten thousand five hundred.... 10,500

District "A" is therefore out of the draft, but has no excess after satisfying this call.

District "B."

Enrolment, eighteen thousand (18,000). "Gross quota," ten thousand five hundred..... 10,500

This district has furnished, in excess over all previous calls, ten thousand five hundred actual men to serve for one year..... 10,500

District "B" is therefore out of the draft, but has no excess after satisfying this call.

District "C."

Enrolment, eighteen thousand (18,000). "Gross quota," ten thousand five hundred..... 10,500

This district has furnished no excess beyond previous calls; this quota is, therefore, by the formula to be divided by three, giving as the actual number of men required three thousand five hundred..... 3,500

Which, if furnished, relieves District "C" also from the draft.

The injustice of this system is thus made apparent, as well as the fact that the call falls most heavily upon such States as have anticipated the necessities of the Government, and used every effort to place men in the service in advance of the requisitions of the President. Another marked peculiarity in the system is the fact, that if Rhode Island had furnished the one thousand four hundred and fifty-nine (1,459) men now assigned as our quota, the State would still be deficient nine hundred and seventy-three (973) men, as will be shown below.

The quota assigned is obtained as follows:

11,275	gross quota.
6,896	excess deducted.
3) 4,379	quota to be divided by three.
1,459	actual number required.

Now, if these one thousand four hundred and fifty-nine (1,459) men had been furnished in advance of the call, the excess would be just so much larger, and the same operation would then be performed.

11,275	gross quota.
8,355	new excess deducted.
3) 2,920	quota to be divided by three.
973	actual number still required.

I also suggested that if the call had been considered as for eight hundred thousand (800,000) men, and the quotas assigned as on all previous calls, in proportion to the enrolment, the three hundred thousand (300,000) men actually required would be obtained, as the total excess of credits is but five hundred thousand (500,000); yet the burden would fall upon the deficient districts, and the excess of Rhode Island would be found sufficient to satisfy the call, as our quota would be six thousand six hundred and ninety-eight (6,698), while our admitted excess is six thousand eight hundred and ninety-six (6,896).

The legality of making the call on this plan, and that it would fulfil all the requirements of the President's proclamation, was admitted at the Department; but deeming the system pursued to be equally just and legal, it was adopted, though the incorrectness of such a conclusion, it is thought, is shown in the two statements above given, which were left in the department for the consideration of a board which I was informed had been instituted for the purpose of investigating the system adopted by the Provost-Marshal General in assigning quotas under the present call. The report of this board cannot, it is thought, sustain the decision on which Rhode Island is required to furnish more men on that call, and will, it is hoped, result in the withdrawal of the quota assigned.

Upon other matters which you instructed me to bring

to the notice of the department, I respectfully report, upon the requisite formalities being complied with, the action requested by your Excellency will undoubtedly be promptly taken.

With great respect, Governor,

I have the honor to be,

Your Excellency's obedient servant,

Colonel and A. D. C.

AN ACT

TO AMEND THE SEVERAL ACTS HERETOFORE PASSED TO PROVIDE FOR THE ENROLLING AND CALLING OUT THE NATIONAL FORCES, AND FOR OTHER PURPOSES.

* * * * * * * * *

"SECTION 13. *And be it further enacted*, That where any revised enrolment in any Congressional or draft district has been obtained or made prior to any actual drawing

of names from the enrolment lists, the quota of such district may be adjusted and apportioned to such revised enrolment, instead of being applied to or based upon the enrolment as it may have stood before the revision.

"Sec. 14. *And be it further enacted,* That hereafter all persons mustered into the military or naval service, whether as volunteers, substitutes, representatives, or otherwise, shall be credited to the State, and to the ward, township, precinct, or other enrolment subdistrict where such persons belong by actual residence (if such persons have an actual residence within the United States), and where such persons were or shall be enrolled (if liable to enrolment); and it is hereby made the duty of the Provost-Marshal General to make such rules and give such instructions to the several Provost-Marshals, boards of enrolment, and mustering officers, as shall be necessary for the faithful enforcement of the provisions of this section, to the end that fair and just credit shall be given to every section of the country: *Provided,* That in any call for troops hereafter, no county, town, township, ward, precinct, or election district shall have credit except for men actually furnished on said call, or the preceding call, by said county, town, township, ward, precinct, or election district, and mustered into the military or naval service on the quota thereof.

"Sec. 15. *And be it further enacted,* That in computing

quotas hereafter, credit shall be given to the several States, districts, and subdistricts, for all men furnished from them, respectively, and not heretofore credited during the present rebellion, for any period of service of not less than three months, calculating the number of days for which such service was furnished, and reducing the same to years: *Provided*, That such credits shall not be applied to the call for additional troops made by the President on the twenty-first day of December, eighteen hundred and sixty-four.

"SEC. 16. *And be it further enacted*, That persons who have been or may hereafter be drafted, under the provisions of the several acts to which this is an amendment, for the term of one year, and who have actually furnished or may actually furnish acceptable substitutes (not liable to draft) for the term of three years, shall be exempt from military duty during the time for which such substitutes shall not be liable to draft, not exceeding the time for which such substitutes shall have been mustered into the service, anything in the act of February twenty-four, eighteen hundred and sixty-four, to the contrary notwithstanding.

"SEC. 17. *And be it further enacted*, That any recruiting agent, substitute broker, or other person who, for pay or profit, shall enlist or cause to be enlisted as a volunteer or substitute any insane person or convict, or person

under indictment for a felony, or who is held to bail to answer for a felony, or person in a condition of intoxication, or a deserter from the military or naval service, or any minor between the ages of sixteen and eighteen years, without the consent of his parents or guardian, or any minor under the age of sixteen years, knowing him, in either case before mentioned, to be such, or who shall defraud or illegally deprive any volunteer or substitute of any portion of the State, local, or United States bounty to which he may be entitled, shall, upon conviction in any court of competent jurisdiction, be fined not exceeding one thousand dollars, nor less than two hundred dollars, or imprisoned not exceeding two years and not less than three months, or both, in the discretion of the court aforesaid.

"SEC. 18. *And be it further enacted*, That any officer who shall muster into the military or naval service of the United States any deserter from said service, or insane person, or person in a condition of intoxication, or any minor between the ages of sixteen and eighteen years, without the consent of his parents or guardian, or any minor under the age of sixteen years, knowing him to be such, shall, upon conviction by any court-martial, be dishonorably dismissed the service of the United States.

"SEC. 19. *And be it further enacted*, That in every case where a substitute is furnished to take the place of an en-

rolled or drafted man, and it is shown by evidence that shall be satisfactory to the Secretary of War that such substitute was, at the time of his enlistment, known by the party furnishing him to be *non-compos mentis*, or in a condition of intoxication, or under conviction or indictment for any offense of the grade of felony at the common law, or to have been guilty of a previous act of desertion unsatisfied by pardon or punishment, or by reason of any existing infirmity or ailment, physically incapable of performing the ordinary duties of a soldier in actual service in the ranks, or minor between the ages of sixteen and eighteen years, without the consent of his parent or guardian, or a minor under the age of sixteen years, it shall be the duty of the Provost-Marshal General, on advice of the fact, to report the same to the Provost-Marshal of the proper district; and if such person so enlisted and incapable shall have been, since the passage of this act, mustered into the service as a substitute for a person liable to draft, and not actually drafted, the name of the person so liable who furnished such substitute shall be again placed on the list, and he shall be subject to draft thereafter as though no such substitute had been furnished by him; and if such substitute so enlisted, and incapable as aforesaid, shall have been, since the passage of this act, mustered into the service as a substitute for a person actually drafted, then it shall be the duty of the Provost-Marshal General to direct the Provost-Marshal of the district immediately to notify the person who furnished such substi-

tute that he is held to service in the place of such substitute, and he shall stand in the same relation and be subject to the same liability as before the furnishing of such substitute.

"Sec. 20. *And be it further enacted,* That in case any substitute shall desert from the army, and it shall appear, by evidence satisfactory to the Secretary of War, that the party furnishing such substitute shall have, in any way, directly or indirectly, aided or abetted such desertion, or to have been privy to any intention on the part of such substitute to desert, then such person shall be immediately placed in the army, and shall serve for the period for which he was liable to draft, such service to commence at the date of the desertion of the substitute.

"Sec. 21. *And be it further enacted,* That, in addition to the other lawful penalties of the crime of desertion from the military or naval service, all persons who have deserted the military or naval service of the United States, who shall not return to said service or report themselves to a Provost-Marshal within sixty days after the proclamation hereinafter mentioned, shall be deemed and taken to have voluntarily relinquished and forfeited their rights of citizenship and their rights to become citizens; and such deserters shall be forever incapable of holding any office of trust or profit under the United States, or of exercising any rights of citizens thereof; and

all persons who shall hereafter desert the military or naval service, and all persons who, being duly enrolled, shall depart the jurisdiction of the district in which he is enrolled, or go beyond the limits of the United States with intent to avoid any draft into the military or naval service, duly ordered, shall be liable to the penalties of this section. And the President is hereby authorized and required forthwith on the passage of this act, to issue his proclamation setting forth the provisions of this section, in which proclamation the President is requested to notify all deserters returning within sixty days, as aforesaid, that they shall be pardoned on condition of returning to their regiments and companies, or to such other organizations as they may be assigned to, until they shall have served for a period of time equal to their original term of enlistment.

"SEC. 22. *And be it further enacted,* That the third section of the act entitled "An act (further) to regulate and provide for the enrolling and calling out the national forces, and for other purposes," approved July four, eighteen hundred and sixty-four, be and the same is hereby repealed.

"SEC. 23. *And be it further enacted,* That any person or persons enrolled in any subdistrict may, after notice of a draft, and before the same shall have taken place, cause to be mustered into the service of the United States such

number of recruits, not subject to draft, as they may deem expedient, which recruits shall stand to the credit of the persons thus causing them to be mustered in, and shall be taken as substitutes for such persons, or so many of them as may be drafted, to the extent of the number of such recruits, and in the order designated by the principals at the time such recruits are thus as aforesaid mustered in.

"Sec. 24. *And be it further enacted*, That section fifteen of the act approved February twenty-four, eighteen hundred and sixty-four, entitled "An act for enrolling and calling out the national forces, and for other purposes," be and the same is hereby amended, by inserting after the words "any civil magistrate" the words "or any person authorized by law to administer oaths."

"Sec. 25. *And be it further enacted*, That the Secretary of War is hereby authorized to detail one or more of the employees of the War Department for the purpose of administering the oaths required by law in the settlement of officers' accounts for clothing, camp and garrison equipage, Quartermaster's stores, and ordnance, which oaths shall be administered without expense to the parties taking them, and shall be as binding upon the persons taking the same, and if falsely taken shall subject them to the same penalties, as if the same were administered by a magistrate or justice of the peace.

"Sec. 26. *And be it further enacted*, That Acting Assistant Surgeons, Contract Surgeons, and Surgeons and Commissioners on the Enrolling Boards, while in the military service of the United States, shall hereafter be exempt from all liability to be drafted under the provisions of any act for enrolling and calling out the national forces.

"Sec. 27. *And be it further enacted*, That this act shall take effect from and after its passage: *Provided*, That nothing herein contained shall operate to postpone the pending draft, or interfere with the quotas assigned therefor.

Fifth—In the case of an accepted substitute, the principal must furnish, in addition to the certified muster and descriptive roll, under the regulations above set forth, a further certificate by the Provost-Marshal that such substitute has been accepted on behalf of such principal under the provisions of the several acts of Congress.

Sixth—For reimbursement of any town, city, or county for bounties paid in accordance with the call of December 19, 1864, and prior to the operation of chapter 29, Laws of 1865, there will be required by the Paymaster-General muster and descriptive lists of recruits, for the payment of whom reimbursement may be demanded by such town, city, or county, with the certificate of the Provost-Marshal of the district that such recruits were credited to such town, city, or county on the call of December 19, 1864, and a further statement by the treasurer or other accredited agent making such payments, giving the names of the several recruits and the amount of bounty paid to each, such certificate

to be duly verified and authenticated; and in the case of reimbursement of any locality for excess of men or of years of service, as provided in section 2 of chapter 29, aforesaid, the same evidence will be required as in the case of reimbursement for bounties to recruits under the call of December 19, 1864, with the further certificate of the Provost-Marshal that such excess has been credited upon such call to the locality requesting reimbursement; and reimbursement for such excess of men or years of service will be adjusted only upon evidence certified by the Provost-Marshal's department.

Seventh—It is also provided, that for any reimbursement made to any town, city or county, it shall be optional with them whether they receive the amount in money or in the bonds of the State for one year, subject to the ratification by the people at the next general election; and when so ratified, exchangeable for the bonds of the State, as provided in the act aforesaid, running six, twelve, and eighteen years; or in case of a non-compliance by the people, to be redeemed out of the funds raised by tax, as provided in a supplementary bill to this act.

Eighth—Recruits enlisting in the regular army and the navy or marine service, and credited to this State on the call of December 19, 1864, will be paid the bounties provided by chapter 29, aforesaid, upon muster and descriptive rolls and certificates of the regular mustering officers

of the several arms of the service, as herein provided, to be furnished by Provost-Marshals in case of enlistments in the volunteer service.

Ninth—Hand-money or incidental expenses will not be paid or reimbursed by the State.

Tenth—Attention is called to section 4, chapter 29, Laws of 1865, relative to the further payment of bounties by cities, towns, and counties.

The same evidence will be required as provided in paragraph 2, section 2, for reimbursement to towns, cities, and counties, and in section 3 for reimbursement to individuals.

II.—Reimbursement of Towns, Cities, and Counties.

1. To obtain reimbursement under the act for bounties paid by towns, cities, and counties, the following evidence will be required. Muster and descriptive rolls (see Form "A"), affidavit of disbursing agents and certificate of authority (see Form "B"), and roll of recruits and substitutes, with receipt attached (see Form "C").

Muster and descriptive roll (Form "A"), affidavit of disbursing agents and certificates of authority (Form "B"), and roll of recruits and substitutes, with receipt attached (Form "C").

4. *Excess over former Calls.*

When reimbursement is claimed for bounties paid to recruits enlisted prior to December 19, 1864, under the call of July 18, 1864, and which enlistments shall, by excess of men or years of service, be credited in whole or part upon the quota of any locality under the call of December 19, 1864, as provided by section 2, chapter 29, Laws of 1865, there will be required muster and descriptive rolls (Form "A"), affidavit of disbursing agent and certificate of authority (Form "B")—the said affidavit being amended by interpolation between the words "respective names as bounties," and "for which sums," of the following sentence: "Under the provisions of chapter 8, Laws of 1864," and supplemental roll (Form "E"). Claims for such excess in years of service will be adjusted upon the basis of three-years service.

In case the muster and descriptive roll cannot be obtained, there will be required the certificate of the Pro-

vost-Marshal of the District, approved by the Acting Assistant Provost-Marshal General of the Division, giving the number of credits for excess of years allowed said town, city, or county on the quota, section 19, 1864; but it is necessary that the muster and descriptive roll be procured, if possible.

2. *Principals furnishing Substitutes and partially reimbursed by any Town, City, or County.*

3. *Principals furnishing Substitutes under call of July* 18, 1864, *and credited in whole or part on call of December* 19, 1864.

There will be required the same evidence as above, with the further supplemental roll (Form "E").

4. *Recruiting Agents of the State at large.*

Muster and descriptive roll (Form "A"), affidavit of recruiting agent, affidavit of disbursing agent, and receipt of recruiting agent (Form "F").

5. *Persons enlisting beyond the borders of this State.*

Muster and descriptive roll (Form "A") to be transmitted through the commanding officer of the regiment, battalion or battery, with his certificate that the recruit is present with his command; and, in addition, evidence from the Provost-Marshal's department that such recruit has been credited to the State of New York on the quota under the call of December 19, 1864.

IV.—General Regulations.

1. In all cases where papers submitted in support of claims for reimbursement shall not be deemed satisfactory to this department, such additional evidence will be re-

quired as may be necessary to fully establish such claims in accordance with the provisions of chapter 29, Laws of 1865, and acts supplementary thereto.

2. Attention is specially called to section 2, chapter 29, aforesaid, whereby it is provided that such reimbursement of bounties to cities, counties, or towns, shall be made in money or in bonds; "or in case the said moneys and the said bonds shall be insufficient for the purposes of this act, by the Comptroller giving credit therefor to the several cities, counties, or towns by which the said bounties have been raised and paid."

3. Hand-money or incidental expenses will not be refunded by the State.

4. The consideration of claims for bounties paid recruits in excess of quotas under call of December 19, 1864, will be deferred until all claims under that call have been adjusted.

5. All claims for reimbursement for bounties will be finally adjusted by the Paymaster-General, at Albany, to whom parties may make application by person or by letter. For the convenience of localities, persons will be stationed at New York City, Elmira, Syracuse, and Buffalo, with whom claims may be filed for preliminary examination, and to whom personal reference may be made for information, and for such blanks, &c., as may be prepared

by this department. As soon as the State is prepared to make reimbursements for bounties, due notice will be given, and parties will be stationed at the points above mentioned.

6. No reimbursement will be made to any town, city, or county, except through the authorized and accredited agents of said town, city, and county, and by persons specially appointed by this department. The transfer and sale of claims to other parties will not be recognized.

7. The bonds of the State authorized to be issued under this law by the Comptroller, for the reimbursing of towns, cities, and counties for bounties paid by them to volunteers, drafted men, and substitutes, are by a supplementary act permitted to be issued direct to said town, city, or county, through the official representatives authorized by law to receive the same; and will so be issued upon the application of the official representative of said town, city, or county wishing the same for reimbursement, upon the proper proofs being furnished as contained in this circular.

8. Blanks are now ready, and will be furnished from this office on personal application, by letter, or from the depots hereinbefore mentioned.

(Signed) S. E. MARVIN,
Paymaster-General.

Forms for obtaining reimbursements for bounties paid under chapter 29, Laws of 1865, and acts supplemental thereto.

N. B.—All affidavits should have attached thereto the usual certificate of County Clerk, that the officer before whom such affidavits were executed was at the time duly authorized, under the laws of this State, to administer oaths.

A statement of the quota of the town and city, as fixed by the Provost-Marshal's Department, will accompany every application for reimbursement.

WAR DEPARTMENT—ADJUTANT-GENERAL'S OFFICE,
Washington, December 1, 1864.

[Circular No. 86.]

ENLISTMENTS AND APPOINTMENTS IN THE FIRST CORPS.

I. Persons desiring and qualified to enlist in the First Army Corps, General Hancock commanding, under general orders No. 287, current series, from this office, are hereby authorized to present themselves to any United States District Provost-Marshal, who, if the applicant appears to be qualified, will furnish a free transportation pass to Washington, D. C., where recruits will be duly enlisted and mustered into the service of the United States. The applicant must satisfy the Provost-Marshal that he is an able-bodied man, fit for military service, and that he has been honorably discharged after the expiration of two years service, by exhibiting his discharge, or in the necessary absence of that paper, by presenting such other evidence as the Provost-Marshal may require.

No person will be forwarded until he has satisfied the Provost-Marshal that he is acting in good faith, with a view to enlistment. In case of doubt as to his physical fitness, he will not be forwarded until he shall have been certified to be fit by the surgeon of the Board of Enrolment, which certificate shall be retained by the Provost-

Marshal and a copy forwarded to the Adjutant-General by the Provost-Marshal.

Surgeons of the Board of Enrolment shall examine any applicant sent to them by the Provost-Marshal, and give a certificate as to his fitness for military service, and any surgeon refusing or neglecting to make such examination will be dismissed.

Provost-Marshals will be prepared to furnish qualified applicants promptly with information and with transportation.

Any person falsely representing himself as a recruit, and as designing to enlist in the First Army Corps, and failing to offer himself as such recruit, or by any means fraudulently procuring transportation, shall be deemed guilty of defrauding the Government, and will be punished by court martial or military commission.

ENLISTMENTS, MUSTERS, AND CREDITS.

II. All enlistments and musters will be made at the rendezvous, near Washington, by the Corps Commissary of Musters and his assistants, specially assigned to that duty, and in accordance with the recruiting and mustering regulations of the army.

Recruits will be credited to the district in which they

or their families are domiciled. As evidence of place of domicile, the affidavit of the recruit will be required. If it shall subsequently be ascertained that the place of domicile has not been correctly given, the credit will be taken from the place to which it was erroneously assigned and transferred to the proper place of domicile of the recruit.

Credits will be reported as for an army corps in the field, and as directed in Circular No. 52, current series, from this office.

ORGANIZATION.

III. The organization of the corps will be by successive regiments; that is, one regiment must be fully recruited before another one is commenced. Each regiment will be recruited in like manner, by successive companies.

The organization of regiments and companies must conform to that prescribed for the infantry arm, by paragraph 82, Mustering Regulations.

COMMISSIONED OFFICERS—APPOINTMENTS AND MUSTERS.

IV. Applicants for appointments as officers will address and forward their applications, in writing, to

the 'Adjutant General of the Army, Washington, D. C."

At least two years service will be necessary, and the applicant must give his military history in full, embracing therein as follows:

First—Date of original entry into service.

Second—Regiment or organization in which services have been rendered.

Third—Rank at date of entry into service.

Fourth—If out of service, date and cause of discharge, rank at date thereof, and organization in which service was last rendered.

Fifth—The applicant's address must be clearly stated in all cases.

Applicants must be able to pass examination before a board of examiners.

Officers appointed will receive the necessary instructions.

The appointment will be subject to revocation in case the requisite number of men is not enlisted to perfect the organization, and will be subject to the approval and confirmation of the Senate.

V. On application by the Governor of any State, recruiting officers will be designated for such State.

By order of the Secretary of War,

E. D. TOWNSEND,
Assistant Adjutant-General.

(Official.)

FINLEY ANDERSON,
Assistant Adjutant-General.

HEADQUARTERS FIRST ARMY CORPS,
Washington, D. C., December 3, 1864.

[Circular No. 2.]

In reply to the numerous letters of inquiry from persons desiring to enter the First Corps, now being raised, the following is communicated as embodying all the information yet obtained.

I.—AS TO ENLISTED MEN.

First—All enlistments and musters-in are to be made in this city.

Second—Any veteran who has served two years, has been honorably discharged, and is physically qualified, may enlist in the Corps for one, two, or three years.

Third—Those enlisting will receive from the Govern-

ment a bounty of three hundred dollars ($300) as soon as they are mustered in, and, in addition, the regular instalments from the Government, in proportion to the period of enlistment, as follows: One hundred dollars ($100) for one years service, one-third paid on enlistment; two hundred dollars ($200) for two years service, one-third on enlistment; three hundred dollars ($300) for three years service, one-third on enlistment.

Fourth—They will be credited to the quota of the district in which they or their families may be domiciled, and will, therefore, be entitled to local bounties.

Fifth—Free transportation will be furnished them to Washington by any Provost-Marshal. It is only necessary that the applicant should satisfy the Provost-Marshal that he comes under the provisions of paragraph 2, and that the application is made in good faith."

Sixth—On arriving in Washington and reporting at the Soldiers' Rest, Baltimore and Ohio Railroad depot, veterans will be cared for and enlisted and paid promptly. They will be sent to the camp of organization, at Camp Cliffburne, and will be formed into companies and regiments as they arrive—personal preferences being regarded when the good of the service will permit.

Seventh—The best arms in the possession of the Government will be furnished these troops, and they will

be allowed to retain their arms when honorably discharged.

II.—As to Officers.

First—Persons desiring commissions must make written application to the Adjutant-General of the army, setting forth their post-office address, the date of original entry into service, and with what rank, the organization in which service was rendered, the date and cause of discharge, and the rank at the time of discharge. Testimonials from commanders may accompany such application.

Second—Should the papers be favorably considered, the applicants will be severally notified, by mail or telegraph, when to appear before the examining board established by the War Department, and will receive appointments to such grades as the War Department may determine.

Third—As soon as the letters of appointment are given, officers may be detailed to secure the enlistment of a certain number of veterans—their commissions, with rank and pay from date of acceptance of appointment, being given when the men are secured. It should be understood that the enlistments are to be consummated here, and an officer can do no more than to use his influence in persuading the men to come here and enlist.

Officers awaiting action on their papers can occupy the time in this way, and collect parties and send them on, securing a statement as to the number from the Provost-Marshal. The proper credit will in all cases be given such officers.

The actual and necessary expenses of such officers will be refunded to them.

By order of Major-General Hancock,

FINLEY ANDERSON,
Assistant Adjutant-General.

APPENDIX Q.

Act of the Legislature of 1865 relating to the Bureau of Military Statistics.

LAWS OF 1865.

Chapter 690.

AN ACT

IN RELATION TO THE BUREAU OF MILITARY STATISTICS.

Passed May 11, 1865; three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

SECTION 1. The title of the bureau of Military Statistics shall hereafter be the bureau of Military Record, and by that name it shall be known.

SEC. 2. There may be organized in any County of the State an auxiliary to the bureau of Military Record, to be the County of (naming the County) for the following objects: To collect and furnish to the bureau of Military Record, and to preserve in permanent form for the County, a record of the military services of those who have volunteered or been mustered or who may hereafter volunteer or be mustered into the service of the General Government from

the County since the fifteenth day of April, eighteen hundred and sixty-one, and a brief civil history of such person, so far as the same can be ascertained. A record of the services of the several regiments, companies or batteries raised therein, including an account of their organization and subsequent history; and account of the voluntary aid afforded by the several towns or cities of the County. Any number of persons of full age, provided they shall exceed in number the towns of the County, who shall desire to associate themselves for these objects, may make, sign, and file in the bureau of Military Record, and in the office of the Clerk of the County in which the business of such auxiliary bureau is to be conducted, an application in writing to the chief of the bureau of Military Record, in which shall be stated the name or title by which such auxiliary, if established, shall be known, and referring to this section for the objects thereof; but such application shall be signed by at least one person from each town in the County.

Sec. 3. Upon filing an application as aforesaid, the chief of the bureau of Military Record may grant a certificate as below, naming therein a Superintendent, and also naming the proceedings of each annual meeting, with the names of the officers elected, shall be filed in the bureau of Military Record, and also in the office of the County Clerk.

Sec. 4. No expense exceeding three dollars per town

shall be imposed upon the State in collecting the statistics and other information for which the auxiliary bureau is organized; nor shall that sum, nor any part thereof, be payable unless an account, setting forth in detail the voluntary aid afforded by citizens of the respective towns in the County, shall be deposited in the bureau of Military Record. If such account shall be satisfactory to the chief of the bureau of Military Record, he may certify the account of the Superintendent of such auxiliary bureau therefor.

Sec. 5. Blanks for a detailed statement of moneys raised and of moneys paid for every purpose connected with the war, by towns, cities, and counties, as well by loans as by tax, classified by years and objects; the number of men raised under the several calls of the President; the number of men to whom bounty has been paid, and the rate of bounty per man; together with such other information as falls within the cognizance of officers of towns, cities, or counties, shall be prepared by the chief of the bureau of Military Record, and distributed to such officers.

Sec. 6. It shall be the duty of the Town Clerk of every town of this State, as soon as may be after the passage of this act, on receiving suitable blanks from the chief of the bureau of Military Record, to make out a full and complete record of the names of all the soldiers and officers

who composed his town's quotas of the troops furnished to the United States during the present rebellion, stating the place of residence, where known, the time of enlistment of each, and the number and designation of his regiment and company; and, so far as possible, all who have died in the service, and stating, when practicable, at what time and place, and the cause of death, whether by disease, accident, or on the field of battle. One copy of such record shall be deposited in the bureau of Military Record within four months after the passage of this act, and one copy shall be preserved among the records of the town. And said Town Clerks shall be entitled to a reasonable compensation for their services and expenses in performing the duties devolving upon them by the provisions of this act, to be paid by their respective towns, in the same manner as other town charges.

Sec. 7. To the end that the record above required of Town Clerks may be complete, it shall be the duty of Supervisors to afford all necessary information, as far as they may be capable of doing so, to the Town Clerks; and if the town records in the keeping of Town Clerks do not show such fact, they shall add, or cause to be added, opposite the name of each soldier or officer the amount of bounty paid to him by the town, or by the county, if the county bounty was disbursed through the Supervisor. And it shall be the duty of the Supervisor to furnish to the bureau of Military Record a detailed statement of

moneys raised and paid by the town, the aggregate number of men furnished thereby, and such other facts as may properly be required of Supervisors, on his being furnished with the blanks provided for in section five of this act.

Sec. 8. It shall be the duty of the County Treasurers to furnish to the chief of the bureau of Military Record a statement of the amount of moneys raised by tax and by loans, the amount expended for every purpose connected with the war, classified by years and by objects, together with particulars about loans; and it shall be the duty of Boards of Supervisors to examine, and if correct, to formally approve these statements of the County Treasurers; and if incorrect, to cause them to be corrected and filed in the bureau of Military Record.

Sec. 9. It shall be the duty of Mayors and Common Councils of cities to furnish or cause to be furnished to the chief of the bureau of Military Record a detailed statement similar to that required of Town Clerks; and they shall prepare or cause to be prepared, upon the written application of the chief of the bureau of Military Record, statements duly classified, of moneys raised and expended for war purposes, the number of men furnished under the several calls, and such other facts as fall within their official cognizance.

Sec. 10. Supervisors, County Treasurers and officers of

cities, or persons employed by the Mayor and Common Councils for that purpose, shall be entitled to a reasonable compensation for their services and expenses in performing the duties devolved upon them by the provisions of this act, to be paid by their respective towns, counties, or cities in the same manner as other town, county or city charges.

Sec. 11. Any regiment of volunteers of the National Guard of this State that has been or hereafter may be called into the service of the United States may receive, by the order of the Commander-in-Chief, new colors in exchange for those that have been worn in the field; and it shall be the duty of the Quartermaster-General, approved by the Commander-in-Chief, to issue, upon the requisition of the commandant of such regiment, one new flag for each flag returned for exchange, upon the production of the certificate of the chief of the bureau of Military Record that the old flag, with a history thereof, has been duly deposited in his office; except it shall satisfactorily appear that the old flag has been lost, in which case a new flag may be furnished in lieu thereof, said flags to be paid for out of funds under the control of the Commander-in-Chief.

Sec. 12. The sum of nineteen thousand two hundred dollars, for the fiscal year ending September thirtieth, eighteen hundred and sixty-five, or so much thereof as

may be necessary, is hereby appropriated, payable by the Treasurer on the warrant of the Comptroller, for salaries, printing, stationery, and necessary expenses, payable on the certificate of the chief of the bureau.

Sec. 13. This act shall take effect immediately.
